Portugal Asks Session Of Council Over India

Trials Are Scheduled, Hearings

Sit-ins, Riders Are Due in Court

BALTIMORE (AP)—Court trials and hearings were to be held today and Tuesday for demonstrators who have staged sit-ins to protest discrimination against Negroes in Maryland.

Ten persons arrested Nov. 11 and charged with treaspassing at a diner in Annapolis were to receive jury trials in the Anne Arundel County Circuit Court.

Later today, 12, of 15 persons arrested during Saturday's massive freedom ride, which sent between 600 and 700 integrationists into 40 restaurants bordering U.S. 40 in northeast Maryland, will have hearings.

Police arrested two juveniles, each 17, Saturday, and one demonstrator was charged with a traffic violation. Authorities had not set hearing dates for those three.

Like Pincer Movement

The protest against racially-segregated serving policies came Saturday in the form of a pincer-movement caravan divided into northern and southern branches.

Riders from Baltimore and Washington grouped in Baltimore and moved northward to the target area. Another array of cars massed along the southern edge of the New Jersey Turnpike before hearing south.

The long - threatened freedom ride came after officials of the Congress of Racial Equality (Core) reported that 40 of the 85 restaurants in the sector refused to serve Negroes. The establishments line a 60-mile stretch of U.S. 40 in Maryland and Delaware.

Marchers Follow Visits

A march through the streets of Baltimore by an estimated 200 demonstrators followed the visits to restaurants. Pickets lined the state office building near the heart of the city.

State and Harford County police rushed to the Aberdeen Restaurant in northeast Maryland where about 60 integrationists congregated and sang hymns. The demonstrators left the establishment after hearing a recital of the state's trespass law.

Many restaurants closed in the face of the freedom ride and others required table reservations or increased parking fees in an effort to ward off the demonstrators.

Attempt Is Made To Settle Race Problem at Home

ALBANY, Ga. (AP)—A grass-roots effort was launched today to solve this embattled south Georgia city's bitter segregation controversy with a minimum of outside help.

Under discussion in biracial talks was a proposal to ease up for 60 days the integration struggle, which has landed more than 700 Negroes in jail within a week.

Prominent in the deliberations was Marion S. Page, local Negro leader who said he and his associates welcome outside help but "as of now, we need no help."

Hold Conference

He and two Negro lawyers, C. B. King of Albany and Donald L. Hollowell of Atlanta, went into conference with Mayor Asa D. Kelley and Police Chief Laurie Pritchett after the mayor had conferred with members of the city council.

One suggestion was that all except 11 of the 400 Negroes remaining in jail be released and their trials be delayed for two months while down-to-earth attempts are made to resolve the entire dispute. The 11 not included in the proposal are "Freedom Riders" whose arrest precipitated mass demonstrations.

Officials viewed with obvious favor a position Page has taken

Gullion Hopeful On Tshombe, Adoula

LEOPOLDVILLE, the Congo, (AP) — U.S. Ambassador Edmund A. Gullion today flew to meet Moise Tshombe and hoped to bring the Katanga president back for unity talks with Congo Premier Cyrille Adoula.

Gullion took off at daybreak in a U.S. Air Force Constellation as President Kennedy's personal peace envoy.

One report from Elisabethville said Tshombe was still inside his heavily defended official palace in the Katanga capital under siege by U.N. troops only yards away. Other reports placed him in the African district south of Elisabethville.

American officials here said unless Gullion's pilot got definite word that Tshombe was waiting in his capital, the ambassador would land at Ndola, in neighboring Northern Rhodesia, and hope to meet the separatist Katanga leader there.

Decides After Meeting

Gullion decided on his sudden flight after conferring Sunday night with Adoula shortly after the premier's return from a trip to Kivu Province.

Adoula reportedly agreed to meet Tshombe but Congolese government officials here clearly were in no mood for talks except on their own terms — bringing Katanga back under the wing of the Leopoldville regime.

American officials emphasized that Gullion had no intention of offering Tshombe a cease-fire in his embattled secessionist province as a condition for talks with Adoula.

To Guarantee Safety

But the ambassador was empowered — with U.N. approval — to guarantee Tshombe and his party safe passage and protection from arrest should he agree to come to a meeting with Adoula. Kitona, the U.N. military base along the Congo's Atlantic coast, was mentioned as a likely site.

Tshombe reportedly has indicated in informal contacts with U.S. diplomats in the past few days that he would agree to this arrangement.

Gullion's mission was limited to setting up the meeting between the two Congo leaders — not to mediating their talks. Kennedy stepped in the Congo crisis directly after Tshombe appealed to him to intervene to bring a cease-fire in the fighting between U.N. and Katanga forces.

No Cease-Fire

U.N. Acting Secretary-General U Thant, backed by the United States, has repeatedly made clear that there will be no cease-fire until U.N. objectives in Katanga are achieved.

U.N. troops were crushing Katanga resistance in Elisabethville today with only two remaining objectives still needed to give them virtual control of the city — Tshombe's palace and Radio Katanga.

The drive launched by 5,000 U.N. troops has carried into the heart of Elisabethville with a giant pincer movement clamping a vise to isolate the city.

ALBANY, N.Y. (AP) —Two fires, each of which killed a family, and a pair of automobile accidents that killed three persons each, swelled the accidental death toll in New York State over the weekend to 33.

Stores to Close Saturday at 9, Not Earlier Hour

A 9 p. m. Saturday closing of stores on the last Saturday before Christmas, was announced today by Clyde E. Wonderly, president of the Kingston Uptown Business Men's Association.

Originally it had been planned to observe the usual 5 p. m. closing on the last Saturday before the holiday but the rainy weather today caused a change in the plan.

"In order that last minute shoppers may have an opportunity to complete shopping" Wonderly said "the Association has decided to observe the 9 p. m. closing next Saturday."

Convicted Man Seized by FBI In Bank Holdup

A 32-year-old man, who was convicted in Dutchess County in 1950 of attempting to rob the Beacon Leather Goods Co., Poughkeepsie was apprehended Saturday by FBI agents in connection with a $12,000 robbery of a Long Island bank, according to the Associated Press.

Rubin Frank, a merchant seaman ,was seized as he picked up a car at a New York City garage. The FBI said the car was used in a getaway from a holdup of the Eastern National Bank of Smithtown, L. I., Friday morning.

The FBI recovered $10,000 of the loot.

Poughkeepsie police said Frank was arrested in that city on Nov. 13, 1949 in the attempted payroll robbery at the Beacon Leather Goods Co.

Authorities said Frank was not a resident of Poughkeepsie at the time of the attempted payroll robbery, but was visiting a brother, who since moved from Poughkeepsie.

Rubin Frank pleaded guilty to attempted robbery in the second degree and Dutchess County Judgge John R. Schwartz sentenced him to Elmira Reformatory for five years.

Security Council Summoned

Parley Set for 3 About Invasion

BULLETIN

SECURITY COUNCIL HD .. ..

UNITED NATIONS, N.Y. (AP) —The U.N. Security Council was summoned for an urgent meeting this afternoon to deal with the Indian attack on Portuguese Goa.

The meeting was set for 3 p.m. EST after a request had been received from the Portuguese delegation for quick action.

Sharp Criticism Expected

India was expected to come under sharp ciriticism for the military action which began Sunday.

The invasion of Goa, Damao and Diu came after U.N. acting Secretary-General U Thant failed to get Indian Prime Minister Nehru to negotiate with Portuguese Premier Antonio Salazar over the enclaves.

He sent both men identical cables Thursday appealing to them to see that the situation on the borders of the three enclaves on the west coast of India did not deteriorate into a threat to peace.

Salazar Accepts

Salazar accepted the suggestion for negotiations. Nehru's rejection said India had consistently lived up to the United Nations charter, but Portugal had "consistently ignored United Nations resolutions on ending colonialism" and refused to send the United Nations required reports on her colonies.

Nehru accused the Portuguese of repressing the inhabitants of the territories and staging daily raids into India.

Salazar said Portugal was ready to negotiate international guarantees that the Portuguese territories would not be used against India's security.

Goa at a Glance

By THE ASSOCIATED PRESS

BOMBAY — Neutralist India spurned a U.N. appeal for talks and sent troops, tanks, bombers and warships to clear out three enclaves that Portual has held on the Arabian Sea coast for 4½ centuries. It claimed quick capture of Damao and Diu—a claim disputed by the Portuguese—and sweeping gains in a three-pronged drive into Goa, the larest of the three.

LISBON—Portual called for an urgent meeting of the U.N. Security Council to demand a cease-fire, withdrawal of Indian troops and a denunciation of India for "an unprovoked military aggression." It ordered internment of all Indian nationals in Portugal's overseas provinces and froze their assets.

LONDON—The Indian invasion, which Prime Minister Nehru called a police action, was denounced in Western nations, applauded by Communist bloc commentators. Indonesia, itself quar-

WELCOME FOR KENNEDYS—President and Mrs. Kennedy are welcomed to Caracas, Venezuela, by Venezuelan President Romulo Betancourt and his wife as the Kennedys arrived from San Juan during weekend trip to Puerto Rico and South America. (AP Wirephoto by radio from Caracas).

Kennedy Has Cold, Staying in Florida

PALM BEACH, Fla. (AP) — President Kennedy, suffering from "a heavy cold," stopped in Palm Beach today instead of returning directly to Washington from his weekend trip to Latin America.

Press secretary Pierre Salinger said Kennedy's present plan is to leave for Washington Tuesday morning.

Decides En Route

Salinger told newsmen that the decision to stay over in Palm Beach was made only this morning, en route to Florida from a refueling stop at Ramey Air Force Base in Puerto Rico.

Salinger used the description "heavy cold" in describing the chief executive's illness.

The Air Force jet carrying the presidential party had been scheduled to stop here only long enough to let off Mrs. Kennedy, who was to join her children at Palm Beach for the Christmas holidays.

Kennedy had intended to get together with them on Friday, on his return from a meeting with British Prime Minister Harold Macmillan in Bermuda.

To See MacMillan

Salinger's announcement that Kennedy's present plan is to continue on to Washington Tuesday indicated the President still expects to keep the date with Macmillan. His schedule has called for a flight from Washington to Bermuda Thursday.

Traces of a cold showed up Sunday night in Bogota as he spoke to a dinner given in honor of the Kennedys by President and Mrs. Alberto Lleras Camargo of Colombia. There was a slight huskiness in his voice.

Personal Success

The Kennedys' whirlwind trip to the upper tier of South America was an obvious personal success. An enthusiastic greeting at Caracas, Venezuela, where leftists had made violent attempts to incite demonstrations against the United States and an overwhelming reception at Bogota, Colombia, reassured Kennedy.

Puerto Rico had reacted as expected on Friday at the start of the weekend journey, with more than 200,000 exuberant spectators

10 Are Injured In 7 Accidents During Weekend

The third snowstorm of the season accompanied by freezing rain created hazardous driving conditions during the weekend causing seven traffic mishaps in the Kingston area in which 10 were injured and seven hospitalized. Two of the drivers were arrested and a milk truck stolen and recovered during the height of the storm, Kingston state police reported.

Driving was reported hazardous on roads south of Kingston causing the closing of Rondout Valley Central Schools and St. Peter's School, Rosendale today. Kingston schools were open.

Milk Truck Recovered

Kingston state police were alerted Saturday night that a Stoly Dairy milk truck was stolen from Fiero's Garage at Malden-on-Hudson. The truck was later found abandoned at Veteran Beef Company on Route 212, Trooper Richard Ryan reported.

In a skidding accident Sunday afternoon, near Stony Hollow, the driver of one car and his passenger were injured and taken to Kingston Hospital.

Aggression Is Charged By Nation

Nehru Says Move Is Police Action

By R. SATAKOPAN

BOMBAY, India (AP)—India today claimed capture of two Portuguese enclaves—Damao and Diu—and gains on all sectors in a light-third and largest of Portugal's possessions on the subcontinent.

Portugal asked for an urgent meeting of the U.N. Security Council and a denunciation of India "for an unprovoked military aggression."

Spurning a U.N. appeal for negotiations, Prime Minister Nehru sent troops, tanks, warships and bombers of this second most populous of the world's nations against the tiny territories under Portugal's flag since the 16th century.

'Liberated' Says India

The Indian government announced in New Delhi that Damao and Diu, north of Bombay, were "liberated" in this first day of what Nehru termed a police action.

A spokesman for Nehru's regime, leader of the Asian-African neutralist bloc, announced the Indian navy put a Portuguese warship out of action in a sea battle off Goa, 200 miles south of Bombay.

Denied by Portugal

Portugal, a charter member of the North Atlantic Treaty Organization, said it had only one warship in the area, the 30-year-old sloop Alfonso de Albuquerque.

The Portuguese, who had agreed to negotiations, said their forces were outnumbered more than 2-1, but were putting up gallant resistance in Goa. Men from the Diu and Damao garrisons were reported to have been withdrawn to strengthen the defenses of Goa, a territory of 1,537 square miles and a population of 600,000.

Near Capital

By Indian account, the three-pronged strike into Goa — with tanks helping to batter the way—was going according to schedule. Several towns were reported seized. Authoritative reports from Belaum, near the Goa frontier, said the invaders were within a few miles of Nova Goa, the capital.

Goa, the main battleground, is

Immigrant Admits Bayonet Slayings Of Kin's Family

MINEOLA, N.Y. (AP) — Police say Yugoslav immigrant Mate (Mike) Ivanov has admitted the bayonet slaying of his brother-in-law's family. He provided this detailed timetable for the massacre of the five:

Ivanov, escaped from a mental hospital, went to the home of Peter Gregov here on the night of Nov. 24.

He found two of Gregov's sons —Ronald, 15, and Michael, 12— alone in the house. They "laughed at me and called me crazy," he was quoted as saying. So he killed them with a 21-inch bayonet he had brought to this country from France.

Renovated Albany Mansion Has Color, Touch of Early American

ALBANY, N.Y. (AP) — The varied color tones of modern art against a background of expensive simplicity, plus a touch of Early American, now characterize New York State's 105-year-old Executive Mansion.

The house has been reopened after a $600,000 renovation that removed evidence of a fire that destroyed much of the interior last winter.

Gov. Rockefeller and his wife were rescued from that fire.

Rockefeller, who took a personal interest in the restoration and a hand in much of the planning, returned alone, however.

He and Mrs. Rockefeller, who once defended the building in a run-down section of Albany as "a wonderful old house," plan a divorce.

To guard against the possibility of another fire in the often-criticized structure, an extensive fire-hydrant sprinkler system was installed. The small, red tips of the sprinkler heads are virtually imperceptible in the ceilings.

In addition, fire curtains were installed at the foot of the main staircase on the first and second floors. The curtains, when drawn across the stair-landings, are designed to block drafts of the type that fanned the fire last March.

The exterior of the mansion remains old-fashioned and turreted. The red brick building, atop an elevated site on the edge of Albany's business district, has housed New York governors since 1874.

Inside, Rockefeller explained during a tour, the major change has been simplification.

Walls that were dark or wallpapered now are white. There is less furniture. In the formal dining room, the red plush of the chairs has been replaced by gold and white. A bright red rug occupies the large reception hall.

A visitor at the main entrance, is confronted by a painting by Picasso. The distorted figure of a girl is done in broad brush strokes.

Modernistic and abstract art dominates all but one of the public rooms on the first floor. The exception is the drawing room, where several dark, formal Early American portraits and paintings hang.

In addition, some of the rooms have been changed. A large, third-floor area —used by Theodore Roosevelt's sons as a boxing arena and by Thomas E. Dewey's sons as a basketball court—has been made into a sitting room for adjoining guest rooms.

Rockefeller resumed residence in the house Dec. 2. A group of about 20 neighbors, residents of tenement houses that surround the mansion, were among the first visitors.

Rockefeller conducted a tour of the gleaming interior, followed by a group of middle-aged housewives, a few elderly men and a young woman carrying one child and trailed by two others.

They saw the white walls, intricate ornamental plaster decorations on walls and ceilings and expanses of soft carpeting, and the collection of art.

A woman, asked what she thought of "Hirondelle Armour," an abstraction of deep reds and greens and black lines, replied tactfully:

"Well, the colors are nice."

250 Die, 500 Hurt Sunday As Fire Hits Circus Tent

NITEROI, Brazil (AP) — Fire roared through a nylon circus tent Sunday afternoon as 2,500 persons watched a performance. Police estimated 250 were killed.

It was Brazil's worst disaster and the worst circus fire in history, worse than the Ringling Bros. fire in Hartford, Conn,. in 1944 in which 168 died.

Officials early today said 180 bodies had been recovered, many of them children. An estimated 500 were injured, some seriously.

Gov. Celso Pecanha of Rio de Janeiro State said arson was suspected. Niteroi is across Guanabara Bay from Rio de Janeiro.

The fire flashed up the tent as two trapeze performers began their aerial act. Within five minutes the flames had enveloped the mammoth tent and seared the ropes. The blazing mass fell on the spectator..

Some were trapped in their seats. Others could not get near the exits. Some were trampled to death.

Fear-crazed women and children rushed for the exits, fell atop each other and caught fire.

Treatment of the hundreds of injured was hampered by shortages of medicine, blood plasma, hospital beds, doctors and nurses. Air force helicopters flew medicine and plasma from Rio de Janeiro and Sao Paulo. Radio appeals brought doctors and nurses from Rio.

Niteroi's five hospitals were filled. Others of the injured were ferried across the bay to Rio hospitals.

Among the survivors were the two trapeze artists. The woman, Antonietta Estevanovich, said she was standing on the platform and her partner was swinging through the air when they saw the fire.

"I didn't yell fearing he would fall," she said. "he completed his swing and we both jumped into the net and escaped."

Mostly Miserable Weather Hits U.S. Sectors Over Wet and Stormy Weekend

By THE ASSOCIATED PRESS

A variety of weather, mostly miserable, hit wide sections of the nation in a wet and stormy weekend.

The foul weather touched nearly all bases in the climatic cycle—snow, cold, strong winds, rain, sleet, fog, a tornado, thunderstorms and floods. The effects were nearly nationwide.

Freezing rain and fog in many areas in the eastern half of the nation made conditions hazardous for both motorists and pedestrians. Many storm-related deaths, most of them in traffic accidents on slippery highways, were reported, including nine in Iowa, eight in Indiana and two in New England.

Hundreds of persons suffered injuries, none serious, when a chartered bus skidded off an ice-slicked highway near Lebanon, Pa.

A snowstorm and cold air, powered by strong northerly winds, swept across Idaho into Montana and Wyoming and moved across the northern Rockies into the north central region. The mercury dropped to zero and below from Montana into Minnesota as the arctic air spread into the midlands.

Snow also hit many areas in the West, including parts of Colorado, Utah, Nevada, Arizona, Oregon and Washington. Up to 42 inches of snow covered mountain areas near Flagstaff, Ariz.

Torrential rains drenched areas in the southeast from Alabama and Georgia northeastward to the Appalachians. Thunderstorms rumbled across sections of Louisiana, Mississippi and Alabama. A tornado hit a rural area near Marion, in western Alabama, causing minor property damage. One man suffered minor injuries.

Mild moisture-laden air dumped more than two inches of rain in a six-hour period in parts of Alabama and eastern Tennessee. Lighter rain and drizzle sprinkled areas westward into the lower Mississippi Valley and northward into the Ohio Valley and middle Atlantic states.

Floods forced several hundred persons from their homes in Alabama and Mississippi. In Mississippi, more than 250 persons were evacuated from their homes along the Pearl River east of Jackson and in Aberdeen and Columbus on the Tombigbee River. In central Alabama, about 250 families left homes at the junction of the Alabama and Cahaba rivers. Many highways were flooded.

Fog curtailed air travel in some cities, including Washington, Chicago, Atlanta and Charlotte, N.C. Traffic controllers in the tower at Washington's National Airport said the fog Sunday was so dense they could not see the ground.

Research Agency On Car Accidents Plan for State

ALBANY, N.Y. (AP)—The state should establish an automotive medical research agency, directed by a physician and an automotive engineer, to inquire into the causes of traffic injuries and deaths, a legislative committee says.

The Joint Legislative Committee on Motor Vehicles and Traffic Safety introduced bills Sunday that would set up the agency. The committee said the unit would be the first of its kind in the nation.

The committee outlined the agency's three main jobs as:

"Fact finding about causes of accidents including human factors—physical and mental — road design and automobile operating parts; reduction of injuries when an accident occurs, including testing and evaluating interior safety devices and liaison with Detroit's manufacturers; reporting all findings to the Legislature, to the Motor Vehicle Department, State Traffic Commission and State Police."

Missouri has 27 state-owned and operated parks.

Portugal Asks

on the Arabian Sea at about the latitude of Guatemala. Indian air force planes bombed Nova Goa's airport, an Indian spokesman announced. He said the runway and one radio station were put out of commission.

Use Bombing Tactics

India adopted bombing tactics because of the impossibility of entering the capital's harbor, which had been heavily mined by the Portuguese, he said.

Otherwise Indian troops had gone between eight and 10 miles inside the border in a wide arc, the spokesman said.

Criticized by U. S.

The Indian invasion to seize the territories ruled for more than four centuries by Portugal brought sharp criticism from the United States.

Secretary of State Dean Rusk called an urgent meeting of his top aides in Washington and a high-ranking official said afterward: "This is a classic example of the use of force by one of the most moralistic members of the neutral bloc."

Turn Deaf Ear

President Kennedy and British Prime Minister Harold Macmillan earlier had appealed directly to Nehru to seek a peaceful settlement of the long-standing dispute. But Nehru turned a deaf ear to their pleas.

Portugal ordered internment of all Indian nationals in Portuguese overseas territories and froze their assets. There are sizable Indian populations in Mozambique and Angola in Africa and in Macao on the Red China border.

Details of the fighting were skimpy but heavy firing could be heard at this Indian command post only a few miles from the Goan frontier.

Use Full Force

The Indian forces swept across the Goan border at three places in full force, with tanks, armored cars and air cover.

Defense Minister V. K. Krishna Menon said in New Delhi that the invaders were being helped by underground sympathizers inside Goa. He said there was evidence the Portuguese were blowing up bridges and destroying oil storage tanks in a scorched earth policy.

The Indian command said the invasion was going as planned.

Heaviest fighting was reported in Goa, an area of 1,348 square miles with a population of about 600,000. Only nominal resistance was reported in Diu and Damao, which together total only 53 square miles and have about 43,000 people.

SS Line Employes Play Santa Claus To 3,000 Children

NEW ORLEANS, La., — United Fruit Company employes are playing Santa Claus to more than 3,000 children of disaster-stricken British Honduras.

The 1,500 employes in the company's New York, Boston and New Orleans divisions contributed enough money to buy approximately 3,500 new toys which are being sent to Belize via the United Fruit ship Zephyr sailing from New Orleans. The toys will arrive in Belize two days before Christmas and will be distributed through the schools.

Toys for all ages were selected —dolls, paint sets, play dishes for the girls; and baseballs, trucks and games for boys.

In order to emphasize the personal nature of these gifts, each toy is tagged with the names of the children of United Fruit employes, and these children are looking forward to perhaps finding some Latin American pen pals.

Various communities in British Honduras are still repairing the ravages suffered when hurricane Hattie struck October 31, leaving a trail of death and destruction and thousands homeless. While a great deal is being done by the British Government and international agencies to furnish families with basic necessities, the United Fruit Company employe group felt that Christmas would be brighter for the children because of this "Santa Claus Never Forgets Children" project.

Fourth Man Gets Prison Term in Narcotics Probe

SYRACUSE, N.Y. (AP) —Edward P. Corley, 33, of Buffalo, the fourth member of a multi-million-dollar narcotics ring to be sent to prison, was sentenced today to serve 6 to 12 years in Attica State.

Judge Leo Reed of Onondaga County Court gave Corley concurrent terms of 6 to 12 years for possession of heroin with intent to sell, 3½ to 7 years for conspiracy.

Everett Mitchell of Syracuse, who had been scheduled for sentencing, did not appear, Mitchell was convicted on a misdemeanor charge of possessing a hypodermic needle. His sentencing was postponed twice previously because he reportedly was out of the state.

Three other persons, including ringleader Burrie McCall of Buffalo, were sentenced last Thursday.

Two Men Seized With Bogus Bills

ST. LOUIS, Mo. (AP)—Federal authorities in St. Louis report they have broken up a two-man counterfeiting operation and seized $37,000 in "very deceptive" bogus bills.

The counterfeiters had passed about $7,500 in phony $5, $10 and $20 bills, authorities said.

Garry Stigall, head of the St. Louis office of the Secret Service, identified the counterfeiters as Paul Eugene Kesterson, 43, and Joseph Ziglin, 51.

Secret Service agents arrested Kesterson Friday night in Clayton near a title company where he worked and where he printed the bills, Stigall said.

Agents found $2,000 in completed bills in the shop and two of the photo plates which Kesterson, a printer, said he used in making the last batch of bills.

Ziglin was arrested at a filling station he operated in St. Louis, where $35,000 in counterfeit bills was seized.

He fell against the bars, awkening the lion. Gray said the first thing he knew the animal had snapped off the top of his finger. "Now everybody is going to blame the lion," Gray said. "Gosh, it wasn't her fault. I was the stupid one."

Stay Is Refused Freedom Riders In Supreme Court

WASHINGTON (AP) — The Supreme Court unanimously refused today to order a stay of proceedings against "Freedom Riders "arrested in Jackson, Miss.

The court acted on a request by the National Association for the Advancement of Colored People which protested asserted delays in trials and burdens inflicted on the arrested persons "by virtue of the vexations multiple prosecution program."

The court's action was announced in an order which said that the persons asking that the Jackson proceedings be stayed were apparently not those being prosecuted in Mississippi courts.

Today's action by the high tribunal came one week after it struck down "breach of the peace" convictions of 16 Negro sit-in demonstrators who tried to desegregate lunch counters in Baton Rouge, Louisiana.

Might Act Later

That decision last Monday did not decide broad constitutional questions raised in the cases. It was based on the comparatively narrow ground that there was no evidence the defendants breached the peace.

Today's refusal to stay the Jackson proceedings does not necessarily mean the Supreme Court might not act on the cases later, after the state courts act.

The Supreme Court's order today commented that "a federal injunction to stay state ciminal proceedings is an extraordinary remedy."

Serious Question

The court added:

"In addition to the considerations normally attending an application for such relief, a serious question of standing is presented on this motion (for a stay), in that it appears that the movants (those making the motion) themselves are not being prosecuted in the Mississippi Courts. On the record before us, the motion for a stay injunction pending appeal is denied."

The action today resulted from refusal by a three-judge federal court in Mississippi to order a halt to continuing prosecution of Freedom Riders.

The three judge court on Nov. 17 ruled that issues raised by Freedom Riders had to be decided first in state courts.

Appeals to Court

From this Nov. 17 ruling, the legal defense fund of NAACP appealed to the Supreme Court asking that it stay all Jackson proceedings pending a review of the three-judge court ruling.

The NAACP request asserted state prosecutors had refused to agree to a test suit in state appellate courts, with the result that a long delay appeared possible before the highest tribunal could be given an appeal on the merits of the case.

A reply brief filed with the Supreme Court by lawyers for the city of Jackson asserted that they had offered to litigate a test case after the first group of Freedom Riders arrived in the city.

Today's Supreme Court rejection of the stay request turned down a Justice Department contention that a stay should be granted."

Trials Scheduled

for local determination of the issues.

Blames Agitators

At a news conference in Atlanta, Gov. Ernest Vandiver charged today that outside agitators connected with organizations having a subversive background were responsible for the Albany demonstrations.

He said this information had been transmitted to Atty. Gen. Robert Kennedy by Mayor Kelley, who provided Kennedy with six names.

"We have information that six outside agitators were sent into Albany several weeks ago to stir up trouble and they are still there," Vandiver said, "they have been connected with organizations which have been designated as subversive."

The demonstrations were in protest of segregation in general as well as the arrest of eight outsiders and three local residents in the rider display.

Hearings for some of those arrested were scheduled in the city hall that has been the focal point of the demonstrations.

Negroes en masse marched on the building five times in protest of segregation and the jailing of eight "Freedom Riders" and three Albany residents.

The Freedom Rider group was arrested after trying to desegregate railway facilities Dec. 10.

Charged With Parading

The Rev. Martin Luther King Jr., of Atlanta led the latest march Saturday and was arrested along with 265 others, including Dr. W. G. Anderson, president of the Albany Movement and the Rev. Ralph Abernathy, secretary of the Southern Christian Leadership Conference. They were charged with parading without a permit, obstructing traffic and blocking sidewalks. Each was jailed under $200 bond.

Are Determined

The Negroes voiced determination Sunday night to continue their campaign. M. S. Page, who took command of the movement in the absence of Anderson, said that an economic boycott of white merchants would be pressed, and Christmas celebrations would be postponed until civil rights goals were achieved.

Juvenile Court Judge Hudson Malone released 33 girls and 38 boys who were arrested in Saturday's march. He made them wards of the state, released them without bond to the custody of their parents and warned them not to violate any laws.

Texas Campaign Reopened Today

WICHITA FALLS, Tex. (AP)—Democrat Graham B. Purcell, top vote-getter in Saturday's special election to fill the 13th District post in the U.S. House, begins campaigning anew today.

So does Republican Joe Bailey Meissner, who will face Purcell in a runoff election to be held sometime between Jan. 22 and Feb. 6. Gov. Price Daniel will set the date.

Tabulation of all but about 120 votes showed Purcell with 8,935 votes to Meissner's 6,704. Three others were eliminated.

The House seat was vacated by Democrat Frank Ikard, who resigned to become executive vice president of the American, Petroleum Institute.

Both Purcell, 42, and Meissner, 36, said they welcome a clear cut Democratic-Republican choice for the voters in the runoff.

Scranton Seeks Seat in Congress

HARRISBURG (AP)—Congressman William W. Scranton stated in more emphatic terms today his non-availability for the Republican party's statewide ticket in 1962.

Although Scranton said last month he would not be a candidate, reports have persisted in GOP ranks since then that he might be convinced to run for statewide office, particularly the U.S. Senate.

Reached by telephone at his Dalton home, Scranton said:

"I am sticking to the position I stated several weeks ago—that I intend to run for Congress next year and that I feel my first obligation is to the people of the 10th District who elected me.

"I feel very strongly about this. That is why I made my statement as early as I did. I feel the party has some very fine candidates if they can agree on them."

Louisiana Ends 1961 Campaign For Congressman

SHREVEPORT, La. (AP)—One of the hottest two-party political fights in Louisiana in years winds up Tuesday when the 4th District elects its new congressman.

A larger-than-normal absentee vote in the largest of the northwest Louisiana district's seven parishes indicated high interest in the election between Democrat Joe D. Waggonner and Republican Charlton H. Lyons Sr.

Waggonner, 43, of Plain Dealing, a member of the State Board of Education, remained a strong favorite to succeed the late Rep. Overtoon Brooks despite the vigorous campaign by Lyons, 67, Shreveport oilman.

The district has not elected a Republican since 1873.

Both candidates are segregationists and extreme conservatives. Their platforms are similar.

An indication of the degree of Lyons' uphill struggle is in the district's registration figures. About 97 per cent of the 95,221 registered voters are Democrats.

The Republican presidential ticket, with more than 40 per cent of the vote, led both the States Rights party's unpledged electors (including Waggonner) and the Democrats in the 1960 election.

At the same time, however, Brooks defeated Republican Fred McClanahan 48,286-16,827. Brooks died Sept. 16.

First census on the Gulf of Mexico was taken at Mobile, Ala., in 1704.

HARRISBURG (AP) — Pennsylvania Democratic leaders hope to get together sometime next month to discuss candidates for governor and U.S. senator, State Chairman Otis B. Morse says.

Meantime, another name—State Superior Court Judge Harry M. Montgomery of Pittsburgh—popped up in weekend speculation concerning the party's gubernatorial nomination.

Morse, in response to a query, said Montgomery had some support in western Pennsylvania but that it was too early yet to say anything definite about the make-up of the 1962 statewide ticket.

ECONOMIC LITERACY

If there is one thing our politicians like to drum into us, it is the superiority of our free enterprise economy over any competing system.

One would think from this that most Americans know pretty well what their own system is, how it works, what its specific advantages are. Apparently, however, they do not.

Secretary of Commerce Luther Hodges says flatly most of us know little or nothing about the U.S. economy.

Opinion Research Corp., noting in a study that business ownership in this country is fanning out steadily to people of modest incomes, finds that only about a third of U.S. stockholders can define capitalism with any accuracy.

Hodges believes that without better economic understanding there can be no broad-based support for the kind of policies needed to promote a healthy free enterprise system.

The worst of it, evidently, is that up until recently we have not acted to correct this deficiency.

It is estimated that of the 10 million youngsters who entered high school last year, only 10 to 15 per cent will ever take any kind of an economics course either in secondary school or college.

One educator says more than half those who provide some high school economics instruction in co-called social studies courses have themselves not had even one formal course in economics.

In this connection, it might be observed that two leaders in the educational world, Dr. A. Whitney Griswold and Dr. Robert M. Hutchins currently deplore the condition of U.S. higher education and find important roots of the trouble in deficient high school teaching.

Lately some efforts have been initiated to attack this country's widespread "economic illiteracy."

A task force cosponsored by the American Economic Assn. and the Committee for Economic Development is dredging up the uncomfortable facts to lay the basis for improvement.

The Council for Advancement of Secondary Education (CASE) is trying to find out what economic studies should properly be taught in high school. As part of this project it is publishing teacher-learning materials which first findings suggest will be suitable for studies at that level.

Another group of economists and educators has put out a "good reading" list in economics for high school use.

Nearly everybody grasps the idea that economics is the "stuff of life." Too many, though, seem content to live it without understanding it. Our touted free economy could hardly fail to work better if more of us knew its real nature.

A GUIDE ON SHELTERS

When a well known nuclear expert's makeshift fallout shelter was reduced to charred rubble in the recent disastrous California fires, a lot of people's eyes were opened. The beginnings of a healthy skepticism were manifested in many Americans who had gone along with the idea that shelter against the effects of nuclear attack could be had easily and cheaply.

This process is now being usefully advanced by the Federal Trade Commission guide to protect consumers against phony shelter claims and paltry shelters. This guide is intended primarily to curb those who are trying to make a good thing out of the nationwide interest in shelters.

The FTC insists, for example, that shelter salesmen and shelter advertising must not make the claim that the shelter they are pushing is a "blast shelter." This is based on the honest premise that no private shelter, certainly not a prefabricated shelter installed in the basement of a house, could withstand a nuclear blast.

The FTC guide gets down to cases. It insists on definition. To meet its standards, a fallout shelter must provide 100 times as much protection against radiation as an unprotected person would receive. To qualify as blast resistant, a shelter must withstand a pressure of 30 pounds per square inch; if it is described as a limited blast resistant shelter, it must withstand five pounds per square inch. Citizens will be advised to inform themselves as to the provision of the FTC guide, and to act accordingly if they decide to put in a shelter.

"Neither snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds."

This is used by the Post Office to advertise its function. Of course, these days of high costs, the Post Office is not perfect in carrying out this task and we sometimes wait for mail longer than we should, but then we are growing accustomed to inefficiencies. In fact, we tend to forgive inefficiencies and even to become increasingly less efficient ourselves.

If we apply what Herodotus had to say to government, using current dialect, we might say that one of the tasks of the day is to keep the show on the road.

The Depression made the government too large an institution and employed too many persons at favorable salaries with routinized fringe benefits which had the effect of rewarding the inefficient as well as the efficient, the well-trained equally with the less-trained and making a job permanent by what is called tenure.

The theory during the Depression was that because a person was born, he or she, whichever it might be, was entitled to two things: a government guaranteed livelihood and a vote. The former pleased the citizen; the latter, the politician. Then came World War II and millions of young people, male and female, were withdrawn from the population and put to work in some kind of soldiering. Of course, both the males and the females felt that they were performing beneficially and nobly for their country.

I have often wondered why the public took World War II more seriously than the first war of this kind, except perhaps that few knew what they were fighting for and still fewer know today what it was all about and who won the war. Be that as it may, many were killed, more were wounded, cities were blasted and hearts were broken.

The task, during the War and since, has been to keep government functioning and that has proved a most difficult task, because many governments collapsed, empires fell, colonies were set free, new governments came into existence and those who managed states were novices and amateurs who were caught with responsibilities beyond their ken and abilities.

Attempts at establishing a world state, or a world union, or a world organization were proposed in many forms but out of it all came the United Nations which started with 51 members and has now grown to 103 members and the growth has not yet come to an end. Every inch of the Earth is permitted to assert that it is a state except Katanga which is forbidden self-determination. If Mongolia may be a free state, why not Katanga? This puzzle has not been solved by anyone nor can it be understood why American jets and Irish troops are used to keep Katanga a part of the Congo but only Russian tanks were used to kill the people of Hungary. If the United Nations is to go in for promiscuous killings, it might kill some of those whom the Russians want to keep alive. It seems as though the United Nations specializes in fighting those whom the Russians hate.

Keeping government on the road is a very difficult task in these days when a program is hard to keep fixed for more than a few moments. Our Secretary of State, Dean Rusk, rushes off to Europe to compose such a program with our allies whom we have helped to remain alive, but they have programs of their own. Let us not be too excited about that, for in the end, they will know that we shall either stand together or fall together and that if the United States is unable to maintain a program, the whole Western World will collapse. Good sense rather than inordinate pride must prevail. Our major difficulty is that in the Western World there are too many cooks — too many great men whose varieties of greatness have to be reconciled until a program can be fitted together as it was during the past two wars. This is what we face at the present moment and we either find a path to unity or accept defeat.

Safety Films Help Curb Accidents to Children

By HAROLD T. HYMAN, M.D.

Written for Newspaper Enterprise Assn.

One of medicine's proudest achievements of these past few decades has been the reduction in childhood suffering, invalidism and deaths caused by infections.

Many of the present generation of young parents and physicians may never know the ordeals of the youngster afflicted with "croup" (diphtheria), whooping cough (pertussis) or tuberculosis.

Many of the next generation of young parents and physicians may have only hearsay knowledge of what it means to care for the child with rheumatic fever or poliomyelitis.

Unhappily much that has been gained threatens to be canceled by the alarming increase in childhood accidents. As a giant forward step to meet this growing challenge, the Accident Prevention Committee of the American Academy of Pediatrics is making freely available to physicians and parent groups (such as P-TA's) a library of about 200 safety films.

Here are some of the subjects that may especially merit your consideration:

Home Safety. From fire hazards, falls, poisonings by gases and liquids, suffocation, skidding bathmats, oily rags, cluttered stairways, electric shocks, gasoline fumes, ingestion of candy and other medications, etc.

Pedestrian Safety. At cross streets, play streets and rail crossings and while walking roads protected and unprotected by traffic signal systems.

Safety on bicycles, with firearms, while swimming and in the use of farm tools and equipment.

And how-to films describing first aid methods in life saving, artificial respiration, rescue breathing and mouth-to-mouth resuscitation.

Cooperating in the production of these films, which run from seven to 22 minutes, are agencies such as the U. S. Air Force, the National Safety Council, police departments and their officers, industrialists, insurance companies, public power organizations, motion picture producers, railroads and other transportation companies, manufacturers of bicycles and rifles, farm bureaus and many other public spirited organizations.

You or your group may obtain without charge a booklet listing the safety films, and local and national film libraries from which these films may be obtained. Address your requests to the Accident Prevention Committee of the American Academy of Pediatrics, 1801 Hinman Avenue, Evanston, Ill.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Newsweek magazine recently sold out to the Eugene Meyer interests. Philip L. Graham, who married Meyer's daughter, Katherine, became chairman of the board. Meyer has been dead since 1959. He was one of the richest men in the world, but nevertheless he welched on a bet of $100 to my $50 that the Republican nominee whoever he might be, would be elected over Roosevelt in 1936. He and Ted Roosevelt, later got the Medal of Honor in Normandy, Heywood Broun and I had sat up late on a train bound for the Cleveland Republican Convention. Meyer was then a Republican, but he later became a Roosevelt henchman.

The day before the election — this was the year that Jim Farley said, "as Maine goes, so goes Vermont" — I got a wire from one of the richest men in the world who remarked that, of course, our little bet had been made in the spirit of raillery and that he wished I would agree that it was null and void. I never had much respect for Meyer so I was glad of the chance to throw him a tip of $100. I wired back that he was off the hook.

Broun, however, was a hot-eyed New Dealer with the New Dealer's avidity for a dollar, multiplied 100 times. He insisted that the bet had been made in good faith.

Meyer won a newspaper decision over Jesse Jones at a Gridiron Dinner one year and the publicity had it that he gave Uncle Jesse a pasting. They both were pretty old and it was one of those scuffles in which both boys whirl into a clinch and hang on until cooler heads save them from their impetuous folly. I can say, unfortunately, I was off in a corner playing bottoms up with Elliott and Jimmy Roosevelt, Felix Frankfurter, John L. Lewis and Henry Wallace.

Newsweek was Vincent Astor's plaything. Like Marshall Field and Jock Whitney, who threw in together in a ruddy venture called PM, Vincent was suffering from an overload of money and an attack of social conscience. He had been jammed up in tax problems, and he had generously loaned his yacht Nourmahal to Roosevelt for some fishing and laughing off the Florida coast after the 1932 election. Years later I had the vulgar gall to ask Vincent whether our emperor had paid him any rent or paid the crew's wages or paid for the stores or commissary, and Vincent wrinkled his nose like a wad of gum, replying that this was an impertinence. He probably thought I was ready to suspect that he was angling for a break on his income tax. He would have been right on the target. All the rich men I know would have had that motive.

I doubt that the emperor, at that time only a baron, ever did Vincent any favor in his taxes. He took favors, but didn't return them. He was a rich man himself, but he never had any yachts except that soap dish of his up around Campobello. Always on the mooch, he borrowed yachts until Casablanca when he put the bite on his old pal, the Common Man, for a Navy cruiser.

Recently, Philip Graham's Newsweek dusted off the old party line about "extremists" which Meyer had followed when Hitler was on the rise. Hitler terrified him, but he never viewed Stalin with any alarm.

In this new exploit, Newsweek took after Robert Welch, who organized the John Birch Society to promote patriotism. Newsweek ran a layout of pictures of Father Charles Coughlin; Fritz Kuhn, late of the German-American Bund, Gerald L. K. Smith, Mr. Welch and Joe McCarthy.

This was about the best example to smear technique which Meyer attributed to McCarthy that I have ever seen. I knew McCarthy real well and I venture that he never met Father Coughlin or Kuhn and that Smith observed the decency to stay across the lobby from him if they ever happened to be in the same hotel. Smith is very considerate that way. He realizes that if he shakes a patriot's hand in public some planted photographer may make a sneak shot and ruin a patriot. In my case, in the Mayflower, one night a pretty, gracious lady with gray hair sidled alongside me and said quietly, "do not turn and look, but I am Mrs. Gerald L. K. Smith. My husband and I admire your patriotic disclosures about the Roosevelts, but he tries never to embarrass people in your position." I turned and thanked Mrs. Smith and we shook hands and chatted a minute. Then I saw him across the lobby and threw him a wave. I meet all kinds, Roosevelt, Khrushchev, Chester Bowles. I never met Father Coughlin, but I must make an admission before it is too late to confess my belated agreement with Newsweek's quotations from Father Coughlin's master speech of those days. He called FDR "that great betrayer and liar, the anti-God." I wish I had said that.

Kuhn was unimportant, but we finally jobbed him into prison for misappropriations of some money which he had raised to cry up the menace of Moscow and assure Hitler was headed East, not West. He had spent a little of this money on his girl and we took a very scornful, high-minded position on such immorality. After he got out of Sing Sing he went back to the fatherland and vanished.

I have never seen Robert Welch, but if he is good enough for General Ted Walker, late of the 24th Division, I want to know him.

You have to judge good patriots by their enemies.

Far-Reaching Effect Seen In Catholic School Memo

By DAVID LAWRENCE

WASHINGTON — An important document has just been issued by the Roman Catholic Church in America which can have a significant impact on the legislative program of the next session of Congress. It can affect also the battles of the politicians in the congressional elections next November. It can have a far reaching influence ,moreover, on the size and nature of the financial aid given to education by the Federal government in the years to come. It is a rebuttal of the legal analysis by the United States Department of Health, Education and Welfare submitted to Congress earlier this year.

The new memorandum, which is more than 16,000 words long, was issued by the legal department of the National Catholic Welfare Conference here after it had received the "independent critical analysis of a number of Constitutional scholars and lawyers."

What is treated is something the same group has not stressed so much heretofore, namely, that the argument for Federal aid to education as a national policy is based on a "nationally felt need" in the "cold war" and on the attainment of important objectives at home—the conquering of disease and poverty, the improvement of cities, the advance of industry, the increase of useful invention, all of which "supply additional imperatives to America's new effort to educate its young."

The idea is emphatically rebutted that non-state schools "somehow do not perform a public service." A warning is given that this type of argument "points the way to a totalitarian society," which could begin by forcing church-related education out of the American scene and "the end could be a totally sovietized state."

'Taxpayers Spared'

The point is made that Catholic parochial schools today "are performing the public service of educating 18.6 per cent of all children in elementary and secondary schools" and that taxpayers generally have been spared in the last ten years the added burden of approximately $13.9 billion for education. The doucument says:

"This study is not a brief on behalf of the principle of Federal aid to education. But it would appear undeniable that so far as the question is one of policy and not of constitutional law, if the Federal government offers aid to public education, aid should similarly be offered to church-related education."

The memorandum then tackles the constitutional issues and flatly claims support from decisions of the Supreme Court of the United States for its conclusion that aid to education not directly related to an sectarian religion is constitutional. The so-called "separation of church and state," it is argued, merely means that our founding fathers forbade Congress to make any law establishing a preferred religion and that, if it meant withholding any aid from church-related schools, then Congress in the past and President Kennedy as well as his predecessors in the White House Have been inconsistent. For they have advocated certain forms of aid to church-related colleges. Congress has provided grants, loans, scholarships, aid to science laboratories, and tuition grants, irrespective of religion, to Korean veterans and to page boys of the Congress and to the Supreme Court itself. Already expenses for transportation, sewage facilities and similar aids have been held constitutional, even though given to church schools.

Court Decisions Quoted

Decision after decision of the Supreme Court of the United States is cited and quotations given to support the view that the First Amendment affirms the right of "free exercise" of religion and that Congress cannot put obstacles in the way by using the "separation" doctrine. Indeed, the famous desegregation case of 1954 is cited to show that the high court took into account psychological and cultural factors in ruling against "separate but equal" school facilities for whites and Negroes. While the brief insists that parents shall not be impeded in their efforts to give their children religious training and agrees that public schools should not teach sectarian religion, the thought is advanced that, broadly speaking, the public schools do teach religion through "the development of moral and spiritual values." The memorandum says:

"Notably the Supreme Court in the Zorach case made it clear that the Constitution does not require in all respects a separation of church and state and that the state may in numerous ways accommodate its programs to the religious interests of its citizens and institutions. . . .

"The providing of secular education is unquestionably a public service and may be financed with public monies. It is equally unquestionable that secular education is provided in private nonprofit schools, church-related as well as non-denominational. . . .

"Here it should be noted that the religious aspect in church-related schooling is an addition to, and that it is not a subtraction from, basic citizen-education requirements."

Meet Requirements

Emphasis is laid on the fact that church-related schools meet all the requirements of the states for general education, and that religious teaching is supplementary. The contention is that the Supreme Court itself encouraged supplementary religious instruction outside of public-school buildings by holding that a "released time" schedule is constitutional."

In short, the Roman Catholic memorandum says citizens must not be discriminated against and that, if Federal money is made available—as has been done with the support of the courts—for certain kinds of education in church-related colleges, then it is equally valid to appropriate Federal funds at the elementary-school level. It is further pointed out that "massive spending solely for public schools would in time result in a critical weakening of church-related schools, presaging the ultimate closing of many of them."

DO YOU REMEMBER

By SOPHIE MILLER

In the Rondout Savings Bank, Mill Street and Broadway, there are a new set of pictures on display from my collection. They may be seen during the regular banking hours. This time, they are two well known boats, the Norwich and the Mary Powell. There must be ever so many pictures of these two popular boats in various home collections, and perhaps even better than the ones I have.

One picture of the Norwich on display which I consider very fine was given to me by Captain Andrew Hickey USN (ret.) author of well known book, Story of Kingston. This remarkable book, of some 200 pages of facts and many pictures of Kingston, Mary Powell, Skillyput may be purchased at O'Reilly's book stores, and I think arrangements can be made to have it autographed by the author, Captain Hickey. It would make a fine gift for the holidays.

The pictures took up most of the space, so I could not use all the information I had to go with them. For instance, on Sept. 14, 1909, the Norwich was getting all spruced up for the Hudson-Fulton Naval Parade, and painters and other workmen were cleaning her, when a serious fire broke out. Mr. Coykendall, the manager of the line said he would have her ready for the show, and he did, under the command of Captain Ulster Davis. The Norwich, was a grand old lady of 73 when she got all dolled up for the Hudson-Fulton Naval celebration parade on the Hudson River with such companions as the replica of the Half Moon and the Clermont, which was in our Kingston Point Lagoon in her last days.

In these pictures at the Rondout Savings Bank, you will see a photograph of an accident which happened to the Norwich Dec. 16, 1906, when she went down in the icy water, but the grand old lady was up and about for 17 more useful years. You will also see the crew which helped bring her up, and perhaps the readers may recognize some of them. It is said, that the Norwich, also known as the Ice-King was of such sturdy construction that she could ride right up on the thick Hudson River ice, and by her weight alone break the ice to clear for navigation.

The Norwich was launched in 1836 and dismantled in 1923 and if they had waited only 13 more years she would have been a 100 years old in service. Michael Tucker of Port Ewen, bought her November, 1923. On March, 1924 the Cornell Steamboat Co. gave the Senate House Museum Association her famous bell.

The Norwich was not only a popular boat but very useful. She could do most anything and everything in the steamboating line. In 1850 the "Ulster Republican" was advertising her as making regular freight and passenger runs. Thomas Cornell and Co. were advising tanners that hides and leather will at no time be left in open sheds, or on dock. They have ample storage for 50,000 hides in fireproof sheds." In 1850 the Norwich delivered and received freight at the E. Fitch and Co. dock in Wilbur.

Will tell about the Mary Powell pictures in another column. If these pictures bring memories or events to mind, perhaps other readers would like to hear about them. If you could jot them down and send them to me, anything on the Norwich or Mary Powell. I am sure the readers will enjoy them.

Volunteers Quell Eddyville Blaze

Quick action by the Bloomington Fire Department kept damage to a minimum in a fire at the one-story frame home of Mr. and Mrs. Plumley on Church Hill, Eddyville on Saturday.

According to Engineer Charles Peterson, the Bloomington Vols were called at 4:35 p. m. Saturday and on arrival found flames issuing from the eaves over the kitchen. The blaze was quickly extinguished with fog stream. Slight water and smoke damage resulted.

Assistant Fire Chief Leslie Evory directed the fire fighting operations of two Bloomington pumpers and one tanker. Chief Oscar Hahn asked aid from Rosendale. A pumper was sent as a precautionary measure, but so quickly did the Bloomington Vols contain the flames, it wasn't needed.

The Binnewater Fire Department stood by at the Bloomington Firehouse.

Colleges Have Option

NEW YORK (AP)—Each of the seven city colleges has the option of permitting or barring members of the Community Party as campus speakers.

This ruling was made by the administrative council of the City University, which said it was acting on the basis of an opinion given by the Association of the Bar of the City of New York.

The weekend ruling reverses a decision of Oct. 27 to ban Communist speakers.

Infantry Defies New Reds Demand On Berlin Front

BERLIN (AP) —Another U.S. infantry company rolled westward along the lifeline autobahn from isolated West Berlin today, defying a new Communist demand that American troop movements along the highway stop.

Capt. Robert R. Rafferty of Huntington, N.Y., led about 120 men and 17 vehicles to the control point on the city limits before daylight today.

The company, moving in three groups, was cleared without a hitch by the Soviet control officers. It was below freezing as the vehicles headed along the 110 miles of ice crusted highway to West Germany.

The unit, Co. C of the 3rd Battle Group, 6th Infantry Regiment, will spend four days in West Germany on field training, the Army said. Then it will return to West Berlin.

The move began less than 36 hours after the Communist regime of East Germany demanded in a formal note that the United States stop sending Army units along the autobahn.

The U.S. government always ignores notes from the East German regime, which the Western powers do not recognize.

Prison Strikers Prepare to Quit

BATON ROUGE, La. (AP)—A strike against prison food seems to be waning among a group of 64 Negroes arrested during anti-segregation demonstrations.

Capt. Thomas T. Edwards of the sheriff's office said women prisoners began eating jail fare Sunday night after all prisoners had refused meals since the previous day.

Seventy-three Negroes—44 men and 29 women—were jailed Thursday and Friday after demonstrations led by the Congress of Racial Equality against stores it accused of discriminating in hiring and maintaining segregated lunch counters. Nine prisoners were released on bond.

The racial situation quieted down over the weekend.

WASHINGTON (AP)—The U.S. Atomic Energy Commission has announced its seventh underground nuclear explosion since the United States began its current series of tests.

The detonation Sunday was carried out at the AEC's Nevada test site and was described as a low yield blast. This would indicate a force equivalent of up to 5,000 tons of TNT.

WASHINGTON (AP) —Chester Bowles, special foreign affairs adviser to President Kennedy, says the United States would have to consider taking unilateral action in the Congo if U.N. unification efforts failed.

"I introduced my remarks with this question: What is the first thing to do to make good chicken soup?" he wrote in The Pilot, official publication of the Boston Archdiocese.

"After a brief silence, a hand went up and a 10-year-old girl said: "'Kill the chicken, your eminence.'"

That struck a responsive chord among Indiana's appreciative rural folk.

Balaguer to Quit Republic Office

SANTO DOMINGO, Dominican Republic (AP)—President Joaquin Balaguer's creation of a new state governing council with a promise to resign once the Dominican Republic is accepted back in the Western Hemisphere family of nations won cautious general approval today.

Balaguer, whose old ties with the Trujillo regime have brought him under attack, agreed to bow out the minute the Organization of American States lifts diplomatic and economic sanctions imposed on the island republic 16 months ago.

In Washington, the U.S. State provisional government plan and Department praised Balaguer's provisional government plan and said, "We consider it to be a most encouraging development."

11 Men Are Held In Syracuse, May Head Big Lottery

SYRACUSE, N.Y. (AP)—Police have placed gambling charges against 11 men picked up in a raid on what police describe as the headquarters of a Central New York lottery.

The 11 were accused of contriving to run a lottery. They were released in bail after arraignment Sunday in Police Court.

Bail ranged from $2,500 to $5,000, with Anthony Tucci, 49, of Syracuse being assigned the highest bail.

Syracuse and Auburn police raided a house in Syracuse Saturday night and picked up 18 persons, several hundred dollars, liquor and a pistol. Police said they also found lottery equipment. Seven persons later were released.

Syracuse Police chief Harold Kelly said he believed the house had been the center of a lottery. He said Auburn police had discovered lottery runners in Auburn and had traced them to Syracuse.

Grandma Moses Buried Saturday

EAGLE BRIDGE, N.Y. (AP)—Grandma Moses has been buried amid the hills and rural countryside she painted.

An Episcopal clergyman offered thanks to God for "the beauty Grandma Moses has given the world."

The famed primitive painter, whose name was Mrs. Anna Mary Robertson Moses, died Thursday. She was 101.

The Rev. Joel B. Miller, rector of St. Mark's Episcopal Church in nearby Hoosick Falls, said at the funeral Saturday that she found "real consolation from the word of God and real hopefulness from the scriptures."

She was buried in Maple Grove Cemetery, Hoosick Falls.

Trees and Lights Along Berlin Wall Carry Greetings

BERLIN (AP) — Thousands of Christmas tree lights went on at dusk Sunday along Berlin's Red wall, carrying the greetings of West Berliners to countrymen in the Communist East. The Communists replied over their loudspeakers with propaganda and jazz music.

Mayor Willy Brandt symbolically switched on the lights in a moonlit ceremony as a Communist loudspeaker blared in the background.

More than 3,000 West Berliners braved near-zero cold to hear Brandt say, "We need make no demonstrations. The light of these trees will speak our greetings to our countrymen."

More than 800 evergreens placed along the 25-mile barrier of concrete and barbed wire through the city were lighted at twilight. Almost no part of the border was out of sight of at least one.

Country Doesn't Care

NEW YORK (AP)—Tax relief for the Broadway theater business can be obtained only through a "massive campaign" by show folk, Rep. John V. Lindsary (R-NY) told a drama gathering.

"The country as a whole, North and South, East and West couldn't care less about the theater's problems," the congressman said. "People assume the theater will go on forever. How wrong they are."

Lindsay, whose home district includes the White Way, said that besides repeal of the 10 per cent federal tax on tickets, the theater would benefit through reexamination of property levies and extension of capital gains privileges to dramatists.

Senators Hope So, Anyway

Plastic Wheels May Mean Smoother Capital Jaunts

WASHINGTON (AP)—U.S. Capitol engineers are keeping their fingers crossed, but they think they have a cure for a headache that has been plaguing them for two years—the rumbling, bumpy, grinding new Senate subway.

The answer: Plastic wheels.

Butt of Critics

Ever since it opened in January 1960, the subway to the new Senate Office Building from the Capitol has been the butt of a thousand curbstone wags. A lady senator complained that the shiny steel-and-glass open cars went too fast and wind mussed her hair.

And the cost of the four new subway cars — $75,000 apiece — raised a lot of eyebrows. The entire new subway system, which links the old and new Senate office buildings with the Capitol, cost about $4.8 million, including cars, tunnels, terminal, elevators, paint and polish.

But the main headache was that the new subway just didn't work right. The rigid wheels screeched around the sharp curves and soon ground themselves out of true, giving a bumpy ride. The rails developed waves. Steel dust from the wheels and rails got into the intricate electric mechanisms and raised hob. Worst of all, senators complained.

$15-$20,000 Cost

Now Capitol engineers Walter Rubel and Harold Ericksen hope they have the answer. They scrapped the steel wheels and rails and are equipping one car with flat wheels of rubber-like plastic. They run on a flat steel plate. Horizontally placed guide wheels running against a vertical side plate keep the car on the tracks.

Ericksen hopes to get the new wheels back on a car and give the thing a full-scale running test by Monday or soon after.

Philip L. Roof, executive assistant to the Capitol architect, said the cost of the experimental changeover would be about $15,000 to $20,000, and will be absorbed with regular funds of the office of the architect.

They can also be swung horizontally or lowered to the ground to handle nonjets.

Plan Year-Round Voice Recordings To Men Overseas

A new service to families of servicemen which offers to make voice recordings to be sent to servicemen overseas for Christmas will be a year-round project, it was announced today by Ulster County Chapter, American Red Cross.

The service provided by the American Red Cross was offered during the week of October 16.

Mimeographed fliers, with colored illustrations were prepared by the chapter and circulated for display in manufacturing concerns, businesses, churches, and post offices in Ulster County.

Appointments, morning, afternoon and evening, were arranged for the convenience of people who were working and could not come to the chapter house during working hours.

Mrs. Arthur W. Foehser, chapter volunteer in charge of the program, reported, "Mothers of servicemen were generally lachrymose, grandmothers were too verbose, and fathers sounded most professional. Wives of the servicemen were cheerful and natural."

The "Talking Letters" program was initiated by the chapter primarily as a Christmas project, since it was the belief that the holiday season was the most welcome time for the absent serviceman to hear familiar voices from home, Mrs. Foehser explained. "However, because of the pleasure and appreciation expressed by the families who send their 'voices from home,' the chapter has decided to make it a year-round project to include birthday and anniversary messages and family voices for servicemen who are hospitalized."

Glancing Over TV Bill of Fare

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — A new Anna Maria Alberghetti is back in town for a glance behind the doors that once were closed to her.

Anna hit the big time as the waif Lili in "Carnival" on Broadway. She is glowing evidence of what a difference a hit play makes.

"Before I left Hollywood, I was earning good money, but many doors were closed to me," she remarked. "I decided that if I was to open those doors, I would have to take a chance. And going to Broadway is a chance because if you don't make it, the doors can be more tightly shut."

She made it, and the results have been gratifying.

"Before, I was known as a singer," she said. "Now I am also known as an actress. The whole field of the stage is now open to me. And so are movies."

Anna is here on a two-week pass from the employ of David Merrick, producer of "Carnival." He has been termed the Abominable Showman, and seemed eager to live up to the title when Anna was ill and out of the show earlier this year. He proclaimed publicly that her understudy did a better job.

The Italian-born soprano returned to the show after five days in the hospital and five at her apartment. Oddly, she displayed no rancor toward Merrick. She repeated their conversatnon.

"I had to protect my show," said the producer.

"David, you should let me in on these publicity stunts, so I can go along with them," she said. "I'm certainly not against publicity. But please, let's do something with a little dignity."

"How about the six-month extension?" said he.

Anna sees the whole thing as Merrick's plot to get her to sign for another half year in the show after her June 30 deadline. She said he was doubly disappointed; that she has made no move to re-sign, that she failed to flare back when he slurred her performance.

"You're not like Callas," he said disappointedly.

Despite the beef, relations between Anna and Merrick are surprisingly good. She said that he came backstage on the last night before her vacation and gave her a hug and kiss.

"Careful, David," she told him. "You'll ruin your publicity."

It was on that last night that she realized she needed a vacation. She was all tears after the curtain went dwn and sobbed to her replacement, "Take care of my puppets."

Agriculture — Key Industry

Agriculture is a key industry in the national economy. Wheat, cotton and corn are only three of the staples that give farmers substantial buying power.

My uncle was a big wheat grower in South Dakota. When wheat prices were low during the depression Thirties, he couldn't buy the power machinery necessary to harvest his crop. As a result the companies like International Harvester didn't need much steel.

This chain reaction affected the corporations producing steel and the railroads that carried iron ore to the blast furnaces.

In 1932 — the worst year of the depression — wheat went down to 40 cents a bushel and cotton to five cents a pound. Economic paralysis in agriculture brought production stagnation to industry. National income was around 40 billions of dollars in 1932.

In less than 30 years gigantic responsibilities have descended upon America, and Uncle Sam is in the very center of these. Today he is spending in a single year twice as much as everybody made in 1932. Investors who believe that in the future economic conditions will drift back to the shape of things in the Thirties are one hundred per cent wrong.

Uncle Sam enjoys vast prosperity powers. And his agriculture program is one of his best.

The Commodity Credit Corporation is the key link in this program. Today the statutory borrowing authority of this agency is 14½ billions of dollars. Of this amount, a little more than 11 billion dollars are in use.

The CCC purchases for inventory purposes and makes loans on a wide variety of products such as wheat, cotton, corn, oats, barley, rye, grain sorghum, butter, cheese, dried milk, rice, tung oil and turpentine.

Forty-five states — from Alabama to Wyoming — benefit directly from the program of the Commodity Credit Corporation. The influence of these loans and purchases is far greater than a casual examination of the CCC figures would indicate.

Wheat is selling at about $2.10 a bushel, and cotton a around 35 cents a pound. Where would they sell if the price-and-loan supports of the Commodity Credit Corporation were withdrawn? The surpluses of these two basic commodities are gigantic. The law of supply and demand simply cannot be allowed to operate in a national economy geared to a 300-billion dollar Federal debt and an annual 85-billion dollar budget

Economic America is a giant, and to extent that individuals and corporations cannot support the Goverament in its fiscal responsibilities, Uncle Sam will have to take things into his own hands.

As a matter of fact, Governmental power over the national economy is growing year by year. To pay the interest on a 300-billion dollar debt and to meet the budget costs, America must have prosperity.

Governmentally promoted prosperity is invariably inflationary, as is evidenced by the Commodity Credit Corporation.

In such an atmosphere, all investors should buy and hold values that promise to furnish a measure of protection against further dollar deterioration. That is why the stock market is high and is going higher.

Faith in Cuba

ATLANTA (AP) — Following a six-day trip to Cuba, a Southern Baptist mission leader, the Rev. Lloyd Corder, reported: "The doors of opportunity in Cuba are wider open and at the same time nearer to being closed than ever before. The response of the people to the gospel is greater, probably because they are very much aware of the threat of atheism."

An average of some 50,000 thunderstorms occur on earth each day, according to the Encyclopedia Britannica.

In some parts of the world, peacocks serve farmers as watchdogs. A naturally suspicious creature, the peacock with a little training gives an ear-splitting howl at the approach of strangers. Though beautiful, the peacock is not very lovable. His shrieks can be irritating—and people's fondling leaves him cold.

JFK Reception May Bolster U.S. Policy

By WILLIAM L. RYAN
AP Special Correspondent

BOGOTA, Colombia (AP) — President Kennedy's reception in his bold venture into Latin America—particularly the wildly happy outpouring in Bogota—can prove an important shot in the arm for U.S. policy.

Here Kennedy put this challenge to the wealthy class of Latin America: Reform yourselves or face violent revolution and destruction.

This is a challenge to peaceful revolution and destruction.

This is a challenge to peaceful revolution many young Latin Americans have been waiting to hear, and Kennedy has told them the Alliance for Progress stands ready to lead it.

The Kennedy journey, despite some gloomy advance prophecies of disaster, took on a look of success likely to go a long way in persuading Congress to foot bills for the alliance program.

The results of the trip must be painful to Communists and followers of Cuba's Fidel Castro.

The trip could have resulted in headaches for Washington if there had been any show of violence or hostility. There were plenty of possibilities. In Venezuela, the Communists, though small in number, are tightly organized and disciplined.

There were many rumors that Castroists and Communists would try and sabotage the Kennedy trip. Communists boasted in Caracas they would stage something spectacular. It never came off.

This indicates the Communists and Castroists do not have it so easy as might be suspected from the noise they make. It also suggests room exists for bold action in Latin America such as the President undertook with his journey.

In Bogota's case there seems little doubt the Communists themselves issued orders against demonstrations, probably certain in advance such acts would fail in the face of President Alberto Lleras Camargo's security precautions.

Had the Communists persisted in an attempt, it would have given Lleras Camargo, who rules under state of siege powers, the chance to round up Red leaders.

In the second place, there is a real affection for the Kennedys among Colombians. Communists stood to lose, locally at least, more than they might gain by trying to kick up a fuss. Many of the Castro extremists were rounded up in advance of the visit and held in jail.

Eichmann Lawyer Files Appeal on Death Sentence

JERUSALEM (AP) — One of Adolf Eichmann's attorneys Sunday filed notice of appeal against the death sentence given the former Gestapo official.

The Israeli Supreme court is expected to start hearings in January on the appeal.

Eichmann's attorneys, Robert Servatius and Dieter Wechtenbruch, are expected to challenge the conviction with the claims that their client was unlawfully returned to Israel, that Israel had no right to try Eichmann for crimes committed before Israel was a state and that the death sentence was not justified.

Eichmann is being held in the prison at Ramleh, 10 miles east of Tel Aviv. He has no contact with any other prisoner and is shackled and handcuffed when he walks in the prison yard.

Officials at the prison said they were constantly on guard to prevent an attempt on Eichmann's life by other prisoners.

Port Opponents Will Hold Rally To Block Action

GOSHEN, N.Y. (AP) — The "Citizens Committee Against the Jetport" in Orange County announced today it will hold a rally here Tuesday to protest to the county board of supervisors.

The 37-member board of supervisors will meet Thursday to consider a resolution urging state legislators to work for the location of the jetport in Pine Island, N.Y.

The Port of New York Authority surveyed Pine Island as one of a number of sites for the port. It recommended Morris County, N.J., as the most favorable location. New York and New Jersey legislators must act on any final proposal.

Roy Vail, chairman of the council, said that the protest meeting is designed to kill the favorable resolution, or to at least postpone action by the supervisors.

Major opponents of the plan are farmers who believe they will not be fairly compensated for the expected 10,000-acre aiport.

Supporters of the plan claim the investment, which they estimate will be about $220 million, will be an economic advancement for the county.

Immigrant Admits

next victim. It was Mrs. Veronica Gregov, 35. He bayoneted her also "because she was an evil woman and tried to make a prostitute of my wife."

Next on the grisly timetable was Peter Gregov Jr., 17, who came home to find death in the early morning hours of Nov. 25.

Peter Gregov, 39, a waiter, arrived at 5 a.m. Ivanov said he killed him because "he was an evil man and always trying to take my money."

Then, in a final fit of homicidal frenzy, Ivanov slashed the family dog to death "because I don't like dogs."

Afterwards he went by bus to his Jamaica, Queens, home, where he said goodby to his wife and four children.

Ivanov then went to Florida by train. He was picked up near Marathon Key on Dec. 6 trying to pose as a Cuban refugee who had come to the Florida keys by rowboat.

Accused Slayer Will Face Tests

FORT LAUDERDALE, Fla. (AP)—A psychiatric examination was expected to be ordered today for 25-year-old Henry Deban, who killed his parents in a shooting rampage with a .25 caliber automatic pistol.

The bodies of Nelson Deban, 52, and his wife, Lorgene, 48, formerly of Niagara Falls, N.Y., were found in their Hallandale home Sunday by police, whom Henry summoned by telephone.

"I just shot my father and mother. Please send an ambulance," he was quoted as saying.

"They were agitating me all the time and picking on me," was Deban's explanation of the shootins.

Police said the slaying victims were "doting parents" who gave their son everything he wanted.

Dr. Glenn Sutliff, the Deban family physician, said Henry had been under treatment for a persecution complex.

NEW YORK (AP) — Firmness in coppers and an easier tone among aircraft-missiles prevailed in a mixed stock market early this afternoon. Trading was active.

The Associated Press average of 60 stocks at noon was up .10 at 264.70 with industrials up .80, rails off .30 and utilities off .50. Most changes were fractional.

The market had the benefit of news that steel orders were coming in at the heaviest pace since the end of the 1959 steel strike, that there was an increase in copper buying and that over-all industrial production will probably go to another record this month.

Steels were barely higher on balance. Coppers, after a hesitant start, begn a moderate rally. Motors, chemicals, tobaccos, and drugs were mixed.

Small gains were posted for U.S. Steel and Bethlehem.

Boeing lost about 1.

10 Are Injured

possible concussion and possible back and head injuries, was reported in serious condition in the hospital today.

Dennis O'Brien, 19 of Sioux Falls, N. D., a passenger in the Neal vehicle, according to troopers suffered a possible concussion and possible back and chest injuries, and is in fair condition in the hospital.

Lost Control on Ice

Troopers K. J. Kreminick and W. G. Lawrence reported the Neal 1959 English compact was proceeding east on Route 28 when he lost control on the icy pavement, skidded into the westbound lane and was in collision with a 1960 sedan operated by James McGough, 27 of West Hurley. McGough was reported uninjured, troopers said. The mishap occurred at 3:50 p. m.

The driver in a one-car mishap early Saturday was injured when his car skidded on the icy pavement and struck a utility pole on Route 32 at Glasco.

Reported in fair condition today at Benedictine Hospital is Robert Crowley, 22 of Glasco, who troopers said suffered severe lacerations of the scalp.

Troopers W. E. Wiedemann and Robert Mackey said Crowley in a 1959 convertible was traveling north on Route 32 when the vehicle went off the right side of the highway and struck a pole.

Issued Summons

The passenger in one of two cars involved in a highway mishap on Route 9W at West Camp Saturday night was injured and one of the drivers issued a summons for failure to keep to the right.

Judith Shooski, 13, a passenger in the 1957 sedan of Philip Shooski, 41, of East Bridge Street, Saugerties, was reported in fair condition today at Benedictine Hospital. Troopers said she suffered head injuries.

The other driver involved, George Ostoyic, 30 of Cementon must appear before Saugerties Town Justice of the Peace Glenford Myers on Wednesday.

Troopers David Wachtel and Richard Ryan reported Shooski was traveling south on Route 9W about three-tenths of a mile south of the Greene County line. The Ostoyic car proceeding north on Route 9W crossed into the southbound lane and sideswiped the Shooski vehicle, troopers said.

The mishap occurred at 6:45 p. m.

Leaves the Scene

Three persons were injured in a three-car mishap Saturday night on Route 32 in the Town of Rosendale near the intersection of Bloomington Road, and one driver was apprehended for leaving the scene, Kingston troopers reported.

Treated and released at Benedictine Hospital were Ronald Mack Goldleaf, 19 of Maiden Lane, Kingston, suffering bruised knees, and passengers in the Goldleaf car, Raymond Navara, 20, of Van's Court, Lake Katrine, lacerations of the right eye, and Alma De Filippis, 19, of Lawrenceville Street, Town of Ulster, bruised left ankle.

The other drivers, Mrs. Shirley Ebel, 26 of Glasco and Kenneth White Gordon, 41 of Grant Street, Kingston, were reported uninjured, troopers said.

Arrested by Troopers

Gordon was arrested by Troopers W. E. Wiedemann and Robert Mackey for leaving the scene and is scheduled to appear before Town of Ulster Justice of the Peace Robert Stedge at 1:30 p. m. today.

Kingston troopers said the Ebel station wagon was making a left turn off Route 32 into Bloomington Road when the Gordon 1958 convertible following, struck the station wagon in the right rear. The Goldleaf car, a 1956 sedan, also proceeding south drove to the right to avoid collision. Gordon swerved back to the right side of the highway forcing Goldleaf to strike a wall on the right shoulder, causing it to turn over, troopers said.

Gordon continued on without stopping. Highland Trooper Thomas J. Morrissey alerted by Kingston troopers discovered the Gordon car, owned by Parsons of Kingston, at a body shop off Route 32. Gordon was arrested later in Kingston.

Bloomington Fire Company responded to clear the highway of spilled gasoline. The mishap occurred at 8:30 p. m.

Three Are Hurt

Three skidding accidents, blamed on the slick highways, kept the Ulster County Sheriff's Department busy on Sunday. Three persons were injured in the mishaps which occurred in High Falls, Hurley and in the Town of Ulster.

Two persons were hurt at 2:30 a. m. Sunday on Route 213, High Falls in a single car accident. A vehicle driven by James Pranzo, 36, of South Ozone Park, L. I., skidded off the highway and hit a stone embankment. Doctors at Kingston Hospital took 23 stitches to close a cut on his forehead.

A passenger in his car, Marie Bohlmann, 21, of Hollis, L. I., was treated for a cut on her lower lip. Neither was admitted to the hospital.

Ronald Gray, 40, of RD 1, Box 311, West Hurley, is in fair condition today in Benedictine Hospital following an accident on Steinkill Road in Hurley at 7:30 a. m. Sunday. The car went over an embankment in a quarry and landed on its top. Gray is undergoing X-rays to determine the extent of his injuries.

Cars in Collision

The third accident, involving only property damage occurred Sunday at 11 a. m., on DeWitt Lake Road in the Town of Ulster, when cars operated by Stella Brodhead, 40, of RFD 5, Box 192, Kingston and Ernest Neilsen, 50, of RD 4, Box 466, Kingston were involved in a collision.

The sheriff's report said the Brodhead car was heading west on DeWitt Lake Road when the Neilsen vehicle heading west skidded and struck the Brodhead car in the left front door with its left front fender. No injuries were reported.

Deputy Sheriff Richard H. Drew Jr., investigated all three accidents.

According to the Associated Press mirror-slick roads created driving hazards in the eastern half of New York State today as a new storm threatened to bring more freezing rain to sections of the state.

Forecast More Rain

The weather bureau forecasts continued rain and drizzle this afternoon, ending late tonight. More rain and some snow is forecast for Tuesday.

Freezing rain or drizzle overnight made roads dangerous in an area extending from New York City to the Canadian border and westward to the Syracuse area.

State Police advised motorists a 35-mile-an-hour speed limit was in effect on the State Thruway between New York City and Kingston.

The new storm moved northeastward over Kentucky and Tennessee early today.

Above Freezing

The Western half of the state received light rain or drizzle overnight, but temperatures generally were above the freezing mark, after a frigid spell Sunday night.

At least one accidental death was attributed to the weather. John D. Winspear of Tonawanda was killed Sunday when his automobile skidded on icy pavement and struck a tree in Buffalo.

The Weather Bureau said milder temperatures would set in over most of the state Tuesday.

Colder temperatures and snow was expected in the western half of the state Tuesday night.

Overnight low temperatures ranged generally from the mid 20s to the mid 30s. The Weather Bureau reported no appreciable new snow. On-the-ground measurements included 5 inches at Utica, 3 at Albany, Rome and Newburgh and Westhampton Beach, 2 at Oneonta and Syracuse, and 1 at Watertown and Glens Falls.

Eight states bound Missouri: Arkansas, Illinois, Iowa, Kansas, Kentucky, Nebraska, Oklahoma and Tennessee.

U.N. Patrols Run Into Hard Fight At Elizabethville

ELISABETHVILLE, Katanga (AP) — Furious battles raged in the streets of Elisabethville today as the first U.N. armored patrol pushed into the center of the city.

After pushing into the town against negligible resistance, the U.N. troops ran into withering fire from shops and private houses. It is uncertain whether the firing came from Katanga troops or whites putting up a last ditch stand.

These seemed to be the last hours before most of Elisabethville fell to the slowly advancing U.N. force.

Kennedy Has Cold

on the streets of San Juan cheering the President.

Gratified by Welcome

Although the success of his Alliance for Progress hinges primarily on the good will and cooperation of governments in power, Kennedy was openly gratified by his welcome from the people in Caracas and Bogota.

Half a million or more Colombians lined country roads and jammed Bogota's streets Sunday to cheer the Kennedys. Colombian officials called the demonstration the greatest by far in their capital's history.

The Kennedys' reception in Caracas on Saturday and their sendoff Sunday contrasted dramatically with the trepidation felt that pro-Castro elements and groups hostile to Venezuelan President Romulo Betancourt would cause grief.

Kennedy emphasized two positions in his 6,300 miles of travel:

1. An appeal for hemispheric support of his Alliance for Progress, the $20-million plan for public and private funds to raise Latin American living standards.

2. Wholehearted support for Betancourt and President Alberto Lleras Camargo of Colombia. Kennedy made clear that he counts on their example to generate wide backing for the alliance.

SUCCESSFUL INVESTING...

ROGER E. SPEAR

Don't Be Fooled By Unusually High Yields

Q) "My husband passed away recently and left me a little income property and $9,000 in cash, half of which I decided to invest in common stocks. I went downtown to talk to a broker and asked him to suggest a good stock for income purposes. On his advice I bought Soconoy Mobil. However, in reading through the financial pages, I've discovered that there are several stocks, among them Interlake Iron, which would pay me a much higher yield than I'm now getting. I must live off my investments. Should I switch into this higher yielding issue?" O.B.

A) Your broker put you in a very good stock, and I think you would do well to stick with it.

Socony (NYSE) pays a good dividend and offers a degree of security which a person like you should have.

Interlake Iron does yield more, but I caution you against picking any stock because of this one factor alone. Interlake is in the pig iron business, and I am not particularly impressed with the firm's prospects. Earning power has been slipping for some time, and share income so far this year has not covered the present dividend rate. Because of this, the shares sell to yield nearly 7 per cent, a figure which is out of line in today's market and which, in itself, is a signal that there may be trouble ahead.

In buying common stock, it is generally unwise to reach for unusually high yields. You cannot afford to take any chances with capital in your position, where a loss could mean financial embarrassment.

Q) "Do you consider Thrifty Drug Stores to be a good investment?" Mc. K.

A) I certainly do. Thrifty Drug (OTC) operates a chain of drug stores in California and has turned in a fine record of growth. I recommend the shares to investors seeking capital appreciation.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column.

Churches Warned Against Thieves During Holidays

Police Chief Robert F. Murphy, after a recently reported theft at a local church, today issued a reminder that such thefts have been experienced here and elsewhere at this time of year, and advised persons who attend services and choir rehearsals to be on their guard against them.

Rifling of wallets in church cloak rooms in Dutchess County were reported earlier in the month, but the first here in the pre-Christmas season this year was reported early Saturday afternoon when police were notified that between $55 and $60 had been taken from the purse of Lydia Nigdula, of 58 St. James Street, a religious instructor at the Old Dutch Church.

The purse, police said, was left in a room which she uses as an office. Acting Detective Wilmont Hall is investigating.

Six wallets were reported rifled in a church at South Millbrook, Dutchess County last week. Similar thefts were reported a year ago in churches at Kingston, Woodstock and Saugerties. Other thefts from churches in the city and county were reported in previous years.

Police were notified today by Mrs. L. K. Scism, of 85 Hudson Street, that gasoline had been stolen from a car there during nights several times.

Stewart's Driver Given Safe Driving Citation

SARATOGA — Bud Dake, Greenfield Center, five-year driver veteran with Stewart's Ice Cream Co., Inc., of Saratoga, has won the safe driving award presented annually by the company.

Commenting on Dake's accomplishment, Charles S. Dake, president of Stewart's said "Bud is a great driver. When a man accummulates any kind of a safe driving record it's wonderful, but when a man covers 45,000 miles a year over all kinds of roads, from throughways to narrow and crowded city streets, without an accident, that is great driving."

Bud Dake, no relation to the Dake family who manage Stewart's, has driven nearly a quarter of a million accident-free miles for them on one of the delivery routes Stewart tractor trailers make daily to Stewart's Ice Cream Stores in New York State, Vermont and Massachusetts.

Viet Nam Fighting

SAIGON, Viet Nam (AP)—The South Viet Nam government reported heavy fighting between government and Viet Cong units over the weekend in several provinces.

matter of Fact

The Englishman loves his "spot-of-tea"—but back in the 17th century he was just as wild about coffee. The London coffeehouse was a social, literary, and political "club." Wits, philosophers and writers met to warm their hearts and loosen their tongues over the steaming cup. In these cheery coffeehouses, the only "intoxicant" was the brew advertised to "quicken the spirits and make the heart light."

Kitchen Magic

One way to add warmth to any kitchen decor is to hang wall plaques made of polystyrene finished in shining copper. These come in charming Early American and other scenes. The non-tarnish finish requires no laborious polishing.

It's The Truth!

Harry B. Bullard, Gen. Mgr.

We got to talking about the progress in transportation, and it is surprising to realize that the bicycle, for example, was not invented until 1816, when in that early model one had to propel himself along with long strides of his feet to the ground. It wasn't until 1876, eighty odd years ago, that the first bicycle somewhat similar to the ones we know today was invented. When we think of the comparative strides we have made in individual transportation in so few recent years, to say it has been revolutionary, is to grossly understate what has taken place. The first internal combustion engine that operated on the atmospheric vacuum principle was also developed in 1876, so we see that development of methods for individual transportation and motive power practically developed side by side although from widely separated beginnings and sources, which in itself is interesting.

As you know, our specialization is providing you with the very best transportation you can get, but our responsibility doesn't stop there. We feel that because of the complexities of today's engines and the large share of family earnings that goes into transportation it is a public duty and trust to serve you not only with quality, and skilled mechanics, but to do so on a highly ethical plane.

Says Production Of Milk Appears Better in 1962

NEW YORK (AP) — Milk delivered to plants in the New York-New Jersey milkshed in the first six months of 1962 probably will bring a farm price average about 3 cents per hundredweight lower than this year, says market administrator C. J. Blanford.

Blanford said uniform farm prices will equal this year in both February and March, 1962.

Fluid milk prices will average eight cents per hundredweight under 1961 and will be lower than this year in each month, he said. The biggest drop—13 cents—is expected in April.

In his announcement Sunday, Blanford said the biggest drop in uniform prices also is expected in April, when the predicted price of $3.84 per hundredweight would be seven cents less than paid last April.

The market administrator predicted that milk production will exceed 1961 by two per cent and total more than six million pounds in the six month period.

Employment Gain In Upstate Area

NEW YORK (AP) — Non-agricultural employment in the middle atlantic region of New York, New Jersey and Pennsylvania rose .2 per cent in October. It was up 29,500 to a total of 12,037,500.

Louis F. Buckley, regional director of the U.S. Labor Department's Bureau of Labor Statistics, said in announcing the rise Sunday that it was the first time in 11 months that the region showed an over-the-year increase.

October 1961 non-farm employment was 22,300 higher than last year, he said.

Almost two thirds of the increase occurred in the non-manufacturing industries of trade and government, due to season additions. The gain in factory firms resulted from increases in apparel, primary metals and miscellaneous industries.

Weekly earnings in October reached record highs in all three states, due primarily to a longer work week, Buckley said.

The average factory production worker's wage in New Jersey was $99.41; in New York $93.75, and in Pennsylvania $94.01.

NEW YORK (AP)—A musical version of "Early Havoc" is being planned for Broadway next season by the producing team of Dick Button and Paul Feigay.

Written by June Havoc, the book describes her early life and participation in the dance marathons of the '30s. A similar memoir by Miss Havoc's sister, Gypsy Rose Lee, was the source material of the musical "Gypsy."

JET DAMAGES HOUSE—Wreckage of two Iowa Air National Guard jet planes drapes crazily over garage attached to home of Mr. and Mrs. Henry A. Sandahl in Des Moines. Broadway Opera Closes Long Run

NEW YORK (AP)—"The Threepenny Opera" is over.

Off-Broadway's long-run champ rang down the final curtain Sunday night after 2,612 performances. It closed with a sigh, a few tears and the pop of champagne corks.

The play, which made "Mack the Knife" a latter-day hit, had more performances than Broadway's current long-run champ, "My Fair Lady." The Lerner-Loewe musical, which opened in 1956 and is still running, had the benefit, however, of a much larger house.

The all-time Broadway long-run king is "Life With Father," which closed after 3,213 performances.

An overflow audience packed the 199-seat Theater de Lys in Greenwich Village for a quietly sentimental farewell.

Afterwards, cast and friends gathered on the stage for farewell toasts to the show that played to 750,000 spectators and grossed $3 million.

Upstate Company To Close Plant

OLEAN, N.Y. (AP)—Officials in this city of 16,000 say they are stunned by the decision of Olean's second largest company to move to a new plant in South Boston, Va.

Daystrom Inc., said Friday that it would close its furniture plant here Feb. 28. About 400 local people work at the plant.

"A low blow," was the way Chamber of Commerce president Donald A. Roon described the announcement.

He said the decision must have been made some time ago, adding that the company's new Virginia plant is "about three-quarters finished."

Daystrom said it was moving to improve its margin of profits. The company said about 30 management people would be asked to move and that local workers would have priority on jobs at the new plant if they too cared to move.

But the new jobs will be "at a rate of pay, and with other benefits and rights, in effect at the South Boston location."

Both Mayor Ivers J. Norton and Mayor-elect Edward J. Morris said they were surprised by the company's announcement.

One employe said the Daystrom Independent Industrial Union, which represents production and maintenance workers at the plant, agreed last spring to forego a 12-cent wage increase at the company's request.

Buffalo School May Merge With State University

BUFFALO, N.Y. (AP) — The University of Buffalo may sign a merger agreement with the State University within 30 days, Buffalo University chancellor Clifford Furnas says.

Furnas said, however, that Buffalo probably would not join the State University system before July, 1962.

Incorporation of the large, private Upstate university into the State University has been under discussion for about a year. Buffalo expects 20,000 enrollment by 1970, double its present figure.

Furnas, commenting further on a story in the Sunday's Buffalo Courier-Express, which reported an impending agreement, denied that Buffalo was going to ask the State Legislature for a $15 million campus construction loan.

"We have no state loan in the works," he said. "We have been planning new buildings which we hope to get started in the near future, but the state would take over the cost of these buildings if we were part of the State University."

Why We Say--

AT NIGHT: The term "black market" arose during the last war. The name started in England where severe rationing preceded rationing in the U. S. The markets which dealt in goods from illegal sources were said to operate at night while carrying on a legitimate business in the day. The term and business became universal.

In Class With Those He Condemned

India's Nehru Is No Longer No. 1 Holier-Than-Thou Man

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — India's Prime Minister Nehru, who made himself the world's No. 1 holier-than-thou moralizer and man of peace, can no longer act as the conscience of mankind.

He ranged from critical to indignant when Britain, France and Israel invaded Egypt, when the Soviet Union crushed the Hungarian revolt, and when the United States backed the rebel invasion of Fidel Castro's Cuba.

Now, after Sunday's Indian invasion of tiny Portuguese Goa, he is in the same boat with those he condemned. Goa has 1,537 square miles and 650,000 people on the southwest coast of India, a nation that has 450 million people.

Nehru may have achieved greatness in a number of ways as an Indian leader. But he has preached peace and avoidance of force so much that he has created an unreal image of himself.

Not a Firm Believer

When he was Mohandas Gandhi's disciple he accepted the master's doctrine of nonviolence as a political weapon simply because it happened to be the right policy at the time India was seeking freedom from Britain.

It was not something he believed in absolutely. He explained once: "The majority of us, I take it, judge the issues not on moral but on practical grounds, and if we reject the way of violence it is because it promises no substantial results."

This is the doctrine of oportunism. Taking Goa promised substantial results because it would be easy. Far-off Portugal could hardly make war on India to hold its possessions.

The results if India had attacked Red China would look very much less substantial since the Communists have 650 million people and a far greater military force.

Since 1959, when Red China occupied about 12,000 square miles of Indian territory — almost 9 times the size of Goa — Nehru simply has argued.

Under Great Pressure

Nehru has been under great pressure in anticolonial India to seize Goa, which Portugal took in 1510 and still holds as a colony.

Next year is election year in India for Nehru and his Congress party.

The prime minister ignored President Kennedy's plea of last Thursday to avoid the use of force.

This was a switch for Nehru, who in the past could always be relied on to deplore the use of force anywhere. He has now adopted the philosophy that might makes right.

It wasn't Nehru's only switch. Portugal has no more right to Goa than Britain had to India or France to Indochina. All three took territory because they had the power to and held the native people under thumb.

This was imperialism. Nehru has been a life-long foe of it. But his action against Goa also is imperialism, although he may call it liberation.

Explains Turnabout

If all this seems a contradiction in the man, perhaps it can be understood by this statement by Frank Moraes, an Indian journalist who knew Nehru a long time and five years ago wrote the story of his life: "It is interesting to see how his mind persuades his conscience of many things."

It explains how he can make a complete turnabout in six years.

In 1955, when some Indians suggested taking Goa wasn't much of a military problem, Nehru drew back from the thought of war.

"The fact that a war is a little war doesn't make it less of a war," he said.

Then Sunday he made war, although it was a pretty safe kind of war.

Thomas Jefferson designed a serpentine wall which was built and is still standing at the University of Virginia.

Syracuse Bingo Probe Continues

SYRACUSE, N.Y. (AP) —A Moreland Act commission probing bingo operations in the state was to continue a hearing today in Syracuse.

The commissioner, Thomas B. Gilchrist, is seeking to rid bingo of non-charitable and professional gambling interests.

After sessions today and Tuesday, the hearing moves to Utica.

At public sessions last week in Buffalo, Gilchrist heard testimony on an alleged scheme by outsiders to use the name of a veterans' group to promote a bingo game in a city theater.

The organization said it did not go through with the scheme.

In addition; a representative of 30 groups that operate Bingo games urged standardized instruction for Bingo inspectors so that they could interpret Bingo laws uniformly.

LONDON (AP)—A movement to help those "tempted to suicide or despair" now has centers in 12 British communities and hopes eventually to have them in every large town. It is called "The Samaritans." Its centers are manned day and night, to answer calls from those in trouble.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—The vendors of prepared beauty are looking toward their biggest Christmas. They thank the durable personal vanity of women—and men.

The sales of toiletry articles grow in bad times as well as good. In a recession people skimp on other things first. In good times, as this Yule season, they spend a little extra on gifts.

Sales of personal care items since 1954 have grown faster than the population explosion or the increase in personal income.

Some of the biggest jumps in sales volume in recent years have been in toilet goods for males, such as preshave products and shaving cream in aerosol cans. But growth rates also have soared on such items as spray hair fixatives, rinses, tints and dyes—presumably sold mainly to females.

All of this impresses Wall Street, particularly as total annual sales are estimated at $2 billion, with maybe $325 million of that for personal care items for men.

But picking individual winners among the makers of all these aids to beauty is another matter. That's because of the "ever-changing female taste" as pointed out in a special report on "The Economic Characteristics of the Cosmetics Industry" by a staid investment fund, the Tri-Continental Corp.

This means that members of the cosmetics industry "must constantly develop new products, improve ol ones, and carefully evaluate all competitors' products in order to maintain competitive position," the investment firm's economist explains.

In other words, this month's favorite may be next month's has-been.

But there's no question about the growth of the industry. Total sales in 1950 were around $900 million with the population at 152 million and enjoying personal income after taxes of $208 billion. By 1960 personal care sales were nearing $2 billion, for a population of 180 million with $352 billion to spend.

The fund's statistician, using 1950 as a base of 100, puts the growth index of sales at 195, of population at 120, and income at 169.

Food stores, particularly the chains, have been chalking up the biggest gains as cosmetic and toiletry outlets, now accounting for 23.5 per cent. Drugstores have been losing in percentage of the total bu still lead in dollar volume, with food stores now second, followed by house-to-house selling, and department and specialty stores.

How do the financial beagles view the prospects? For the industry as a whole—not individual firms, remember—they foresee certain expansion.

For one thing, cosmetic buying is increasing among the younger age groups—where the population is busily exploding.

For another, the amount of income controlled by women seems destined to go on increasing. The percentage of women in the labor force is on the upgrade. This means more money to spend. But it also means, as the investment economists put it: "As more and more women come into the labor force and as they also become competitive with men in many areas of employment their desire to look attractive can only increase."

'Unsafety' Plays Lose Tricks

By OSWALD JACOBY
Written for
Newspaper Enterprise Assn.

Even when your contract is lay down it pays to be careful. Otherwise, you will lose occasional tricks by what I call, "Unsafety plays."

Playing at three no-trump, South wins the second spade lead and sees that there is no way to lose his contract. He will win three diamonds and two tricks in each remaining suit no matter how badly the cards lie for him.

The careful player will make at least 11 tricks. He will lead the deuce of diamonds at trick three. West will have to play his king and now South will have 11 running tricks. Careful discarding by East and West will hold him to five odd.

Careless discarding will let him bring home still one more trick.

The unsafety play is to lead the jack of diamonds. West will still play his king, but now East will have a sure diamond trick.

Note that the low diamond play risks nothing. If the king does not show on the first diamond lead, South returns to his hand and leads the jack of diamonds.

Jersey Jetport Site Is Defeated

MORRISTOWN, N.J. (AP)—The Jersey Jetport Site Association says it believes the proposal of the Port of New York Authority to build a jet airport in Morris County has been defeated for the forseeable future.

The association executive committee cited five reasons for its feeling Sunday. The committee said:

1. Gov.-elect Richard J. Hughes has come out against building a jetport in Morris and Hunterdon counties or any part of residential North Jersey.

2. The State Legislature has opposed a Morris site and favored Central or South Jersey for the project.

3. New Jersey's congressmen oppose a Morris site.

4. Studies ordered by the county and Chatham and Harding townships have shown that the proposed Morris site is not suitable on engineering, aeronautical and socio-economic grounds.

5. Thousands of New Jersey residents have voiced their opposition to a jetport in Morris.

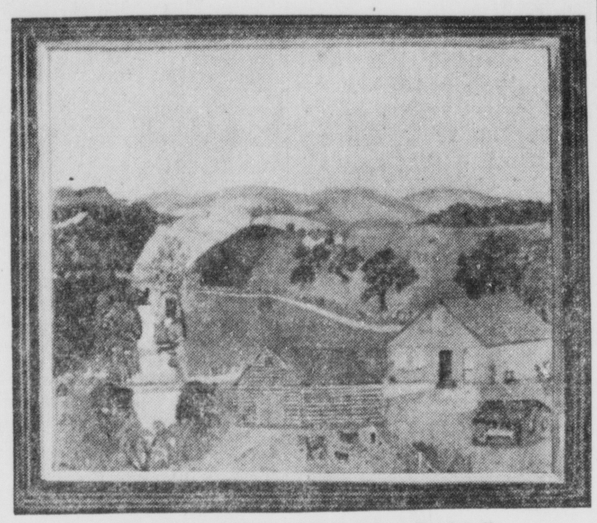
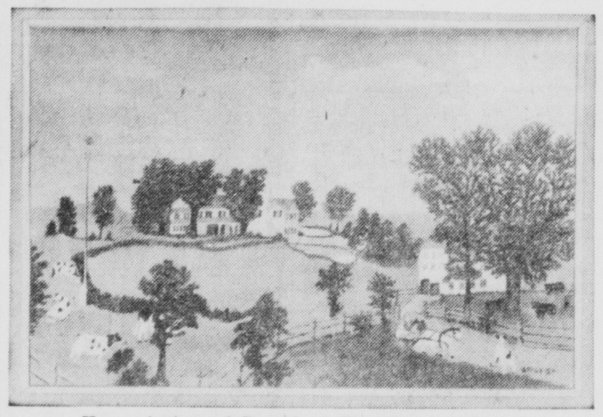
The Beloved Paintings of Grandma Moses

Grandma Moses, then 85, with a winter scene.



Her prize-winning "Old Oaken Bucket."



Her painting of President Eisenhower's farm.

One of many reflecting the Yule season.

Simplicity was the force which made the paintings of the late Anna Mary Robertson Moses compelling. Their subject matter, her own memories of rural American life, expressed a homesickness for a less complex life which struck a wide response. The art world called them American primitives and in any school art exhibit in the lower grades can be found paintings which are strikingly similar in their directness. Because of these emotional links, Grandma Moses will be with us, at Christmas particularly, for a long time. Her works form the subjects for many greeting card collections now in the market.

Judicial Group Urges Increase In State Courts

NEW YORK (AP)—The chairman of the State Judicial Conference says the group will recommend that the Legislature make a "substantial addition" to the number of Supreme Court and county judges in areas where studies have shown a real need for them.

Chief Judge Charles S. Desmond of the Court of Appeals said in an address Sunday at a New York Law School breakfast:

"We hope to make up for years of delay in giving to the judicial establishment the manpower necessary to bring our calendars up to date."

It was reported that the conference would recommend the creation of 31 new Supreme Court and 7 new county court judgeships.

The conference proposal reportedly would provide 11 additional Supreme Court justices for Nassau and Suffolk counties. Queens would get seven; Kings and Richmond counties seven; New York and Bronx counties three; and the Eighth District, taking in Buffalo and Western New York, would get three.

The conference recommended to the 1961 Legislature that 33 new Supreme Court judgeships be set up. The Legislature approved six—one in the Fifth District, which includes Syracuse; three in the Seventh, which includes Rochester, and two in the Ninth, which includes Westchester County.

Pappa, shaving cream.
Daddy, shaving cream.
Mamma, hanki.
Grandma, hanki.
Brother, lead pencil.
Mommy, another.

The purse also contained three $1 bills, a nickel and three pennies.

Police of the West 30th Street station are holding the purse, hoping the little girl will come and claim it. They don't want pappa, daddy, mamma, grandma, brother and mommy to have to do without their Christmas gifts.

Jacqueline Rests With Children, Success on Trip

PALM BEACH, Fla. (AP)—Jacqueline Kennedy settles down for a Christmas holiday rest in Palm Beach today with her children after scoring another personal success in Colombia and Venezuela.

The First Lady reportedly was fatigued from the hectic pace of the 6,300-mile trip to Latin America. She had kept up a steady pace for some 18 hours on the Colombia leg of the presidential trip. The day before in Caracas it was 16 hours.

Mrs. Kennedy gathered crowds of many thousands as she went to visit a charity children's hospital. Men, women and children, some of whom had waited for hours, turned out to catch a glimpse of her.

The crowds in Bogota shouted "Look! Look!" and "What a beauty!" as they caught sight of the 32-year-old First Lady of the United States in a gay yellow wool suit and matching straw hat.

She and the President shook hands with some 400 guests at an evening reception in their honor at San Carlos Palace, the historic 16th century residence of Colombia's President Alberto Lleras Camargo.

Mrs. Kennedy, who is fond of antiques, told Latin Americans she has long admired their culture.

Twice she used Spanish in public talks and won delighted applause.

LONG DELAY IN ANSWERING INVITATION

Q—We have some friends who almost always invite us to dinner at their house on their anniversary, and I in turn usually ask them to dinner at my house on our anniversary. When inviting them I always write well in advance but she never answers until a few days before the date to let me know whether or not they are coming. Last year they could not come and, as she did not let me know until the last minute, it was too late to make other plans for that evening. Would it be rude, when I write to invite them this year, to ask her to please let me know by a certain date if they are coming?

A—It shows a complete lack of consideration and is very rude to delay so long in answering an invitation. If you do not hear from her within a reasonable length of time, you will be justified in telephoning if she has received your invitation and whether or not they are coming because if not, you would like to accept an invitation you have received for that evening.

Adopting Their Foster Child

Q—Our foster child is soon to come up for adoption and "be the Good Lord willing" he will be ours after having had him three years. All our friends and relatives know him but not all know of the pending adoption. Would it be proper to send out announcements? He will be five years old next month.

A—It will be entirely proper to send out announcements reading:

Award of $1,000 for Talented Pianists Will Be Given by Kosciuszko Foundation

The Kosciuszko Foundation of New York City has announced that it is now receiving applications for the fourth annual competition for its Paderewski scholarship award of $1,000 for talented young American pianists of Polish extraction. Established for the Foundation by R. J. Schaefer, of The F. & M. Schaefer Brewing Co., the award is offered to residents of five states: Massachusetts, Connecticut, New York, New Jersey and Pennsylvania.

Contestants between the ages of 21 and 25, who are aiming at concert careers, are eligible to enter. They must be prepared with a repertoire of concert length and must include at least one composition by Paderewski and should include one or more of Chopin's major works.

Auditions to select the winner will be held in New York City next Spring. Formal applications must be filed no later than February first, according to Dr. Stephen P. Mizwa, Foundation president. The winner may select an approved American conservatory of music for study or a competent private teacher. A panel of eminent musicians will serve as judges.

Formal entry blanks are available at the Kosciuszko Foundation, 15 East 65th Street, New York 21, N. Y.

West Hurley Methodist

The Women's Guild of the West Hurley Methodist Church held their annual Christmas party on Wednesday, Dec. 13 at the home of Mrs. Frank Devlin.

The 17 members attending exchanged gifts and refreshments were served.

Mrs. David Fox, spiritual life secretary, spoke briefly on the needs of children in various countries of the world. Many of them are undernourished or without parents, she stated. The hope was expressed that this Christmas season we might remember some of those less fortunate than our children.

The meeting was concluded with the singing of Christmas carols.

The next meeting will be held Wednesday, Jan. 17 at 8 p. m. at the home of Mrs. Walter Behringer, Birch Street, West Hurley.

Wyoming, which has 83 varieties of fish, classes 21 of these as game fish by state law.

B&P Club Meeting Set

The Business and Professional Women's Club of the YWCA will have a Christmas party at its regular weekly dinner-meeting on Wednesday. Members are asked to bring an unwrapped toy which will be distributed to the Volunteers of America.

At its meeting last week, the group was entertained by Mrs. Jack Clair who showed delightful slides of her trip to Europe last summer. Mrs. Clair was particularly enthusiastic about the scenery in England and Ireland and showed many pictures of the countryside. She also visited several of the countries on the continent, including France and Switzerland.

Those members wishing to attend the dinner must sign at the Y office no later than Tuesday preceding the meeting. There will be no club meeting during Christmas week.

Included in the last group, modern Christmas songs, were Silver Bells, White Christmas, and Christmas Chopsticks in one part and The Carol of the Drum and Susan Belle in four parts.

FIVE ATTAIN STAR RANK—Five senior scouts of Boy Scout Troop of the Evangelical Lutheran Church of the Redeemer, Kingston were awarded the rank of Star Scout at a court of honor and Parents' Night held at the church Friday night. Boy Scout Troop 9 Sets New Mark At Court of Honor

Five Senior Scouts set a new mark in Troop 9 when they were advanced to Star Rank at a Parents Night and Court of Honor held Friday evening in the assembly room of the Evangelical Lutheran Church of the Redeemer.

Robert Baltz, William Bruce, Dennis Markle, Paul Huth, and Robert Villielm received their new badges at a special ceremony conducted by the troop leaders who also presented miniature Star pins to the boy's mothers.

Ceremony Held

A candlelight investiture ceremony was conducted by Scoutmaster William Daum and members of the troop for new Scouts Frederick and Randy Harris and Robet Moser, whose mothers received miniature tenderfoot pins.

Assistant Scoutmaster Richard Burns directed an impressive flag ceremony for the formal opening of the program.

Following the investiture, Harold Baltz, chairman of the troop committee, presened 16 merit badges to eight Senior Scouts as follows:

Awarded Merit Badges

Raymond Krom, "Home Repairs"; William Bruce, "Firemanship", Life Saving" and "Pioneering"; and to Robert Baltz, William Daum, Robert Elliott, Paul Huth, Dennis Markle, and Robert Villielm, both "Firemanship" and "Pioneering."

Service stars were also presented to Roger Wells for two years and William Bruce for three years.

Scoutmaster Daum announed that the investiture of the three new Scouts thus completed the troop's quota of six recruits for the annual Fall Roundup Award in the Rip Van Winkle Council.

A story, "The Christmas Scout" set the stage for the troop's annual contribution to the World Friendship Fund of the Boy Scouts of America to promote scouting brotherhood among the youth of all nations.

Program Follows

An informal program of stunts and games was followed by troop committee members leading the assemblage of parents and Scouts in singing Christmas carols with Paul Huth at the piano. Refreshments were served by the Mothers Club who also presented a Christmas gift to each member of the troop.

Coming events announced at the meeting include holiday activities for the Senior Scouts, a weekend at Camp Tri-Mount for the entire troop February 2, 3 and 4, participation in Kingston District Scout Week events, and the annual troop family dinner on Scout Sunday, Feb. 11.

We The Women

Just Baby the Big Man And Rate A-1 as Wife

If asked what makes a woman a good wife how many wives today would include in their carefully considered lists: "She should baby her husband?" Not many. Babying husbands, most would tell you, went out when women gained equality with men.

Yet in a recent poll where men were asked what makes a woman a good wife a lot of them mentioned that she ought to baby her husband a bit.

And since no wife is a good wife unless her husband thinks she is a good wife for him — maybe women ought to give this matter of babying a man a little thought.

Just what is babying a man? Nothing surely that is beneath any wife's dignity.

It's catering to a man's comfort, building up his ego, guarding his health, and trying to please him in small ways.

That's not too much for a wife to do to keep a man happy, is it? As the breadwinner for a family, a man should get a little special attention and consideration, shouldn't he?

And isn't it actually much more feminine for a wife to enjoy babying the man she loves than it is for her to worry about equality, or to insist on togetherness, or to put her children's demands always ahead of her husband's?

So no hoots of derision, please, for the big, strong men who want to be babied. Men ought to get something out of marriage besides being handed the monthly bills and an apron.

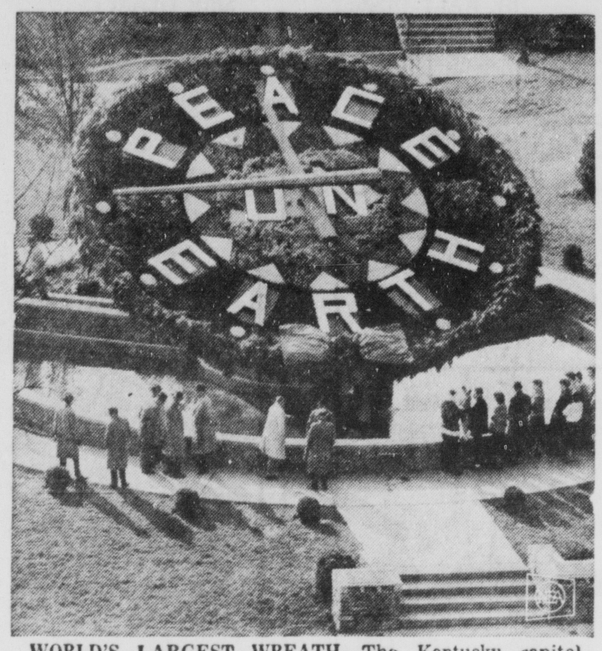
Rinschler at Watkinson

Roger Rinschler, a student at the Watkinson School, Hartford, Conn., will be spending the Christmas holidays at home with his parents, Mr. and Mrs. Charles Rinschler, 318 Main Street, Kingston.

Roger is in Form V (grade 11) at Watkinson. He is a member of the Intra-Mural Soccer Team and the Photo Club.

Watkinson is an independent college preparatory school for boys, accepting academically qualified day and boarding students from the seventh to 12th grades. The school dates back to 1862.

125 students are enrolled at Watkinson. The students stem from 30 Connecticut communities, four states, New York, Massachusetts, Colorado and Maryland and 2 foreign countries—the Republic of the Congo and Venezuela. 13 different religions are represented. There are 17 faculty members at the school, a ratio of approximately 7 boys to each faculty member.



WORLD'S LARGEST WREATH—The Kentucky capitol grounds at Frankfort resemble a huge Christmas card. The 34-foot diameter floral clock which usually bears the word "Kentucky" now is the world's largest wreath with the words "Peace on Earth." Since May the clock's wishing pool has yielded $2,000 for various child-care institutions.

The Mature Parent

BY MRS. MURIEL LAWRENCE

Pupils of PS 149 Give Priceless Boon to Fellows

Newspaper Enterprise Assn.

At PS 149, a junior high school in Brooklyn, N. Y., a fine thing goes on. Children are getting together to correct the results, not only of their parents' incapacity, but of our cities' deteriorating public school systems.

These are not the words used by Parents' magazine in its presentation of one of its annual Youth Achievement Awards to PS 149. They are my words.

Every day over in Brooklyn the children of PS 149 who can read the English language open a book like "Jane Eyre" or "Huckleberry Finn"—and from its pages read to other children for whom printed words are meaningless marks on paper.

For 70 per cent of their school's population is Puerto Rican or Negro, offspring of Spanish-speaking or illiterate Americans whose own reading disability disqualifies them from making a parent's basic contribution to a child's education: an appetite for books.

So, every day on time that your child claims for his own studies, the literate students of PS 149 serve their illiterate fellows as proxy parents.

The reading they do has stimulated such delight in books among the nonreaders that English teachers can scarcely cope with the learning hunger that has replaced the old boredom apathy.

This column is not written to compliment the creativeness of Melvin Deichman, the young social studies teacher who originated PS 149's educational experiment. He needs nobody's compliments, results being what they are. Nor is it written because I get mad at the demagoguery that shoves unprepared children through our antiquated big-city educational machinery in the name of "justice to all."

It is not written because I deplore modern methods for the teaching of reading as sentimentally evasive of the fact that learning to read is work.

It is written to hail PS 149 for proving that you can't teach a child to read unless he has tasted books, any more than you can lead a horse to water and make him drink unless he is thirsty.

If our schools have been driven to sentimentalize the teaching of reading to children, it is because parents of the children have failed to read to them before they were sent to school.

We have failed to give little boys and girls that appetite for reading that would enable them to work, to drill, to memorize dull phonetics as we are all willing to work and struggle for what has been made inviting, worth-while and meaningful to us.

Are you reading a story to your preschool youngster tonight?

Christmas Mails

WASHINGTON (AP)—The Post Office expects the largest single mail load in history today as the 1961 Christmas rush hits its peak.

The estimate, based on past experience, is that more than half a billion pieces of mail will flow into post offices during the day.

Post office figures show that Christmas mail already is up 2.8 per cent over last year.

Turnout Was Small

STOCKHOLM (AP) — The East man Philharmonia of Rochester, N.Y., was warmly welcomed by Swedish music critics in its two performances at Goteborg and Uppsala. But the turnout was small due to the public's preoccupation with Christmas preparations.

Conductor Howard Hanson, whose ancestors came from Sweden, was hailed for his technique and temperament.

The orchestra left today for Greece and then will go to the Soviet Union.

Blast Wrecks Church

SULPHUR SPRINGS, Ala. (AP) —An explosion demolished a rural church and killed a 10-year-old boy who had arrived early for Sunday school. The blast injured five others, including the boy's mother, a brother and a sister.

"There'd have been 75 inside if it had been 15 minutes later," said Russell Morgan, who lives beside the little church in this northeast Alabama community.

Morgan's nephew, David Morgan, was killed in the explosion, which occurred when the Sunday school superintendent, John Sizemore, tried to light a heater.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Fred Waring and his Pennsylvanians, the musical aggregation of singers and musicians which has delighted audiences since the early years of television, will be back on TV after an absence of several years for a special Christmas Eve broadcast.

That is a pleasant prospect for Waring fans, but it is also highly ironic.

"Why haven't we been seen on TV recently?" Waring said. "I suppose I could give you some sort of a bland answer, but the truth is that we were dropped—rejected. Everybody told us we were finished.

"It's been hard to understand. We really were the ones who invented the spectaculars on TV—we did GE spectaculars for years, every Sunday night."

The irony, of course, is that with the phenomenal success of "Sing Along with Mitch," on NBC, television is going into another of its cyclic phases. All of a sudden Fred Waring and his Pennsylvanians are the subject of new interest.

If Waring's hour show on NBC Dec. 24 comes off with style, it may mean the beginning of a whole new TV career. But Waring, a veteran of 45 years in show business, is not likely to forget his recent experiences with people in the medium.

"It's not only that there aren't many real showmen in television —and there aren't," continued the music master. "There's something completely off balance about the whole thing. Quite frankly, I don't know whether there's enough money in television to support our kind of organization—the economics are unbalanced."

The show will consist of memorable old songs and, although Waring won't urge it, you can sing along if you've gotten the habit.

The weekend TV was mostly run of the mine.

The Ed Sullivan show Sunday night was notable for the joint appearance of Duke Ellington and Louis Armstrong making music. It was unforgettable for a rock 'n' roll version of "Jingle Bells" by Paul Anka, who deserves lumps of coal in his Christmas stocking for doing it.

NBC's Sunday Show of the Week was good, routine espionage stuff called "Trick or Treason." But let's face it, Monique Van Vooren is no Mata Hari—shucks, she isn't even a very good dramatic actress.

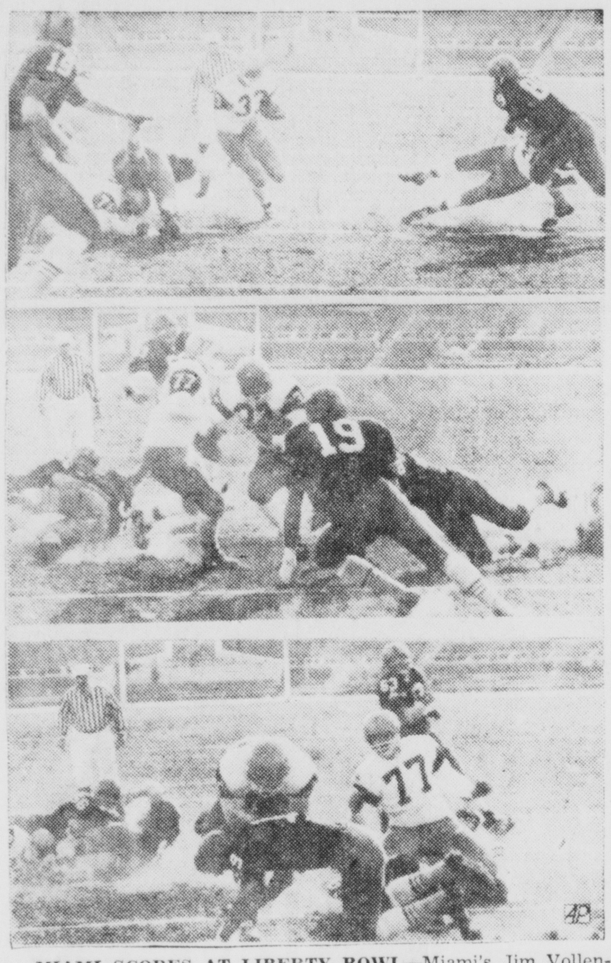
Jones Dairy Keglers Blast 3358 Series in Valley League



MIAMI SCORES AT LIBERTY BOWL—Miami's Jim Vollenweider (33) finds a big hole opened up for him, encounters some opposition and scores first period touchdown in Liberty Bowl game against Syracuse at Philadelphia. One of the Highest In Loop History; Ferraro Has 726

Jack Ferraro dynamited a 726 blast to ignite a blistering 3358 triple for Jones Dairy as the Dairymen swept three games from the Middletown Merchants in a Hudson Valley match Saturday at the Bowlerama.

The defending champions socked games of 1178-1072-1108 for their gaudy triple. It's highest single and triple in the league this season and one of the highest in valley history. Rapp's Express blasted a 3414 several years ago and Jones Dairy had a 1238 single back in 1954. Previous marks this year were 3231 and 1136, both by the Dairymen.

Expands Margin

Ferraro, who won the individual honors during 1960-61 and went into this past week with a league leading average of 205.13, padded that margin with his big triple. He had consistent efforts of 252, 245 and 229.

The other team members were also in the groove. Chris Gallo, emerging from a long slump, rapped 216-219-246 for 681. John Ferraro opened with 279 and then hit 171 and 217 for 667. Larry Petesen stroked 198-255-196-649 and Buster Ferraro had 233-182-220 for 635. That makes 11 games of 15 rolled over the 200 mark. What bowling!

Second place Charles Ramsey fell four games off the pace by dropping three games to Monticello Raceway in a road match. The local side couldn't solve the lanes and managed only 2625 sticks with a 551 by Joe Ausanio being the top score. Jay Wheeler slammed 591 for the home team.

Three Brothers Egg Farms managed to win a game from Bowling Tine Inc. of Newburgh with a 583 triple by Charlie Manfro leading the third place club. George Chiaramonte led the Hilly City team with 207-223-191-621.

Miron Lumber lost three to Touponse of Glenham at the Bowlero, dropping the first game by only one pin. Dick Howarrd had 572 to lead the Lumbermen while Al Wood slammed 184-214-227-625 and Nick Catalano rapped 196-206-217-619 for Touponse.

Tigers Set Pace In Team Batting

BOSTON (AP)—The Detroit Tigers, who finished last in team batting with a .239 average in 1960, were the American League pace-setters last season, the official statistics released Sunday disclosed.

The Tigers hit a collective .2663 and edged the Cleveland Indians, who wound up at .2661. The Chicago White Sox were third with .265 followed by New York .263, Boston and Baltimore .254 each, Minnesota .250, Kansas City .247, Los Angeles .245 and Washington .244.

Detroit's cause was aided by first baseman Norm Cash. He increased his mark 75 points to capture the circuit's batting title with a .361 percentage. Cash shared honors with Roger Maris of the Yankees. Maris had 61 home runs, a record for one season, and also led in runs batted in with 142.

Al Kaline of Detroit was second in the batting competition at .324 and Jim Piersall, acquired by Washington from Cleveland last month, was third with .322. Only four other players among those eligible for the title with at least 502 total appearances wound up with averages of .300 or higher. They were Mickey Mantle, New York, .317; Earl Battey, Minnesota and Jim Gentile, Baltimore, .302 each and Tito Francona, Cleveland, .301.

Cash, a first baseman, had the most hits, 193, and Kaline, an outfielder had the most doubles, 41. Jake Wood, Detroit rookie, was the leader in triples with 14 while Luis Aparicio of the White Sox stole 53 bases to lead in that department for the sixth straight campaign.

Trailways, Bait Box Score Victories In Rec Cage Loop

Al Byrne's basket in the final 15 seconds of play gave Trailways Cafeteria a 54-52 verdict over Adolph's of Red Hook in the feature game of a Rec Cage League doubleheader last night at the Municipal Auditorium.

In the other tilt, Carroll's Bait Box won handily, 59-40, over Byrne Chevrolet.

Byrne, cage coach at Onteora Central and former Springfield college ace, tallied 10 points in the third period to enable the Trailways to overcome a 28-19 halftime deficit.

The teams battled on even terms the rest of the way before Al broke loose for his game winning bucket. He finished with 25 points to pace the winners. Ron Miller had 15 and Don Conn 10 for Red Hook.

Carroll's opened fast and had a 22-14 lead at the end of the first period. The winners weren't extended after that and it was 36-25 at halftime and 47-34 after three periods.

Lloyd, Tice, Andy Juhl and John Zatorski were in double figures for the Bait Box five. Bruce Wiederspiel topped the losers.

Ping Bodie, 74, Was Former Baseball Star

SAN FRANCISCO (AP) — Ping Bodie, 74, one of major league baseball's colorful characters four decades ago, died Sunday.

Bodie was an American League outfielder for nine seasons, with the Chicago White Sox 1911-1a, the Philadelphia Athletics in 1917, and the New York Yankees 1918-21. He was a roommate of Babe Ruth's while playing for the Yankees.

Bodie, a slugger of the dead ball era, was christened Francis Pezzalo. He derived his baseball name from the "ping" of his bat when it met the ball and a ghost mining town he once lived in, Bodie, Calif.

Bodie inspired Bugs Baer's line about an unsuccessful attempt to steal a base—"Ping had larceny in his heart, but his feet were honest"—and furnished material for Ring Lardner's famous baseball fiction series, "You Know Me, Al."

Key College Contests Slated to Be Played

By SHELDON SAKOWITZ
Associated Press Sports Writer

This could be a week of decision for a host of collegiate basketball powers as they put imposing records on the line in an effort to separate the men from the boys.

The ranks of the unbeaten definitely will dwindle with at least two games tonight and Tuesday involving undefeated teams. Several other games on the agenda tonight could produce a surprise or two.

Only one major tournament is scheduled this weekend—the Kentucky Invitational at Lexington. Kansas State, No. 8 in the preseason Associated Press poll, opposes Xavier of Ohio and Tennessee faces host Kentucky in the opening round Friday night.

An intersectional test tonight features a battle of unbeatens. Fifth-ranked Providence (5-0), winner of the postseason National Invitation Tourney last spring, visits DePaul (5-0).

Tuesday night St. Bonaventure (6-0) travels to Duquesne (5-0) in a clash between two teams that won tournaments this past weekend. The Bonnies edged Louisville 73-72 to win the Bluegrass Invitational at Louisville while Duquesne turned back Pittsburgh 75-70 in the Steel Bowl final at Pittsburgh.

Other Tourneys

Two other tournaments were played over the weekend. Tenth-ranked Seattle captured the City of Roses Tourney at Portland, Ore., with a 78-68 victory over St. Mary's and Auburn vanquished Virginia Tech 77-63 in the championship game of the Birmingham Classic.

Ohio State and Cincinnati, rated 1-2 nationally and each 5-0, are on the road tonight. Ohio State, a 92-72 victor over Chicago Loyola Saturday, meets St. Louis. Cincinnati, which posted its 27th straight triumph at the expense of Marshall 77-49 Saturday, faces Wichita, winner of six of seven starts.

An interesting attraction pits seventh-ranked Duke (6-1) at unbeaten West Virginia (6-0). Duke was knocked from the ranks of the undefeated Friday night by Duquesne in the opening round of the Steel Bowl.

Other attractive pairings tonight include New York University (5-0) at Notre Dame, Arizona State (5-0) at Indiana, San Francisco State at Utah State (6-0), Xavier of Ohio at Illinois (4-0) and Temple (5-0) at Kentucky.

Same Old Celtics

By THE ASSOCIATED PRESS

It's a pell-mell game they play in the National Basketball Association, but the one thing that's seemingly certain about the league is the superiority of the Boston Celtics and the Los Angeles Lakers.

Both won in Sunday night's two games. The Celtics ran their current victory string to nine by handing the New York Knickerbockers their eighth successive loss, 117-109, and Jerry West sparked the Lakers as they beat the Detroit Pistons 122-116.

Boston has won 23 of 26 games so far in its drive for a sixth straight Eastern title, and has a seven-game lead over Philadelphia. Los Angeles, after splitting two over the weekend, is 24-9 with a five-game edge on Cincinnati.

Six of the eight Celts who played against the Knicks scored in double figures, topped by Sam Jones' 30 points.

West spearheaded a final period rally against Detroit that won it for the Lakers, pumping in 21 points during the last quarter and finishing with 47, his personal high in two seasons as a pro.

Giants Win Eastern Title; To Meet Packers on Dec. 31

By DON WEISS
Associated Press Sports Writer

The New York Giants, rebuilt by trades, rookies and a first-year coach, are champions of the National Football League's Eastern Conference for the fourth time in six years and aiming at the title game against Green Bay's powerful Packers at Green Bay on Dec. 31.

It will be a replay of a regular season meeting at Milwaukee, Dec. 3, which the Packers won 20-17, but rookie coach Allie Sherman of New York thinks the result may be different.

"Green Bay is the best club we've played," Sherman said after the Giants wrapped up the title Sunday in a 7-7 tie with the Cleveland Browns at Yankee Stadium. "But we'll be better next time, both physically and mentally. We'll be loose from now on."

The Giants may shudder for a day or two before they "loosen up," regardless of what Sherman may think. Except for a flubbed pass by sure-handed Ray Renfro, the New Yorkers would instead be spending this week getting ready for a division playoff with the Philadelphia Eagles.

Eagles Score

The Eagles, needing a victory over Detroit and a New York loss to tie the Giants, did their part—beating the Lions 27-24 with 10 points in the last four minutes for a 10-4 record. But the Giants' held them off by a half game at 10-3-1 because the Browns blew a sure victory over New York when Renfro dropped a 34-yard pass from Milt Plum on the Giants' 8-yard line with about three minutes to play.

New York, rebuilt with deals that brought Del Shofner, Y. A. Tittle, Joe Walton and Erich Barnes and the addition of rookies Greg Larson, Bobby Gaiters and Joel Wells, scored its only touchdown in the first period on Tittle's 7-yard pass to Wells. Cleveland got even when Plum hit Leon Clarke on a 38-yard pass play in third quarter. Thereafter, the tremendous punting of Don Chandler, the rugged Giant defense and Renfro's blunder kept the teams in a knot.

Green Bay 11-2, which clinched the Western Division title two weeks ago, closed out with a 24-17 triumph over Los Angeles; Washington snapped a 23-game winless streak, 34-24 over Dallas; St. Louis blanked Pittsburgh 20-0; and the Chicago Bears, with Billy Wade coming off the bench and passing for 355 yards and four touchdowns, whipped Minnesota 52-35 in other season closing games. Baltimore edged San Francisco 27-24 Saturday afternoon in their closer.

Sonny Jurgensen threw for three touchdowns and pushed his record passing yardage to 3,716 and his season TD total to 32. His passing also set up a 10-yard field goal by Bobby Walston, now the NFL career scoring leader with 833 points. That won it for the Eagles with 25 seconds remaining.

End Winless String

Dick James scored four touchdowns and rookie Norm Snead passed for one TD and scored another as Washington ended its winless string. Ironically, the Skins started their nosedive after beating Dallas on Oct. 9, 1960.

A 17-yard run by Elijah Pitts, who helped Tom Moore fill in for the absent Paul Hornung, won for Green Bay at Los Angeles and overcame two sparkling touchdowns by the Rams' Dick Bass. Bass raced 55 yards from scrimmage and 90 yards on a punt return to shove Los Angeles into the lead before the Packers came back on a 28-yard field goal by Ben Agajanian and Pitts' game-winning run.

In the other games: Sam Etcheverry passed for two touchdowns as the Cards wound up at 7-7 with their third straight victory; and Wade's passing enabled the Bears to overcome a quick 14-0 Minnesota lead.

Eastern AFL Champs

Houston Oilers Score Ninth Straight Win

Houston's Oilers have won nine in a row and are champions of the American Football League's Eastern Division.

Sunday's results indicated that they could pretty well count on making it 10 in a row before winding up the 1961 season.

San Diego's Chargers don't look like they will offer much resistance when the clubs clash at San Diego next Sunday for the league championship.

Houston ran over Oakland 47-16 in a record-making day and this was expected but when San Diego was beaten 41-0 by Boston it caused league officials to blanch.

San Diego sewed up the Western Division championship long ago but was beaten by Houston 33-13. Since then the Chargers have looked about like Houston did before it took stock of itself, brought in a new coach and started off on a nine-game winning streak.

San Diego had some injuries but the Chargers never complained about them when they were roaring through 11 straight games—before meeting Houston. Definitely there's something wrong with the really fine team of a month ago.

Houston's George Blanda and Billy Cannon led the record-smashing parade Sunday. Blanda threw for four touchdowns, giving him 36 scoring passes for the season. That bettered the league record of 34 set last year by Frank Tripucka of Denver.

Cannon ran for 145 yards to capture the league rushing title with 948 yards and better the record of 875 yards set by Abner Haynes of Dallas last year.

The Boston-San Diego game also produced a record when Gino Cappelletti of Boston scored 17 points and that was 24 better than the 1960 record of Gene Mingo of Denver.

Dallas beat New York 35-24 in the other game on Sunday's closing schedule and there was a record in it, too. Dave Grayson of Dallas ran a pass interception back 99 yards for a touchdown, which was 19 yards farther than the record set by Dave Webster of Dallas last year.

Cafeteria Five, Byrne Win 'Y' Winter Cage Contest

Accuracy at the foul line proved to be the difference Saturday night as the Trailways Cafeteria nipped Delanoy, 70-64, in a YMCA Winter Cage league contest.

The other game produced a lopsided 69-31 win for Byrne Chevrolet over Doran's.

Trailways had slim leads at the end of each quarter but Delanoy rallied in the final period to make the game close. The winners had 20 successful free throws against only 14 for the winners. They proved to be the winning margin.

Bill DuBois had 22 points and Bill Fitzgerald added 17 for the winners. Rick Broberg hopped 22 for the losing side.

Byrne didn't have to work up a sweat after the first half in its lopsided win over Doran's. The winners had 48 points in the third and fourth periods against only 14 for the losers.

Bruce Wiederspiel led the attack with 19 points and Fred Orr added 18. Bruce Fiore led Doran's with 13 markers.

Tuesday's schedule finds Ray's meeting Doran's at 7:15 and Dick's playing Rondout Valley at 8:15. On Wednesday, Hayes Lincoln-Mercury meets Accord at 7:15 and Yellow Jackets play Balotin at 8:15. The Saturday slate finds Delanoy playing Newkirk at 7:15 and Byrne meeting Trailways Cafeteria at 8:15.

St. Bonaventure Will Have Questions Answered Tuesday

By THE ASSOCIATED PRESS

How good are St. Bonaventure's Indians, winners of the Bluegrass Invitational Basketball Tournament: Is Miles Aiken a replacement for graduated All America Tom Stith?

The answers probably will come at the end of Tuesday night's St. Bonaventure-Duquesne battle at Pittsburgh.

The Bonnies had been discounted in the pre-season figuring because of a new coach, the graduation of Stith and the loss through illness of high-scoring Fred Crawford.

The team won the Blue Gass Invitational by nipping Louisville, 73-72, Saturday night after an opening round, 66-65, victory over Western Kentucky.

Aiken, named most valuable player for the tournament, scored 36 points in the final game, a record, and 58 in two games, another tournament record.

Duquesne, meanwhile, won the Steel Bowl Title at Pittsburgh by beating Pittsburgh, 73-70, in the final round after upsetting seventh-ranked Duke, 66-61, in the first round.

Results of other games Saturday that involved Upstate New York teams:

Cornell 71, Columbia 58; Canisius 88, San Francisco 69; Niagara 78, LaSalle 640 Union 77, Hamilton 67; Potsdam 73, New Paltz 67; RPI 55, Hartford 49; Harpur 62, Albany 58; LeMoyne 66, Scranton 53; Hartwick 67, Pace 58; Fredonia 84, Roberts Wesleyan 80; and Buffalo State 82, Detroit Tech 66.

The week's schedule is light, although it includes the Duquesne-St. Bonaventure clash and undefeated Cornell playing host to Rochester. Most teams are idle until post-Christmas tournaments.

The schedule:

Monday—Alfred at Long Island University.

Tuesday — Syracuse at Penn State; St. Bonaventure at Duquesne; Albany at Utica; Rochester at Cornell; Le Moyne at Oswego; Hartwick at Yeshiva; Alfred at Upsala.

Thursday—Pitt at Syracuse.

Friday—Oswego at Queens.

Saturday — Cornell at Illinois; Oswego at Danbury.

Liberty Contest MayBeDisbanded

PHILADELPHIA (AP) —Syracuse beat Miami 15-14 Saturday in a crackling good Liberty Bowl football game, but apparently even top-flight performance is no match for bad weather.

Ambrose (Bud) Dudley, head of the bowl association, said that unless he gets financial help the third game Saturday could have been the last.

Dudley suggested that business and industry buy blocks of tickets as a means of preserving the game in Philadelphia. He indicated there was a possibility he might promote the game elsewhere.

Only 15,712 showed up for Saturday's Syracuse-Miami game played in sub-freezing temperatures. Even with the $100,000 television money contributed by the National Broadcasting Co., Dudley and his associates will have to absorb a sizeable loss.

The game was everything a football fan could desire with Ernie Davis, Syracuse's All-America halfback, putting on a great show. The 210-pound workhorse carried the ball 30 times for 140 yards and scored one touchdown.

Toronto Skaters Near First Spot

By THE ASSOCIATED PRESS

Maybe it's about time to take seriously the words of Punch Imlach, the general manager and coach of the Toronto Maple Leafs.

Imlach, all along, has insisted that his Leafs will win the regular season National Hockey League championship and end the four-year domination of the Montreal Canadiens.

With veteran goalie Johnny Bower, the Vezina Trophy winner last season, back in the nets after an ankle injury had sidelined him, the Leafs swept a pair of games over the weekend. Toronto turned back the Bruins 4-1 in Boston Sunday night after defeating the New York Rangers 4-2 the night before.

In other games Sunday night, the Detroit Red Wings downed Montreal 3-1 and the Chicago Black Hawks whipped the Rangers by the same score.

The Leafs, in extending Boston's winless streak to eight games, moved to within one point of first-place Montreal.

Runaways Run In Hockey Loop

By THE ASSOCIATED PRESS

The runaways continued in the divisions of the American Hockey League Sunday night, with Springfield fattening its eastern lead to 11 points with a 5-1 romp over Buffalo, and Rochester going nine in front in the west after thumping Quebec 4-1.

Springfield got a three-goal performance from Bruce Cline in nailing its 20th victory against seven losses and two ties. Rochester kept Quebec's winless road record intact, while pushing its own recent streak to 12 victories and a tie in its last 16 games.

In the only other game played, goalie Ed Giacomin turned in his second shutout in a week as Providence stopped Cleveland 3-0. The victory, seventh for Providence in its last 10 games, pushed the Reds to within three points of Hershey, second place team in the east.

Griffith Risks Shot at Title

By THE ASSOCIATED PRESS

Emile Griffith is a fighter who likes to work at his trade. But this desire could prove to be costly for the recently dethroned welterweight champion.

The 23-year-old boxer-puncher risks a likely March title fight with champion Benny (Kid) Paret by taking on the once formidable Isaac Logart of Cuba at New York's St. Nicholas arena Saturday night.

A decisive defeat could dim Griffith's hopes of a third and rubber fight with Paret. Griffith, a Virgin Islands native now living in New York, won the crown from Paret on a knockout last April 1 and then lost it back on a disputed decision on Sept. 30.

Griffith has a 26-3 record including 10 kayos. He figures to be too strong for the 28-year-old Logart who has slipped considerably since he was the No. 1 contender.

Clarkson Heads for Garden Tournament

Undefeated Clarkson, after rolling over eight hockey foes, heads for the Madison Square Garden hockey tournament Thursday.

Clarkson won its eighth victory Saturday at the expense of the University of Montreal, 4-3.

Clarkson had peppered Montreal goalie Regent Beaudet and held a 3-0 lead going into the final period.

Montreal surged back but could not overtake the Clarkson skaters.

Beaudet stopped 46 shots during the game, while Clarkson's Wayne Gibbons blocked 14.

In other games involving Upstate New York College teams:

Cornell scored its first hockey victory over Yale in 50 years, 2-1, at Ithaca, Rensselaer Poly edged Boston College, 4-3, at Troy, and Williams battered Hamilton, 11-0, at Williamstown, Mass.

Quadruplets Get Stacks of Cards From Many Areas

HOLYOKE, Mass. (AP) —It's been Christmas every day for the Feyre family since the birth of their quadruplets 8½ months ago.

Letters and cards of congratulation for Mr. and Mrs. Raymond J. Feyre, parents of Holyoke's quads, still arrive daily from many parts of the world. The Feyres have six other children.

These messages bear wishes of joy at the rare quadruple birth, said to occur only once in every 750,000 births.

"You'd think that the quads would be all work," says Mrs. Feyre, 36, "but it's not like that. There is always something to laugh about and something new to talk about every day. It seems as though we've had Christmas all along."

The favorite toys of Robert, Maureen, Margaret, and James are discarded cereal boxes .But this week, they're tugging at the legs of two rubber reindeer.

Each quad will receive a small stuffed toy from the parents this Christmas. Mr. and Mrs. Feyre are planning an inexpensive yuletide for the babies and "one gift that they would really like" for the other six children in the family.

Glenerie Club Bridge Results

Mr. and Mrs. Robert Yallum posted an exceptionally high 65 per cent game to win first place on the North-South side of the Glenerie Bridge Club's Fractional point tournament. Miss Dorothy Maroon and Dr. Murray Fletcher paced the East-West with 56 per cent.

Runnersup on the North-South side were Mrs. Harold Rakov and Mrs. Charles W. Walton, Kingston, 52 per cent; Mrs. Naomi Van Gaasbeck, Kingston, and E. G. Port, Syracuse, 51 per cent.

Milton Dubin and Stanley Kaplan of Kingston were second with 50½ per cent on the East-West. There was a three way tie for third place at 50 per cent among the teams of Morton Honig-Paul Mezer; Mr. and Mrs. Edward De Temple and Richard Hulnick and Stanley Simon, all of Kingston.

Races Tighten In Cage League

By THE ASSOCIATED PRESS

The races are tightening in the American Basketball League, even in the Western Division where the Kansas City Steers looked uncatchable a couple days ago. In the East, Pittsburgh has pulled into a tie with Cleveland.

Kansas City, which had won nine in a row and 17 of 20, lost two weekend games, including a 100-96 decision Sunday night that enabled Pittsburgh to gain a share of the Eastern division lead. The second place Los Angeles Jets moved to within three games of the Steers with their fourth straight victory, a 115-103 decision over San Francisco.

The Seers-Rens game was the windup of a doubleheader at Pittsburgh. In the opener, Washington edged Cleveland 90-88 as Roger Kaiser scored 33 points.

In the league's other game, the Chicago Majors downed Hawaii 96-91 in Milwaukee.

Bluebonnet Bowl Will Make Money

HOUSTON (AP)—A final audit of the Bluebonnet Bowl's box office probably won't be finished for several weeks, but the bowl president said today he expects the figures to be black again.

Bob Abercrombie, president of the bowl association, said he anticipates a profit on Saturday's Rice-Kansas game. He said the three-year-old bowl has never lost money. Proceeds go to charity.

Kansas, a three-point underdog, put on a second half rush to stun Rice, 33-7, before 52,000 fans.

Kansas had a 6-3-1 record before the bowl game. Rice was 7-3 for the season.

Buffalo Tries Lure on Davis

BUFFALO, N.Y. (AP)—Reuben Pastor, president of Buffalo's American Hockey League Club, has offered football star Ernie Davis a job with his bottling company if Davis signs with the Buffalo Bills.

Pastor's weekend offer was one of the latest in the furious bidding between the National Football League Cleveland Browns and the American Football League Bills for Davis' services.

The Syracuse halfback and Heissman Trophy winner would get a public relations job with the bottling company, Pastor said.

Slippery Driving Cause of Mishaps Over the Weekend

Slippery conditions during the weekend snow resulted in several minor city mishaps, which did not warrant full report, but one on the Broadway hill Sunday brought injury, and two persons were reported hurt Saturday night in one attributed to a stuck gas pedal.

Police said a car which spun out of control in a skid on the Broadway hill at Stuyvesant Street early Sunday became involved with a truck and the latter hit a retaining wall.

John Edward McSpirit, 28, of 27 Washington Avenue was listed as driver of the car, and the truck, owned by the M-W Milk Transportation Corp. of Highland Mills, was operated by Ferris Paul Tomer, 28, of Hickory Street, Highland Falls.

Jean Kirstins, 26, of 29 East Pierpont Street, reported a head injury. Officers Meyer Levy and Francis Buchanan, who investigated, said the car was headed downhill and the truck was going up Broadway.

Two persons reported injuries after a car in which the gas pedal was reported stuck, hit the parked car of Dr. John Oliver, of 75 St. James Street, near 9 O'Neil Street Saturday night.

The moving car, police said, was owned and driven by Richard Nace, 18, of Clintondale. Reported injured were: Pat Cardinale, 15, of 88 Farrelly Street, bruised legs, and Anthony Secreto, 18, of 32 Broadway, head injury.

Dr. Olivet's car, the report said, was forced into a pole. Officer Louis Sapp investigated.

Another mishap, said to be due to skidding near 82 Abeel Street, was reported early Sunday night. Officers Harry Short and Bernard Bouton, who investigated, said a car driven by James J. Farrell, of Montgomery Street, Saugerties, skidded in snow and struck the parked car of Arthur Krom, of 57 South Manor Avenue.

Vols Quell Fires In Home, Trailer

Ellenville Vols were called late Sunday night and early today for two fires, one at Spring Glen and the other in a trailer court off Route 209 in Ellenville.

According to meager reports, the fires, one in the home of John Caldwell in Spring Glen and the other in the John Conklin trailer at Frank's Trailer Court off Route 209, did not do extensive damage.

Officials of the Ellenville Fire Department could not be reached for details of the two blazes.

Portugal Asks Session Of Council Over India

Trials Are Scheduled, Hearings

Sit-ins, Riders Are Due in Court

BALTIMORE (AP)—Court trials and hearings were to be held today and Tuesday for demonstrators who have staged sit-ins to protest discrimination against Negroes in Maryland.

Ten persons arrested Nov. 11 and charged with treaspassing at a diner in Annapolis were to receive jury trials in the Anne Arundel County Circuit Court.

Later today, 12, of 15 persons arrested during Saturday's massive freedom ride, which sent between 600 and 700 integrationists into 40 restaurants bordering U.S. 40 in northeast Maryland, will have hearings.

Police arrested two juveniles, each 17, Saturday, and one demonstrator was charged with a traffic violation. Authorities had not set hearing dates for those three.

Like Pincer Movement

The protest against racially-segregated serving policies came Saturday in the form of a pincer-movement caravan divided into northern and southern branches.

Riders from Baltimore and Washington grouped in Baltimore and moved northward to the target area. Another array of cars massed along the southern edge of the New Jersey Turnpike before hearing south.

The long - threatened freedom ride came after officials of the Congress of Racial Equality (Core) reported that 40 of the 85 restaurants in the sector refused to serve Negroes. The establishments line a 60-mile stretch of U.S. 40 in Maryland and Delaware.

Marchers Follow Visits

A march through the streets of Baltimore by an estimated 200 demonstrators followed the visits to restaurants. Pickets lined the state office building near the heart of the city.

State and Harford County police rushed to the Aberdeen Restaurant in northeast Maryland where about 60 integrationists congregated and sang hymns. The demonstrators left the establishment after hearing a recital of the state's trespass law.

Many restaurants closed in the face of the freedom ride and others required table reservations or increased parking fees in an effort to ward off the demonstrators.

Attempt Is Made To Settle Race Problem at Home

ALBANY, Ga. (AP)—A grass-roots effort was launched today to solve this embattled south Georgia city's bitter segregation controversy with a minimum of outside help.

Under discussion in biracial talks was a proposal to ease up for 60 days the integration struggle, which has landed more than 700 Negroes in jail within a week.

Prominent in the deliberations was Marion S. Page, local Negro leader who said he and his associates welcome outside help but "as of now, we need no help."

Hold Conference

He and two Negro lawyers, C. B. King of Albany and Donald L. Hollowell of Atlanta, went into conference with Mayor Asa D. Kelley and Police Chief Laurie Pritchett after the mayor had conferred with members of the city council.

One suggestion was that all except 11 of the 400 Negroes remaining in jail be released and their trials be delayed for two months while down-to-earth attempts are made to resolve the entire dispute. The 11 not included in the proposal are "Freedom Riders" whose arrest precipitated mass demonstrations.

Officials viewed with obvious favor a position Page has taken

Gullion Hopeful On Tshombe, Adoula

LEOPOLDVILLE, the Congo, (AP) — U.S. Ambassador Edmund A. Gullion today flew to meet Moise Tshombe and hoped to bring the Katanga president back for unity talks with Congo Premier Cyrille Adoula.

Gullion took off at daybreak in a U.S. Air Force Constellation as President Kennedy's personal peace envoy.

One report from Elisabethville said Tshombe was still inside his heavily defended official palace in the Katanga capital under siege by U.N. troops only yards away. Other reports placed him in the African district south of Elisabethville.

American officials here said unless Gullion's pilot got definite word that Tshombe was waiting in his capital, the ambassador would land at Ndola, in neighboring Northern Rhodesia, and hope to meet the separatist Katanga leader there.

Decides After Meeting

Gullion decided on his sudden flight after conferring Sunday night with Adoula shortly after the premier's return from a trip to Kivu Province.

Adoula reportedly agreed to meet Tshombe but Congolese government officials here clearly were in no mood for talks except on their own terms — bringing Katanga back under the wing of the Leopoldville regime.

American officials emphasized that Gullion had no intention of offering Tshombe a cease-fire in his embattled secessionist province as a condition for talks with Adoula.

To Guarantee Safety

But the ambassador was empowered — with U.N. approval — to guarantee Tshombe and his party safe passage and protection from arrest should he agree to come to a meeting with Adoula. Kitona, the U.N. military base along the Congo's Atlantic coast, was mentioned as a likely site.

Tshombe reportedly has indicated in informal contacts with U.S. diplomats in the past few days that he would agree to this arrangement.

Gullion's mission was limited to setting up the meeting between the two Congo leaders — not to mediating their talks. Kennedy stepped in the Congo crisis directly after Tshombe appealed to him to intervene to bring a cease-fire in the fighting between U.N. and Katanga forces.

No Cease-Fire

U.N. Acting Secretary-General U Thant, backed by the United States, has repeatedly made clear that there will be no cease-fire until U.N. objectives in Katanga are achieved.

U.N. troops were crushing Katanga resistance in Elisabethville today with only two remaining objectives still needed to give them virtual control of the city — Tshombe's palace and Radio Katanga.

The drive launched by 5,000 U.N. troops has carried into the heart of Elisabethville with a giant pincer movement clamping a vise to isolate the city.

33 Perish Since Friday Night in Fires, Collisions

ALBANY, N.Y. (AP) —Two fires, each of which killed a family, and a pair of automobile accidents that killed three persons each, swelled the accidental death toll in New York State over the weekend to 33.

Twenty persons were killed in traffic accidents during the period from 6 p.m. Friday to midnight Sunday night. Eleven others died in fires and two died in other types of accidents.

An apartment-building fire at Rochester Saturday killed Mrs. Gladys Baker, 31, her daughter, Marilyn Montgomery, 7; a son, Kerry Montgomery, 8, and a nephew, Andrew E. Owens.

The dead were Mrs. Rita Souva, 25, her sons, Roney, 5, and Ricky, 3, and a daughter, Geraldine, 1.

Three young men were killed Saturday when, while on a Christmas - tree gathering expedition, their truck and an Erie Railroad switch engine collided at a farm road crossing near Portland in Chautauqua County.

The dead were Ivan McFadden, Jr., 17, and Edward H. Cox, 19, both of Portland, and Winston Delcamp 17, of Brocton.

Stores to Close Saturday at 9, Not Earlier Hour

A 9 p. m. Saturday closing of stores on the last Saturday before Christmas, was announced today by Clyde E. Wonderly, president of the Kingston Uptown Business Men's Association.

Originally it had been planned to observe the usual 5 p. m. closing on the last Saturday before the holiday but the rainy weather today caused a change in the plan.

Convicted Man Seized by FBI In Bank Holdup

A 32-year-old man, who was convicted in Dutchess County in 1950 of attempting to rob the Beacon Leather Goods Co., Poughkeepsie was apprehended Saturday by FBI agents in connection with a $12,000 robbery of a Long Island bank, according to the Associated Press.

Rubin Frank, a merchant seaman ,was seized as he picked up a car at a New York City garage. The FBI said the car was used in a getaway from a holdup of the Eastern National Bank of Smithtown, L. I., Friday morning.

The FBI recovered $10,000 of the loot.

Poughkeepsie police said Frank was arrested in that city on Nov. 13, 1949 in the attempted payroll robbery at the Beacon Leather Goods Co.

Authorities said Frank was not a resident of Poughkeepsie at the time of the attempted payroll robbery, but was visiting a brother, who since moved from Poughkeepsie.

Rubin Frank pleaded guilty to attempted robbery in the second degree and Dutchess County Judgge John R. Schwartz sentenced him to Elmira Reformatory for five years.

Security Council Summoned

Parley Set for 3 About Invasion

BULLETIN

SECURITY COUNCIL HD .. ..

UNITED NATIONS, N.Y. (AP) —The U.N. Security Council was summoned for an urgent meeting this afternoon to deal with the Indian attack on Portuguese Goa.

The meeting was set for 3 p.m. EST after a request had been received from the Portuguese delegation for quick action.

Sharp Criticism Expected

India was expected to come under sharp ciriticism for the military action which began Sunday.

The invasion of Goa, Damao and Diu came after U.N. acting Secretary-General U Thant failed to get Indian Prime Minister Nehru to negotiate with Portuguese Premier Antonio Salazar over the enclaves.

He sent both men identical cables Thursday appealing to them to see that the situation on the borders of the three enclaves on the west coast of India did not deteriorate into a threat to peace.

Salazar Accepts

Salazar accepted the suggestion for negotiations, Nehru's rejection said India had consistently lived up to the United Nations charter, but Portugal had "consistently ignored United Nations resolutions on ending colonialism" and refused to send the United Nations required reports on her colonies.

Nehru accused the Portuguese of repressing the inhabitants of the territories and staging daily raids into India.

Salazar said Portugal was ready to negotiate international guarantees that the Portuguese territories would not be used against India's security.

Goa at a Glance

By THE ASSOCIATED PRESS

BOMBAY — Neutralist India spurned a U.N. appeal for talks and sent troops, tanks, bombers and warships to clear out three enclaves that Portual has held on the Arabian Sea coast for 4½ centuries. It claimed quick capture of Damao and Diu—a claim disputed by the Portuguese—and sweeping gains in a three-pronged drive into Goa, the larest of the three.

LISBON—Portual called for an urgent meeting of the U.N. Security Council to demand a cease-fire, withdrawal of Indian troops and a denunciation of India for "an unprovoked military aggression." It ordered internment of all Indian nationals in Portugal's overseas provinces and froze their assets.

LONDON—The Indian invasion, which Prime Minister Nehru called a police action, was denounced in Western nations, applauded by Communist bloc commentators. Indonesia, itself quar-

WELCOME FOR KENNEDYS—President and Mrs. Kennedy are welcomed to Caracas, Venezuela, by Venezuelan President Romulo Betancourt and his wife as the Kennedys arrived from San Juan during weekend trip to Puerto Rico and South America. (AP Wirephoto by radio from Caracas).

Kennedy Has Cold, Staying in Florida

PALM BEACH, Fla. (AP) — President Kennedy, suffering from "a heavy cold," stopped in Palm Beach today instead of returning directly to Washington from his weekend trip to Latin America.

Press secretary Pierre Salinger said Kennedy's present plan is to leave for Washington Tuesday morning.

Decides En Route

Salinger told newsmen that the decision to stay over in Palm Beach was made only this morning, en route to Florida from a refueling stop at Ramey Air Force Base in Puerto Rico.

Salinger used the description "heavy cold" in describing the chief executive's illness.

The Air Force jet carrying the presidential party had been scheduled to stop here only long enough to let off Mrs. Kennedy, who was to join her children at Palm Beach for the Christmas holidays.

Kennedy had intended to get together with them on Friday, on his return from a meeting with British Prime Minister Harold Macmillan in Bermuda.

To See MacMillan

Salinger's announcement that Kennedy's present plan is to continue on to Washington Tuesday indicated the President still expects to keep the date with Macmillan. His schedule has called for a flight from Washington to Bermuda Thursday.

Traces of a cold showed up Sunday night in Bogota as he spoke to a dinner given in honor of the Kennedys by President and Mrs. Alberto Lleras Camargo of Colombia. There was a slight huskiness in his voice.

Personal Success

The Kennedys' whirlwind trip to the upper tier of South America was an obvious personal success. An enthusiastic greeting at Caracas, Venezuela, where leftists had made violent attempts to incite demonstrations against the United States and an overwhelming reception at Bogota, Colombia, reassured Kennedy.

Puerto Rico had reacted as expected on Friday at the start of the weekend journey, with more than 200,000 exuberant spectators

10 Are Injured In 7 Accidents During Weekend

The third snowstorm of the season accompanied by freezing rain created hazardous driving conditions during the weekend causing seven traffic mishaps in the Kingston area in which 10 were injured and seven hospitalized. Two of the drivers were arrested and a milk truck stolen and recovered during the height of the storm, Kingston state police reported.

Driving was reported hazardous on roads south of Kingston causing the closing of Rondout Valley Central Schools and St. Peter's School, Rosendale today. Kingston schools were open.

Milk Truck Recovered

Kingston state police were alerted Saturday night that a Stoly Dairy milk truck was stolen from Fiero's Garage at Malden-on-Hudson. The truck was later found abandoned at Veteran Beef Company on Route 212, Trooper Richard Ryan reported.

In a skidding accident Sunday afternoon, near Stony Hollow, the driver of one car and his passenger were injured and taken to Kingston Hospital.

Aggression Is Charged By Nation

Nehru Says Move Is Police Action

By R. SATAKOPAN

BOMBAY, India (AP)—India today claimed capture of two Portuguese enclaves—Damao and Diu—and gains on all sectors in a light-third and largest of Portugal's possessions on the subcontinent.

Portugal asked for an urgent meeting of the U.N. Security Council and a denunciation of India "for an unprovoked military aggression."

Spurning a U.N. appeal for negotiations, Prime Minister Nehru sent troops, tanks, warships and bombers of this second most populous of the world's nations against the tiny territories under Portugal's flag since the 16th century.

'Liberated' Says India

The Indian government announced in New Delhi that Damao and Diu, north of Bombay, were "liberated" in this first day of what Nehru termed a police action.

A spokesman for Nehru's regime, leader of the Asian-African neutralist bloc, announced the Indian navy put a Portuguese warship out of action in a sea battle off Goa, 200 miles south of Bombay.

Denied by Portugal

Portugal, a charter member of the North Atlantic Treaty Organization, said it had only one warship in the area, the 30-year-old sloop Alfonso de Albuquerque.

The Portuguese, who had agreed to negotiations, said their forces were outnumbered more than 2-1, but were putting up gallant resistance in Goa. Men from the Diu and Damao garrisons were reported to have been withdrawn to strengthen the defenses of Goa, a territory of 1,537 square miles and a population of 600,000.

Near Capital

By Indian account, the three-pronged strike into Goa — with tanks helping to batter the way—was going according to schedule. Several towns were reported seized. Authoritative reports from Belaum, near the Goa frontier, said the invaders were within a few miles of Nova Goa, the capital.

Goa, the main battleground, is

Immigrant Admits Bayonet Slayings Of Kin's Family

MINEOLA, N.Y. (AP) — Police say Yugoslav immigrant Mate (Mike) Ivanov has admitted the bayonet slaying of his brother-in-law's family. He provided this detailed timetable for the massacre of the five:

Ivanov, escaped from a mental hospital, went to the home of Peter Gregov here on the night of Nov. 24.

He found two of Gregov's sons —Ronald, 15, and Michael, 12— alone in the house. They "laughed at me and called me crazy," he was quoted as saying. So he killed them with a 21-inch bayonet he had brought to this country from France.

Renovated Albany Mansion Has Color, Touch of Early American

ALBANY, N.Y. (AP) — The varied color tones of modern art against a background of expensive simplicity, plus a touch of Early American, now characterize New York State's 105-year-old Executive Mansion.

The house has been reopened after a $600,000 renovation that removed evidence of a fire that destroyed much of the interior last winter.

Gov. Rockefeller and his wife were rescued from that fire.

Rockefeller, who took a personal interest in the restoration and a hand in much of the planning, returned alone, however.

He and Mrs. Rockefeller, who once defended the building in a run-down section of Albany as "a wonderful old house," plan a divorce.

To guard against the possibility of another fire in the often-criticized structure, an extensive fire-hydrant sprinkler system was installed. The small, red tips of the sprinkler heads are virtually imperceptible in the ceilings.

In addition, fire curtains were installed at the foot of the main staircase on the first and second floors. The curtains, when drawn across the stair-landings, are designed to block drafts of the type that fanned the fire last March.

The exterior of the mansion remains old-fashioned and turreted. The red brick building, atop an elevated site on the edge of Albany's business district, has housed New York governors since 1874.

Inside, Rockefeller explained during a tour, the major change has been simplification.

Walls that were dark or wallpapered now are white. There is less furniture. In the formal dining room, the red plush of the chairs has been replaced by gold and white. A bright red rug occupies the large reception hall.

A visitor at the main entrance, is confronted by a painting by Picasso. The distorted figure of a girl is done in broad brush strokes.

Modernistic and abstract art dominates all but one of the public rooms on the first floor. The exception is the drawing room, where several dark, formal Early American portraits and paintings hang.

In addition, some of the rooms have been changed. A large, third-floor area —used by Theodore Roosevelt's sons as a boxing arena and by Thomas E. Dewey's sons as a basketball court—has been made into a sitting room for adjoining guest rooms.

Rockefeller resumed residence in the house Dec. 2. A group of about 20 neighbors, residents of tenement houses that surround the mansion, were among the first visitors.

Rockefeller conducted a tour of the gleaming interior, followed by a group of middle-aged housewives, a few elderly men and a young woman carrying one child and trailed by two others.

They saw the white walls, intricate ornamental plaster decorations on walls and ceilings and expanses of soft carpeting, and the collection of art.

A woman, asked what she thought of "Hirondelle Armour," an abstraction of deep reds and greens and black lines, replied tactfully:

"Well, the colors are nice."

250 Die, 500 Hurt Sunday As Fire Hits Circus Tent

NITEROI, Brazil (AP) — Fire roared through a nylon circus tent Sunday afternoon as 2,500 persons watched a performance. Police estimated 250 were killed.

It was Brazil's worst disaster and the worst circus fire in history, worse than the Ringling Bros. fire in Hartford, Conn,. in 1944 in which 168 died.

Officials early today said 180 bodies had been recovered, many of them children. An estimated 500 were injured, some seriously.

Gov. Celso Pecanha of Rio de Janeiro State said arson was suspected. Niteroi is across Guanabara Bay from Rio de Janeiro.

The fire flashed up the tent as two trapeze performers began their aerial act. Within five minutes the flames had enveloped the mammoth tent and seared the ropes. The blazing mass fell on the spectator..

Some were trapped in their seats. Others could not get near the exits. Some were trampled to death.

Fear-crazed women and children rushed for the exits, fell atop each other and caught fire.

Treatment of the hundreds of injured was hampered by shortages of medicine, blood plasma, hospital beds, doctors and nurses. Air force helicopters flew medicine and plasma from Rio de Janeiro and Sao Paulo. Radio appeals brought doctors and nurses from Rio.

Niteroi's five hospitals were filled. Others of the injured were ferried across the bay to Rio hospitals.

Among the survivors were the two trapeze artists. The woman, Antonietta Estevanovich, said she was standing on the platform and her partner was swinging through the air when they saw the fire.

"I didn't yell fearing he would fall," she said. "he completed his swing and we both jumped into the net and escaped."

Mostly Miserable Weather Hits U.S. Sectors Over Wet and Stormy Weekend

By THE ASSOCIATED PRESS

A variety of weather, mostly miserable, hit wide sections of the nation in a wet and stormy weekend.

The foul weather touched nearly all bases in the climatic cycle—snow, cold, strong winds, rain, sleet, fog, a tornado, thunderstorms and floods. The effects were nearly nationwide.

Freezing rain and fog in many areas in the eastern half of the nation made conditions hazardous for both motorists and pedestrians. Many storm-related deaths, most of them in traffic accidents on slippery highways, were reported, including nine in Iowa, eight in Indiana and two in New England.

Hundreds of persons suffered injuries, none serious, when a chartered bus skidded off an ice-slicked highway near Lebanon, Pa.

A snowstorm and cold air, powered by strong northerly winds, swept across Idaho into Montana and Wyoming and moved across the northern Rockies into the north central region. The mercury dropped to zero and below from Montana into Minnesota as the arctic air spread into the midlands.

Snow also hit many areas in the West, including parts of Colorado, Utah, Nevada, Arizona, Oregon and Washington. Up to 42 inches of snow covered mountain areas near Flagstaff, Ariz.

Torrential rains drenched areas in the southeast from Alabama and Georgia northeastward to the Appalachians. Thunderstorms rumbled across sections of Louisiana, Mississippi and Alabama. A tornado hit a rural area near Marion, in western Alabama, causing minor property damage. One man suffered minor injuries.

Mild moisture-laden air dumped more than two inches of rain in a six-hour period in parts of Alabama and eastern Tennessee. Lighter rain and drizzle sprinkled areas westward into the lower Mississippi Valley and northward into the Ohio Valley and middle Atlantic states.

Floods forced several hundred persons from their homes in Alabama and Mississippi. In Mississippi, more than 250 persons were evacuated from their homes along the Pearl River east of Jackson and in Aberdeen and Columbus on the Tombigbee River. In central Alabama, about 250 families left homes at the junction of the Alabama and Cahaba rivers. Many highways were flooded.

Fog curtailed air travel in some cities, including Washington, Chicago, Atlanta and Charlotte, N.C. Traffic controllers in the tower at Washington's National Airport said the fog Sunday was so dense they could not see the ground.

Research Agency On Car Accidents Plan for State

ALBANY, N.Y. (AP)—The state should establish an automotive medical research agency, directed by a physician and an automotive engineer, to inquire into the causes of traffic injuries and deaths, a legislative committee says.

The Joint Legislative Committee on Motor Vehicles and Traffic Safety introduced bills Sunday that would set up the agency. The committee said the unit would be the first of its kind in the nation.

The committee outlined the agency's three main jobs as:

"Fact finding about causes of accidents including human factors—physical and mental — road design and automobile operating parts; reduction of injuries when an accident occurs, including testing and evaluating interior safety devices and liaison with Detroit's manufacturers; reporting all findings to the Legislature, to the Motor Vehicle Department, State Traffic Commission and State Police."

Portugal Asks

on the Arabian Sea at about the latitude of Guatemala. Indian air force planes bombed Nova Goa's airport, an Indian spokesman announced. He said the runway and one radio station were put out of commission.

Use Bombing Tactics

India adopted bombing tactics because of the impossibility of entering the capital's harbor, which had been heavily mined by the Portuguese, he said.

Otherwise Indian troops had gone between eight and 10 miles inside the border in a wide arc, the spokesman said.

Criticized by U. S.

The Indian invasion to seize the territories ruled for more than four centuries by Portugal brought sharp criticism from the United States.

Secretary of State Dean Rusk called an urgent meeting of his top aides in Washington and a high-ranking official said afterward: "This is a classic example of the use of force by one of the most moralistic members of the neutral bloc."

Turn Deaf Ear

President Kennedy and British Prime Minister Harold Macmillan earlier had appealed directly to Nehru to seek a peaceful settlement of the long-standing dispute. But Nehru turned a deaf ear to their pleas.

Portugal ordered internment of all Indian nationals in Portuguese overseas territories and froze their assets. There are sizable Indian populations in Mozambique and Angola in Africa and in Macao on the Red China border.

Details of the fighting were skimpy but heavy firing could be heard at this Indian command post only a few miles from the Goan frontier.

Use Full Force

The Indian forces swept across the Goan border at three places in full force, with tanks, armored cars and air cover.

Defense Minister V. K. Krishna Menon said in New Delhi that the invaders were being helped by underground sympathizers inside Goa. He said there was evidence the Portuguese were blowing up bridges and destroying oil storage tanks in a scorched earth policy.

The Indian command said the invasion was going as planned.

Heaviest fighting was reported in Goa, an area of 1,348 square miles with a population of about 600,000. Only nominal resistance was reported in Diu and Damao, which together total only 53 square miles and have about 43,000 people.

SS Line Employes Play Santa Claus To 3,000 Children

NEW ORLEANS, La., — United Fruit Company employes are playing Santa Claus to more than 3,000 children of disaster-stricken British Honduras.

The 1,500 employes in the company's New York, Boston and New Orleans divisions contributed enough money to buy approximately 3,500 new toys which are being sent to Belize via the United Fruit ship Zephyr sailing from New Orleans. The toys will arrive in Belize two days before Christmas and will be distributed through the schools.

Toys for all ages were selected —dolls, paint sets, play dishes for the girls; and baseballs, trucks and games for boys.

In order to emphasize the personal nature of these gifts, each toy is tagged with the names of the children of United Fruit employes, and these children are looking forward to perhaps finding some Latin American pen pals.

Various communities in British Honduras are still repairing the ravages suffered when hurricane Hattie struck October 31, leaving a trail of death and destruction and thousands homeless. While a great deal is being done by the British Government and international agencies to furnish families with basic necessities, the United Fruit Company employe group felt that Christmas would be brighter for the children because of this "Santa Claus Never Forgets Children" project.

Fourth Man Gets Prison Term in Narcotics Probe

SYRACUSE, N.Y. (AP) —Edward P. Corley, 33, of Buffalo, the fourth member of a multi-million-dollar narcotics ring to be sent to prison, was sentenced today to serve 6 to 12 years in Attica State.

Judge Leo Reed of Onondaga County Court gave Corley concurrent terms of 6 to 12 years for possession of heroin with intent to sell, 3½ to 7 years for conspiracy.

Everett Mitchell of Syracuse, who had been scheduled for sentencing, did not appear. Mitchell was convicted on a misdemeanor charge of possessing a hypodermic needle. His sentencing was postponed twice previously because he reportedly was out of the state.

Three other persons, including ringleader Burrie McCall of Buffalo, were sentenced last Thursday.

Two Men Seized With Bogus Bills

ST. LOUIS, Mo. (AP)—Federal authorities in St. Louis report they have broken up a two-man counterfeiting operation and seized $37,000 in "very deceptive" bogus bills.

The counterfeiters had passed about $7,500 in phony $5, $10 and $20 bills, authorities said.

Garry Stigall, head of the St. Louis office of the Secret Service, identified the counterfeiters as Paul Eugene Kestersen, 43, and Joseph Ziglin, 51.

Secret Service agents arrested Kesterson Friday night in Clayton near a title company where he worked and where he printed the bills, Stigall said.

Agents found $2,000 in completed bills in the shop and two of the photo plates which Kesterson, a printer, said he used in making the last batch of bills.

Ziglin was arrested at a filling station he operated in St. Louis, where $35,000 in counterfeit bills was seized.

Lion Bites Admirer

DALLAS, Tex. (AP)—A professed animal admirer showed up at a Dallas hospital with a portion of his left index finger missing.

David Gray, 27, said he went up to a lion's cage Sunday and stumbled over his unbuckled overshoes.

He fell against the bars, awkening the lion. Gray said the first thing he knew the animal had snapped off the top of his finger.

"Now everybody is going to blame the lion," Gray said. "Gosh, it wasn't her fault. I was the stupid one."

Car Injuries Fatal

ALBANY, N. Y. (AP)—Richard Rourke, 6, of suburban Loudonville, died Sunday in Albany Medical Center Hospital of injuries suffered Dec. 11 when he was struck by an automobile in front of his home.

Stay Is Refused Freedom Riders In Supreme Court

WASHINGTON (AP) — The Supreme Court unanimously refused today to order a stay of proceedings against "Freedom Riders "arrested in Jackson, Miss.

The court acted on a request by the National Association for the Advancement of Colored People which protested asserted delays in trials and burdens inflicted on the arrested persons "by virtue of the vexations multiple prosecution program."

The court's action was announced in an order which said that the persons asking that the Jackson proceedings be stayed were apparently not those being prosecuted in Mississippi courts.

Today's action by the high tribunal came one week after it struck down "breach of the peace" convictions of 16 Negro sit-in demonstrators who tried to desegregate lunch counters in Baton Rouge, Louisiana.

Might Act Later

That decision last Monday did not decide broad constitutional questions raised in the cases. It was based on the comparatively narrow ground that there was no evidence the defendants breached the peace.

Today's refusal to stay the Jackson proceedings does not necessarily mean the Supreme Court might not act on the cases later, after the state courts act.

The Supreme Court's order today commented that "a federal injunction to stay state criminal proceedings is an extraordinary remedy."

Serious Question

The court added:

"In addition to the considerations normally attending an application for such relief, a serious question of standing is presented on this motion (for a stay), in that it appears that the movants (those making the motion) themselves are not being prosecuted in the Mississippi Courts. On the record before us, the motion for a stay injunction pending appeal is denied."

The action today resulted from refusal by a three-judge federal court in Mississippi to order a halt to continuing prosecution of Freedom Riders.

The three judge court on Nov. 17 ruled that issues raised by Freedom Riders had to be decided first in state courts.

Appeals to Court

From this Nov. 17 ruling, the legal defense fund of NAACP appealed to the Supreme Court asking that it stay all Jackson proceedings pending a review of the three-judge court ruling.

The NAACP request asserted state prosecutors had refused to agree to a test suit in state appellate courts, with the result that a long delay appeared possible before the highest tribunal could be given an appeal on the merits of the case.

A reply brief filed with the Supreme Court by lawyers for the city of Jackson asserted that they had offered to litigate a test case after the first group of Freedom Riders arrived in the city.

Today's Supreme Court rejection of the stay request turned down a Justice Department contention that a stay should be granted."

Trials Scheduled

for local determination of the issues.

Blames Agitators

At a news conference in Atlanta, Gov. Ernest Vandiver charged today that outside agitators connected with organizations having a subversive background were responsible for the Albany demonstrations.

He said this information had been transmitted to Atty. Gen. Robert Kennedy by Mayor Kelley, who provided Kennedy with six names.

"We have information that six outside agitators were sent into Albany several weeks ago to stir up trouble and they are still there," Vandiver said, "they have been connected with organizations which have been designated as subversive."

The demonstrations were in protest of segregation in general as well as the arrest of eight outsiders and three local residents in the rider display.

Hearings for some of those arrested were scheduled in the city hall that has been the focal point of the demonstrations.

Negroes en masse marched on the building five times in protest of segregation and the jailing of eight "Freedom Riders" and three Albany residents.

The Freedom Rider group was arrested after trying to desegregate railway facilities Dec. 10.

Charged With Parading

The Rev. Martin Luther King Jr., of Atlanta led the latest march Saturday and was arrested along with 265 others, including Dr. W. G. Anderson, president of the Albany Movement and the Rev. Ralph Abernathy, secretary of the Southern Christian Leadership Conference. They were charged with parading without a permit, obstructing traffic and blocking sidewalks. Each was jailed under $200 bond.

Are Determined

The Negroes voiced determination Sunday night to continue their campaign. M. S. Page, who took command of the movement in the absence of Anderson, said that an economic boycott of white merchants would be pressed, and Christmas celebrations would be postponed until civil rights goals were achieved.

Juvenile Court Judge Hudson Malone released 33 girls and 38 boys who were arrested in Saturday's march. He made them wards of the state, released them without bond to the custody of their parents and warned them not to violate any laws.

Texas Campaign Reopened Today

WICHITA FALLS, Tex. (AP)—Democrat Graham B. Purcell, top vote-getter in Saturday's special election to fill the 13th District post in the U.S. House, begins campaigning anew today.

So does Republican Joe Bailey Meissner, who will face Purcell in a runoff election to be held sometime between Jan. 22 and Feb. 6. Gov. Price Daniel will set the date.

Tabulation of all but about 120 votes showed Purcell with 8,935 votes to Meissner's 6,704. Three others were eliminated.

The House seat was vacated by Democrat Frank Ikard, who resigned to become executive vice president of the American Petroleum Institute.

Both Purcell, 42, and Meissner, 36, said they welcome a clear cut Democratic-Republican choice for the voters in the runoff.

Scranton Seeks Seat in Congress

HARRISBURG (AP)—Congressman William W. Scranton stated in more emphatic terms today his non-availability for the Republican party's statewide ticket in 1962.

Although Scranton said last month he would not be a candidate, reports have persisted in GOP ranks since then that he might be convinced to run for statewide office, particularly the U.S. Senate.

Reached by telephone at his Dalton home, Scranton said:

"I am sticking to the position I stated several weeks ago—that I intend to run for Congress next year and that I feel my first obligation is to the people of the 10th District who elected me.

"I feel very strongly about this. That is why I made my statement as early as I did. I feel the party has some very fine candidates if they can agree on them."

Louisiana Ends 1961 Campaign For Congressman

SHREVEPORT, La. (AP)—One of the hottest two-party political fights in Louisiana in years winds up Tuesday when the 4th District elects its new congressman.

A larger-than-normal absentee vote in the largest of the northwest Louisiana district's seven parishes indicated high interest in the election between Democrat Joe D. Waggonner and Republican Charlton H. Lyons Sr.

Waggonner, 43, of Plain Dealing, a member of the State Board of Education, remained a strong favorite to succeed the late Rep. Overtoon Brooks despite the vigorous campaign by Lyons, 67, Shreveport oilman.

The district has not elected a Republican since 1873.

Both candidates are segregationists and extreme conservatives. Their platforms are similar.

An indication of the degree of Lyons' uphill struggle is in the district's registration figures. About 97 per cent of the 95,221 registered voters are Democrats.

The Republican presidential ticket, with more than 40 per cent of the vote, led both the States Rights party's unpledged electors (including Waggonner) and the Democrats in the 1960 election.

At the same time, however, Brooks defeated Republican Fred McClanahan 38,295-16,827. Brooks died Sept. 16.

First census on the Gulf of Mexico was taken at Mobile, Ala., in 1704.

HARRISBURG (AP) — Pennsylvania Democratic leaders hope to get together sometime next month to discuss candidates for governor and U.S. senator, State Chairman Otis B. Morse says.

Meantime, another name—State Superior Court Judge Harry M. Montgomery of Pittsburgh—popped up in weekend speculation concerning the party's gubernatorial nomination.

Morse, in response to a query, said Montgomery had some support in western Pennsylvania but that it was too early yet to say anything definite about the make-up of the 1962 statewide ticket.

ECONOMIC LITERACY

If there is one thing our politicians like to drum into us, it is the superiority of our free enterprise economy over any competing system.

One would think from this that most Americans know pretty well what their own system is, how it works, what its specific advantages are. Apparently, however, they do not.

Secretary of Commerce Luther Hodges says flatly most of us know little or nothing about the U.S. economy.

Opinion Research Corp., noting in a study that business ownership in this country is fanning out steadily to people of modest incomes, finds that only about a third of U.S. stockholders can define capitalism with any accuracy.

Hodges believes that without better economic understanding there can be no broad-based support for the kind of policies needed to promote a healthy free enterprise system.

The worst of it, evidently, is that up until recently we have not acted to correct this deficiency.

It is estimated that of the 10 million youngsters who entered high school last year, only 10 to 15 per cent will ever take any kind of an economics course either in secondary school or college.

One educator says more than half those who provide some high school economics instruction in co-called social studies courses have themselves not had even one formal course in economics.

In this connection, it might be observed that two leaders in the educational world, Dr. A. Whitney Griswold and Dr. Robert M. Hutchins currently deplore the condition of U.S. higher education and find important roots of the trouble in deficient high school teaching.

Lately some efforts have been initiated to attack this country's widespread "economic illiteracy."

A task force cosponsored by the American Economic Assn. and the Committee for Economic Development is dredging up the uncomfortable facts to lay the basis for improvement.

The Council for Advancement of Secondary Education (CASE) is trying to find out what economic studies should properly be taught in high school. As part of this project it is publishing teacher-learning materials which first findings suggest will be suitable for studies at that level.

Another group of economists and educators has put out a "good reading" list in economics for high school use.

Nearly everybody grasps the idea that economics is the "stuff of life." Too many, though, seem content to live it without understanding it. Our touted free economy could hardly fail to work better if more of us knew its real nature.

A GUIDE ON SHELTERS

When a well known nuclear expert's makeshift fallout shelter was reduced to charred rubble in the recent disastrous California fires, a lot of people's eyes were opened. The beginnings of a healthy skepticism were manifested in many Americans who had gone along with the idea that shelter against the effects of nuclear attack could be had easily and cheaply.

This process is now being usefully advanced by the Federal Trade Commission guide to protect consumers against phony shelter claims and paltry shelters. This guide is intended primarily to curb those who are trying to make a good thing out of the nationwide interest in shelters.

The FTC insists, for example, that shelter salesmen and shelter advertising must not make the claim that the shelter they are pushing is a "blast shelter." This is based on the honest premise that no private shelter, certainly not a prefabricated shelter installed in the basement of a house, could withstand a nuclear blast.

The FTC guide gets down to cases. It insists on definition. To meet its standards, a fallout shelter must provide 100 times as much protection against radiation as an unprotected person would receive. To qualify as blast resistant, a shelter must withstand a pressure of 30 pounds per square inch; if it is described as a limited blast resistant shelter, it must withstand five pounds per square inch. Citizens will be advised to inform themselves as to the provision of the FTC guide, and to act accordingly if they decide to put in a shelter.

'These Days'

By GEORGE SOKOLSKY

KEEP THE SHOW ON THE ROAD

Herodotus wrote a great deal but one of his most used sentences is:

"Neither snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds."

This is used by the Post Office to advertise its function. Of course, these days of high costs, the Post Office is not perfect in carrying out this task and we sometimes wait for mail longer than we should, but then we are growing accustomed to inefficiencies. In fact, we tend to forgive inefficiencies and even to become increasingly less efficient ourselves.

If we apply what Herodotus had to say to government, using current dialect, we might say that one of the tasks of the day is to keep the show on the road.

The Depression made the government too large an institution and employed too many persons at favorable salaries with routinized fringe benefits which had the effect of rewarding the inefficient as well as the efficient, the well-trained equally with the less-trained and making a job permanent by what is called tenure.

The theory during the Depression was that because a person was born, he or she, whichever it might be, was entitled to two things: a government guaranteed livelihood and a vote. The former pleased the citizen; the latter, the politician. Then came World War II and millions of young people, male and female, were withdrawn from the population and put to work in some kind of soldiering. Of course, both the males and the females felt that they were performing beneficially and nobly for their country.

I have often wondered why the public took World War II more seriously than the first war of this kind, except perhaps that few knew what they were fighting for and still fewer know today what it was all about and who won the war. Be that as it may, many were killed, more were wounded, cities were blasted and hearts were broken.

The task, during the War and since, has been to keep government functioning and that has proved a most difficult task, because many governments collapsed, empires fell, colonies were set free, new governments came into existence and those who managed states were novices and amateurs who were caught with responsibilities beyond their ken and abilities.

Attempts at establishing a world state, or a world union, or a world organization were proposed in many forms but out of it all came the United Nations which started with 51 members and has now grown to 103 members and the growth has not yet come to an end. Every inch of the Earth is permitted to assert that it is a state except Katanga which is forbidden self-determination. If Mongolia may be a free state, why not Katanga? This puzzle has not been solved by anyone nor can it be understood why American jets and Irish troops are used to keep Katanga a part of the Congo but only Russian tanks were used to kill the people of Hungary. If the United Nations is to go in for promiscuous killings, it might kill some of those whom the Russians want to keep alive. It seems as though the United Nations specializes in fighting those whom the Russians hate.

Keeping government on the road is a very difficult task in these days when a program is hard to keep fixed for more than a few moments. Our Secretary of State, Dean Rusk, rushes off to Europe to compose such a program with our allies whom we have helped to remain alive, but they have programs of their own. Let us not be too excited about that, for in the end, they will know that we shall either stand together or fall together and that if the United States is unable to maintain a program, the whole Western World will collapse. Good sense rather than inordinate pride must prevail. Our major difficulty is that in the Western World there are too many cooks — too many great men whose varieties of greatness have to be reconciled until a program can be fitted together as it was during the past two years. This is what we face at the present moment and we either find a path to unity or accept defeat.

Safety Films Help Curb Accidents to Children

By HAROLD T. HYMAN, M.D.

Written for Newspaper Enterprise Assn.

One of medicine's proudest achievements of these past few decades has been the reduction in childhood suffering, invalidism and deaths caused by infections.

Many of the present generation of young parents and physicians may never know the ordeals of the youngster afflicted with "croup" (diphtheria), whooping cough (pertussis) or tuberculosis.

Many of the next generation of young parents and physicians may have only hearsay knowledge of what it means to care for the child with rheumatic fever or poliomyelitis.

Unhappily much that has been gained threatens to be canceled by the alarming increase in childhood accidents. As a giant forward step to meet this growing challenge, the Accident Prevention Committee of the American Academy of Pediatrics is making freely available to physicians and parent groups (such as P-TA's) a library of about 200 safety films.

Here are some of the subjects that may especially merit your consideration:

Home Safety. From fire hazards, falls, poisonings by gases and liquids, suffocation, skidding bathmats, oily rags, cluttered stairways, electric shocks, gasoline fumes, ingestion of candy and other medications, etc.

Pedestrian Safety. At cross streets, play streets and rail crossings and while walking roads protected and unprotected by traffic signal systems.

Safety on bicycles, with firearms, while swimming and in the use of farm tools and equipment.

And how-to films describing first aid methods in life saving, artificial respiration, rescue breathing and mouth-to-mouth resuscitation.

Cooperating in the production of these films, which run from seven to 22 minutes, are agencies such as the U. S. Air Force, the National Safety Council, police departments and their officers, industrialists, insurance companies, public power organizations, motion picture producers, railroads and other transportation companies, manufacturers of bicycles and rifles, farm bureaus and many other public spirited organizations.

You or your group may obtain without charge a booklet listing the safety films, and local and national film libraries from which these films may be obtained. Address your requests to the Accident Prevention Committee of the American Academy of Pediatrics, 1801 Hinman Avenue, Evanston, Ill.

"Let It Clearly Be Understood---We Want Nothing to Be Understood Clearly"

AS PEGLER SEES IT

By WESTBROOK PEGLER

Newsweek magazine recently sold out to the Eugene Meyer interests. Philip L. Graham, who married Meyer's daughter, Katherine, became chairman of the board. Meyer has been dead since 1959. He was one of the richest men in the world, but nevertheless he welched on a bet of $100 to my $50 that the Republican nominee whoever he might be, would be elected over Roosevelt in 1936. He and Ted Roosevelt, later got the Medal of Honor in Normandy, Heywood Broun and I had sat up late on a train bound for the Cleveland Republican Convention. Meyer was then a Republican, but he later became a Roosevelt henchman.

The day before the election — this was the year that Jim Farley said, "as Maine goes, so goes Vermont" — I got a wire from one of the richest men in the world who remarked that, of course, our little bet had been made in the spirit of raillery and that he wished I would agree that it was null and void. I never had much respect for Meyer so I was glad of the chance to throw him a tip of $100. I wired back that he was off the hook.

Broun, however, was a bet-eyed New Dealer with the New Dealer's avidity for a dollar, multiplied 100 times. He insisted that the bet had been made in good faith.

Meyer won a newspaper decision over Jesse Jones at a Gridiron Dinner one year and the publicity had it that he gave Uncle Jesse a pasting. They both were pretty old and it was one of those scuffles in which both boys whirl into a clinch and hang on until cooler heads save them from their impetuous folly. I can say, unfortunately, I was off in a corner playing bottoms up with Elliott and Jimmy Roosevelt, Felix Frankfurter, John L. Lewis and Henry Wallace.

Newsweek was Vincent Astor's plaything. Like Marshall Field and Jock Whitney, who threw in together in a ruddy venture called PM, Vincent was suffering from an overload of money and an attack of social conscience. He had been jammed up in tax problems, and he had generously loaned his yacht Nourmahal to Roosevelt for some fishing and laughing off the Florida coast after the 1932 election. Years later I had the vulgar gall to ask Vincent whether our emperor had paid him any rent or paid the crew's wages or paid for the stores or commissary, and Vincent wrinkled his nose like a wad of gum, replying that this was an impertinence. He probably thought I was ready to suspect that he was angling for a break on his income tax. He would have been right on the target. All the rich men I know would have had that motive.

I doubt that the emperor, at that time only a baron, ever did Vincent any favor in his taxes. He took favors, but didn't return them. He was a rich man himself, but he never had any yachts except that soap dish of his up around Campobello. Always on the mooch, he borrowed yachts until Casablanca when he put the bite on his old pal, the Common Man, for a Navy cruiser.

Recently, Philip Graham's Newsweek dusted off the old party line about "extremists" which Meyer had followed when Hitler was on the rise. Hitler terrified him, but he never viewed Stalin with any alarm.

In this new exploit, Newsweek took after Robert Welch, who organized the John Birch Society to promote patriotism. Newsweek ran a layout of pictures of Father Charles Coughlin; Fritz Kuhn, late of the German-American Bund, Gerald L. K. Smith, Mr. Welch and Joe McCarthy.

This was about the best example to smear technique which Meyer attributed to McCarthy that I have ever seen. I knew McCarthy real well and I venture that he never met Father Coughlin or Kuhn and that Smith observed the decency to stay across the lobby from him if they ever happened to be in the same hotel. Smith is very considerate that way. He realizes that if he shakes a patriot's hand in public some planted photographer may make a sneak shot and ruin a patriot. In my case, in the Mayflower, one night a pretty, gracious lady with gray hair sidled alongside me and said quietly, "do not turn and look, but I am Mrs. Gerald L. K. Smith. My husband and I admire your patriotic disclosures about the Roosevelts, but he tries never to embarrass people in your position." I turned and thanked Mrs. Smith and we shook hands and chatted a minute. Then I saw him across the lobby and threw him a wave. I meet all kinds, Roosevelt, Khrushchev, Chester Bowles. I never met Father Coughlin, but I must make an admission before it is too late to confess my belated agreement with Newsweek's quotations from Father Coughlin's master speech of those days. He called FDR "that great betrayer and liar, the anti-God." I wish I had said that.

Kuhn was unimportant, but we finally jobbed him into prison for misappropriations of some money which he had raised to cry up the menace of Moscow and assure Hitler was headed East, not West. He had spent a little of this money on his girl and we took a very scornful, high-minded position on such immorality. After he got out of Sing Sing he went back to the fatherland and vanished.

I have never seen Robert Welch, but if he is good enough for General Ted Walker, late of the 24th Division, I want to know him.

You have to judge good patriots by their enemies.

Far-Reaching Effect Seen In Catholic School Memo

By DAVID LAWRENCE

WASHINGTON — An important document has just been issued by the Roman Catholic Church in America which can have a significant impact on the legislative program of the next session of Congress. It can affect also the battles of the politicians in the congressional elections next November. It can have a far reaching influence ,moreover, on the size and nature of the financial aid given to education by the Federal government in the years to come. It is a rebuttal of the legal analysis by the United States Department of Health, Education and Welfare submitted to Congress earlier this year.

The new memorandum, which is more than 16,000 words long, was issued by the legal department of the National Catholic Welfare Conference here after it had received the "independent critical analysis of a number of Constitutional scholars and lawyers."

What is treated is something the same group has not stressed so much heretofore, namely, that the argument for Federal aid to education as a national policy is based on a "nationally felt need" in the "cold war" and on the attainment of important objectives at home—the conquering of disease and poverty, the improvement of cities, the advance of industry, the increase of useful invention, all of which "supply additional imperatives to America's new effort to educate its young."

The idea is emphatically rebutted that non-state schools "somehow do not perform a public service." A warning is given that this type of argument "points the way to a totalitarian society," which could begin by forcing church-related education out of the American scene and "the end could be a totally sovietized state."

'Taxpayers Spared'

The point is made that Catholic parochial schools today "are performing the public service of educating 18.6 per cent of all children in elementary and secondary schools" and that taxpayers generally have been spared in the last ten years the added burden of approximately $13.9 billion for education. The document says:

"This study is not a brief on behalf of the principle of Federal aid to education. But it would appear undeniable that so far as the question is one of policy and not of constitutional law, if the Federal government offers aid to public education, aid should similarly be offered to church-related education."

The memorandum then tackles the constitutional issues and flatly claims support from decisions of the Supreme Court of the United States for its conclusion that aid to education not directly related to an sectarian religion is constitutional. The so-called "separation of church and state," it is argued, merely means that our founding fathers forbade Congress to make any law establishing a preferred religion and that, if it meant withholding any aid from church-related schools, then Congress in the past and President Kennedy as well as his predecessors in the White House Have been inconsistent. For they have advocated certain forms of aid to church-related colleges. Congress has provided grants, loans, scholarships, aid to science laboratories, and tuition grants, irrespective of religion, to Korean veterans and to page boys of the Congress and to the Supreme Court itself. Already expenses for transportation, sewage facilities and similar aids have been held constitutional, even though given to church schools.

Court Decisions Quoted

Decision after decision of the Supreme Court of the United States is cited and quotations given to support the view that the First Amendment affirms the right of "free exercise" of religion and that Congress cannot put obstacles in the way by using the "separation" doctrine. Indeed, the famous desegregation case of 1954 is cited to show that the high court took into account psychological and cultural factors in ruling against "separate but equal" school facilities for whites and Negroes. While the brief insists that parents shall not be impeded in their efforts to give their children religious training and agrees that public schools should not teach sectarian religion, the thought is advanced that, broadly speaking, the public schools do teach religion through "the development of moral and spiritual values." The memorandum says:

"Notably the Supreme Court in the Zorach case made it clear that the Constitution does not require in all respects a separation of church and state and that the state may in numerous ways accommodate its programs to the religious interests of its citizens and institutions. . . .

"The providing of secular education is unquestionably a public service and may be financed with public monies. It is equally unquestionable that secular education is provided in private nonprofit schools, church-related as well as non-denominational. . . .

"Here it should be noted that the religious aspect in church-related schooling is an addition to, and that it is not a subtraction from, basic citizen-education requirements."

Meet Requirements

Emphasis is laid on the fact that church-related schools meet all the requirements of the states for general education, and that religious teaching is supplementary. The contention is that the Supreme Court itself encouraged supplementary religious instruction outside of public-school buildings by holding that a "released time" schedule is constitutional."

In short, the Roman Catholic memorandum says citizens must not be discriminated against and that, if Federal money is made available—as has been done with the support of the courts—for certain kinds of education in church-related colleges, then it is equally valid to appropriate Federal funds at the elementary-school level. It is further pointed out that "massive spending solely for public schools would in time result in a critical weakening of church-related schools, presaging the ultimate closing of many of them."

DO YOU REMEMBER

By SOPHIE MILLER

In the Rondout Savings Bank, Mill Street and Broadway, there are a new set of pictures on display from my collection. They may be seen during the regular banking hours. This time, they are two well known boats, the Norwich and the Mary Powell. There must be ever so many pictures of these two popular boats in various home collections, and perhaps even better than the ones I have.

One picture of the Norwich on display which I consider very fine was given to me by Captain Andrew Hickey USN (ret.) author of well known book, Story of Kingston. This remarkable book, of some 200 pages of facts and many pictures of Kingston, Mary Powell, Skillyput may be purchased at O'Reilly's book stores, and I think arrangements can be made to have it autographed by the author, Captain Hickey. It would make a fine gift for the holidays.

The pictures took up most of the space, so I could not use all the information I had to go with them. For instance, on Sept. 14, 1909, the Norwich was getting all spruced up for the Hudson-Fulton Naval Parade, and painters and other workmen were cleaning her, when a serious fire broke out. Mr. Coykendall, the manager of the line said he would have her ready for the show, and he did, under the command of Captain Ulster Davis. The Norwich, was a grand old lady of 73 when she got all dolled up for the Hudson-Fulton Naval celebration parade on the Hudson River with such companions as the replica of the Half Moon and the Clermont, which was in our Kingston Point Lagoon in her last days.

In these pictures at the Rondout Savings Bank, you will see a photograph of an accident which happened to the Norwich Dec. 16, 1906, when she went down in the icy water, but the grand old lady was up and about for 17 more useful years. You will also see the crew which helped bring her up, and perhaps the readers may recognize some of them. It is said, that the Norwich, also known as the Ice-King was of such sturdy construction that she could ride right up on the thick Hudson River ice, and by her weight alone break the ice to clear for navigation.

The Norwich was launched in 1836 and dismantled in 1923 and if they had waited only 13 more years she would have been a 100 years old in service. Michael Tucker of Port Ewen, bought her November, 1923. On March, 1924 the Cornell Steamboat Co. gave the Senate House Museum Association her famous bell.

The Norwich was not only a popular boat but very useful. She could do most anything and everything in the steamboating line. In 1850 the "Ulster Republican" was advertising her as making regular freight and passenger runs. Thomas Cornell and Co. were advising tanners that hides and leather will at no time be left in open sheds, or on dock. They have ample storage for 50,000 hides in fireproof sheds." In 1850 the Norwich delivered and received freight at the E. Fitch and Co. dock in Wilbur.

Will tell about the Mary Powell pictures in another column. If these pictures bring memories or events to mind, perhaps other readers would like to hear about them. If you could jot them down and send them to me, anything on the Norwich or Mary Powell. I am sure the readers will enjoy them.

Volunteers Quell Eddyville Blaze

Quick action by the Bloomington Fire Department kept damage to a minimum in a fire at the one-story frame home of Mr. and Mrs. Plumley on Church Hill, Eddyville on Saturday.

According to Engineer Charles Peterson, the Bloomington Vols were called at 4:35 p. m. Saturday and on arrival found flames issuing from the eaves over the kitchen. The blaze was quickly extinguished with fog stream. Slight water and smoke damage resulted.

Assistant Fire Chief Leslie Evory directed the fire fighting operations of two Bloomington pumpers and one tanker. Chief Oscar Hahn asked aid from Rosendale. A pumper was sent as a precautionary measure, but so quickly did the Bloomington Vols contain the flames, it wasn't needed.

The Binnewater Fire Department stood by at the Bloomington Firehouse.

Colleges Have Option

NEW YORK (AP)—Each of the seven city colleges has the option of permitting or barring members of the Community Party as campus speakers.

This ruling was made by the administrative council of the City University, which said it was acting on the basis of an opinion given by the Association of the Bar of the City of New York.

The weekend ruling reverses a decision of Oct. 27 to ban Communist speakers.

Infantry Defies New Reds Demand On Berlin Front

BERLIN (AP) —Another U.S. infantry company rolled westward along the lifeline autobahn from isolated West Berlin today, defying a new Communist demand that American troop movements along the highway stop.

Capt. Robert R. Rafferty of Huntington, N.Y., led about 120 men and 17 vehicles to the control point on the city limits before daylight today.

The company, moving in three groups, was cleared without a hitch by the Soviet control officers. It was below freezing as the vehicles headed along the 110 miles of ice crusted highway to West Germany.

The unit, Co. C of the 3rd Battle Group, 6th Infantry Regiment, will spend four days in West Germany on field training, the Army said. Then it will return to West Berlin.

The move began less than 36 hours after the Communist regime of East Germany demanded in a formal note that the United States stop sending Army units along the autobahn.

The U.S. government always ignores notes from the East German regime, which the Western powers do not recognize.

Prison Strikers Prepare to Quit

BATON ROUGE, La. (AP)—A strike against prison food seems to be waning among a group of 64 Negroes arrested during anti-segregation demonstrations.

Capt. Thomas T. Edwards of the sheriff's office said women prisoners began eating jail fare Sunday night after all prisoners had refused meals since the previous day.

Seventy-three Negroes—44 men and 29 women—were jailed Thursday and Friday after demonstrations led by the Congress of Racial Equality against stores it accused of discriminating in hiring and maintaining segregated lunch counters. Nine prisoners were released on bond.

The racial situation quieted down over the weekend.

Sunday Explosion

WASHINGTON (AP)—The U.S. Atomic Energy Commission has announced its seventh underground nuclear explosion since the United States began its current series of tests.

The detonation Sunday was carried out at the AEC's Nevada test site and was described as a low yield blast. This would indicate a force equivalent of up to 5,000 tons of TNT.

Must Act in Congo

WASHINGTON (AP) —Chester Bowles, special foreign affairs adviser to President Kennedy, says the United States would have to consider taking unilateral action in the Congo if U.N. unification efforts failed.

A U.N. failure, Bowles said in a television interview, could lead to Communist control of the African country.

"I introduced my remarks with this question: What is the first thing to do to make good chicken soup?" he wrote in The Pilot, official publication of the Boston Archdiocese.

"After a brief silence, a hand went up and a 10-year-old girl said: "'Kill the chicken, your eminence.'"

Balaguer to Quit Republic Office

SANTO DOMINGO, Dominican Republic (AP)—President Joaquin Balaguer's creation of a new state governing council with a promise to resign once the Dominican Republic is accepted back in the Western Hemisphere family of nations won cautious general approval today.

Balaguer, whose old ties with the Trujillo regime have brought him under attack, agreed to bow out the minute the Organization of American States lifts diplomatic and economic sanctions imposed on the island republic 16 months ago.

In Washington, the U.S. State Department praised Balaguer's provisional government plan and said, "We consider it to be a most encouraging development."

11 Men Are Held In Syracuse, May Head Big Lottery

SYRACUSE, N.Y. (AP)—Police have placed gambling charges against 11 men picked up in a raid on what police describe as the headquarters of a Central New York lottery.

The 11 were accused of contriving to run a lottery. They were released in bail after arraignment Sunday in Police Court.

Bail ranged from $2,500 to $5,000, with Anthony Tucci, 49, of Syracuse being assigned the highest bail.

Syracuse and Auburn police raided a house in Syracuse Saturday night and picked up 18 persons, several hundred dollars, liquor and a pistol. Police said they also found lottery equipment. Seven persons later were released.

Syracuse Police chief Harold Kelly said he believed the house had been the center of a lottery. He said Auburn police had discovered lottery runners in Auburn and had traced them to Syracuse.

Grandma Moses Buried Saturday

EAGLE BRIDGE, N.Y. (AP)—Grandma Moses has been buried amid the hills and rural countryside she painted.

An Episcopal clergyman offered thanks to God for "the beauty Grandma Moses has given the world."

The famed primitive painter, whose name was Mrs. Anna Mary Robertson Moses, died Thursday. She was 101.

The Rev. Joel B. Miller, rector of St. Mark's Episcopal Church in nearby Hoosick Falls, said at the funeral Saturday that she found "real consolation from the word of God and real hopefulness from the scriptures."

She was buried in Maple Grove Cemetery, Hoosick Falls.

Trees and Lights Along Berlin Wall Carry Greetings

BERLIN (AP) — Thousands of Christmas tree lights went on at dusk Sunday along Berlin's Red wall, carrying the greetings of West Berliners to countrymen in the Communist East. The Communists replied over their loudspeakers with propaganda and jazz music.

Mayor Willy Brandt symbolically switched on the lights in a moonlit ceremony as a Communist loudspeaker blared in the background.

More than 3,000 West Berliners braved near-zero cold to hear Brandt say, "We need make no demonstrations. The light of these trees will speak our greetings to our countrymen."

More than 800 evergreens placed along the 25-mile barrier of concrete and barbed wire through the city were lighted at twilight. Almost no part of the border was out of sight of at least one.

Country Doesn't Care

NEW YORK (AP)—Tax relief for the Broadway theater business can be obtained only through a "massive campaign" by show folk, Rep. John V. Lindsary (R-NY) told a drama gathering.

"The country as a whole, North and South, East and West couldn't care less about the theater's problems," the congressman said. "People assume the theater will go on forever. How wrong they are."

Lindsay, whose home district includes the White Way, said that besides repeal of the 10 per cent federal tax on tickets, the theater would benefit through reexamination of property levies and extension of capital gains privileges to dramatists.

Senators Hope So, Anyway

Plastic Wheels May Mean Smoother Capital Jaunts

WASHINGTON (AP)—U.S. Capitol engineers are keeping their fingers crossed, but they think they have a cure for a headache that has been plaguing them for two years—the rumbling, bumpy, grinding new Senate subway.

The answer: Plastic wheels.

Butt of Critics

Ever since it opened in January 1960, the subway to the new Senate Office Building from the Capitol has been the butt of a thousand curbstone wags. A lady senator complained that the shiny steel-and-glass open cars went too fast and wind mussed her hair.

And the cost of the four new subway cars — $75,000 apiece — raised a lot of eyebrows. The entire new subway system, which links the old and new Senate office buildings with the Capitol, cost about $4.8 million, including cars, tunnels, terminal, elevators, paint and polish.

But the main headache was that the new subway just didn't work right. The rigid wheels screeched around the sharp curves and soon ground themselves out of true, giving a bumpy ride. The rails developed waves. Steel dust from the wheels and rails got into the intricate electric mechanisms and raised hob. Worst of all, senators complained.

$15-$20,000 Cost

Now Capitol engineers Walter Rubel and Harold Ericksen hope they have the answer. They scrapped the steel wheels and rails and are equipping one car with flat wheels of rubber-like plastic. They run on a flat steel plate. Horizontally placed guide wheels running against a vertical side plate keep the car on the tracks.

Ericksen hopes to get the new wheels back on a car and give the thing a full-scale running test by Monday or soon after.

Philip L. Roof, executive assistant to the Capitol architect, said the cost of the experimental changeover would be about $15,000 to $20,000, and will be absorbed with regular funds of the office of the architect.

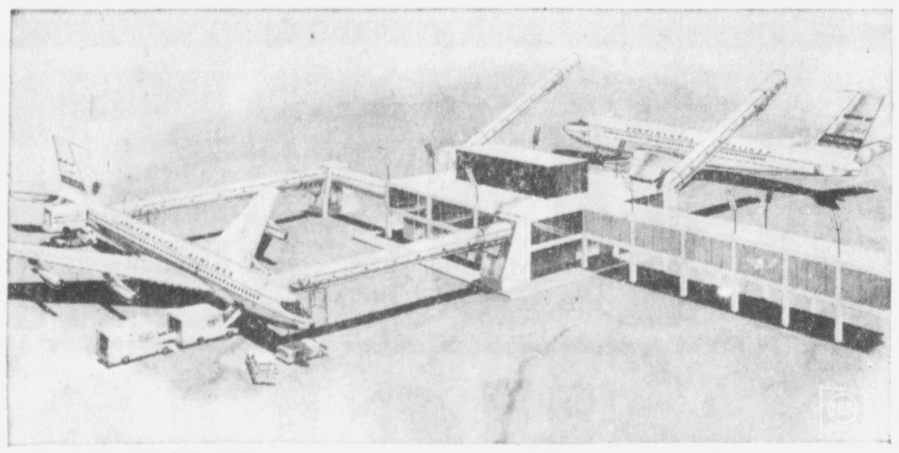
Swahili is rich in proverbs, including such familiar-sounding saws as "Split water cannot be gathered up" and "If the cat's away, the mouse will reign."



TUBULAR TAKE OFF—Passengers will walk through 80-foot-long tubular tunnels when they leave or board jetliners at a new facility soon to go into operation at Chicago's O'Hare Field. Made of high-strength aluminum alloy, the $40,000 8½-foot diameter "drawbridges" can be raised to a 35-degree angle when not in use, as at right in drawing. They can be swung horizontally or lowered to the ground to handle nonjets.

Plan Year-Round Voice Recordings To Men Overseas

A new service to families of servicemen which offers to make voice recordings to be sent to servicemen overseas for Christmas will be a year-round project, it was announced today by Ulster County Chapter, American Red Cross.

The service provided by the American Red Cross was offered during the week of October 16.

Mimeographed fliers, with colored illustrations were prepared by the chapter and circulated for display in manufacturing concerns, businesses, churches, and post offices in Ulster County.

Appointments, morning, afternoon and evening, were arranged for the convenience of people who were working and could not come to the chapter house during working hours.

Mrs. Arthur W. Foehser, chapter volunteer in charge of the program, reported, "Mothers of servicemen were generally lachrymose, grandmothers were too verbose, and fathers sounded most professional. Wives of the servicemen were cheerful and natural."

The "Talking Letters" program was initiated by the chapter primarily as a Christmas project, since it was the belief that the holiday season was the most welcome time for the absent serviceman to hear familiar voices from home, Mrs. Foehser explained. "However, because of the pleasure and appreciation expressed by the families who send their 'voices from home,' the chapter has decided to make it a year-round project to include birthday and anniversary messages and family voices for servicemen who are hospitalized."

Glancing Over TV Bill of Fare

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — A new Anna Maria Alberghetti is back in town for a glance behind the doors that once were closed to her.

Anna hit the big time as the waif Lili in "Carnival" on Broadway. She is glowing evidence of what a difference a hit play makes.

"Before I left Hollywood, I was earning good money, but many doors were closed to me," she remarked. "I decided that if I was to open those doors, I would have to take a chance. And going to Broadway is a chance because if you don't make it, the doors can be more tightly shut."

She made it, and the results have been gratifying.

"Before, I was known as a singer," she said. "Now I am also known as an actress. The whole field of the stage is now open to me. And so are movies."

Anna is here on a two-week pass from the employ of David Merrick, producer of "Carnival." He has been termed the Abominable Showman, and seemed eager to live up to the title when Anna was ill and out of the show earlier this year. He proclaimed publicly that her understudy did a better job.

The Italian-born soprano returned to the show after five days in the hospital and five at her apartment. Oddly, she displayed no rancor toward Merrick. She repeated their conversatnon.

"I had to protect my show," said the producer.

"David, you should let me in on these publicity stunts, so I can go along with them," she said. "I'm certainly not against publicity. But please, let's do something with a little dignity."

"How about the six-month extension?" said he.

Anna sees the whole thing as Merrick's plot to get her to sign for another half year in the show after her June 30 deadline. She said he was doubly disappointed; that she has made no move to re-sign, that she failed to flare back when he slurred her performance.

"You're not like Callas," he said disappointedly.

Despite the beef, relations between Anna and Merrick are surprisingly good. She said that he came backstage on the last night before her vacation and gave her a hug and kiss.

"Careful, David," she told him. "You'll ruin your publicity."

It was on that last night that she realized she needed a vacation. She was all tears after the curtain went dwn and sobbed to her replacement, "Take care of my puppets."

Agriculture — Key Industry

Agriculture is a key industry in the national economy. Wheat, cotton and corn are only three of the staples that give farmers substantial buying power.

My uncle was a big wheat grower in South Dakota. When wheat prices were low during the depression Thirties, he couldn't buy the power machinery necessary to harvest his crop. As a result the companies like International Harvester didn't need much steel.

This chain reaction affected the corporations producing steel and the railroads that carried iron ore to the blast furnaces.

In 1932 — the worst year of the depression — wheat went down to 40 cents a bushel and cotton to five cents a pound. Economic paralysis in agriculture brought production stagnation to industry. National income was around 40 billions of dollars in 1932.

In less than 30 years gigantic responsibilities have descended upon America, and Uncle Sam is in the very center of these. Today he is spending in a single year twice as much as everybody made in 1932. Investors who believe that in the future economic conditions will drift back to the shape of things in the Thirties are one hundred per cent wrong.

Uncle Sam enjoys vast prosperity powers. And his agriculture program is one of his best.

The Commodity Credit Corporation is the key link in this program. Today the statutory borrowing authority of this agency is 14½ billions of dollars. Of this amount, a little more than 11 billion dollars are in use.

The CCC purchases for inventory purposes and makes loans on a wide variety of products such as wheat, cotton, corn, oats, barley, rye, grain sorghum, butter, cheese, dried milk, rice, tung oil and turpentine.

Forty-five states — from Alabama to Wyoming — benefit directly from the program of the Commodity Credit Corporation. The influence of these loans and purchases is far greater than a casual examination of the CCC figures would indicate.

Wheat is selling at about $2.10 a bushel, and cotton a around 35 cents a pound. Where would they sell if the price-and-loan supports of the Commodity Credit Corporation were withdrawn? The surpluses of these two basic commodities are gigantic. The law of supply and demand simply cannot be allowed to operate in a national economy geared to a 300-billion dollar Federal debt and an annual 85-billion dollar budget.

Economic America is a giant, and to extent that individuals and corporations cannot support the Government in its fiscal responsibilities, Uncle Sam will have to take things into his own hands.

As a matter of fact, Governmental power over the national economy is growing year by year. To pay the interest on a 300-billion dollar debt and to meet the budget costs, America must have prosperity.

Governmentally promoted prosperity is invariably inflationary, as is evidenced by the Commodity Credit Corporation.

In such an atmosphere, all investors should buy and hold values that promise to furnish a measure of protection against further dollar deterioration. That is why the stock market is high and is going higher.

Faith in Cuba

ATLANTA (AP) — Following a six-day trip to Cuba, a Southern Baptist mission leader, the Rev. Lloyd Corder, reported: "The doors of opportunity in Cuba are wider open and at the same time nearer to being closed than ever before. The response of the people to the gospel is greater, probably because they are very much aware of the threat of atheism."

An average of some 50,000 thunderstorms occur on earth each day, according to the Encyclopedia Britannica.

matter of fact

In some parts of the world, peacocks serve farmers as watchdogs. A naturally suspicious creature, the peacock with a little training gives an ear-splitting howl at the approach of strangers. Though beautiful, the peacock is not very lovable. His shrieks can be irritating—and people's fondling leaves him cold.

JFK Reception May Bolster U.S. Policy

By WILLIAM L. RYAN
AP Special Correspondent

BOGOTA, Colombia (AP) — President Kennedy's reception in his bold venture into Latin America—particularly the wildly happy outpouring in Bogota—can prove an important shot in the arm for U.S. policy.

Here Kennedy put this challenge to the wealthy class of Latin America: Reform yourselves or face violent revolution and destruction.

This is a challenge to peaceful revolution and destruction.

This is a challenge to peaceful revolution many young Latin Americans have been waiting to hear, and Kennedy has told them the Alliance for Progress stands ready to lead it.

The Kennedy journey, despite some gloomy advance prophecies of disaster, took on a look of success likely to go a long way in persuading Congress to foot bills for the alliance program.

The results of the trip must be painful to Communists and followers of Cuba's Fidel Castro.

The trip could have resulted in headaches for Washington if there had been any show of violence or hostility. There were plenty of possibilities. In Venezuela, the Communists, though small in number, are tightly organized and disciplined.

There were many rumors that Castroists and Communists would try and sabotage the Kennedy trip. Communists boasted in Caracas they would stage something spectacular. It never came off.

This indicates the Communists and Castroists do not have it so easy as might be suspected from the noise they make. It also suggests room exists for bold action in Latin America such as the President undertook with his journey.

In Bogota's case there seems little doubt the Communists themselves issued orders against demonstrations, probably certain in advance such acts would fail in the face of President Alberto Lleras Camargo's security precautions.

Had the Communists persisted in an attempt, it would have given Lleras Camargo, who rules under state of siege powers, the chance to round up Red leaders.

In the second place, there is a real affection for the Kennedys among Colombians. Communists stood to lose, locally at least, more than they might gain by trying to kick up a fuss. Many of the Castro extremists were rounded up in advance of the visit and held in jail.

Eichmann Lawyer Files Appeal on Death Sentence

JERUSALEM (AP) — One of Adolf Eichmann's attorneys Sunday filed notice of appeal against the death sentence given the former Gestapo official.

The Israeli Supreme court is expected to start hearings in January on the appeal.

Eichmann's attorneys, Robert Servatius and Dieter Wechtenbruch, are expected to challenge the conviction with the claims that their client was unlawfully returned to Israel, that Israel had no right to try Eichmann for crimes committed before Israel was a state and that the death sentence was not justified.

Eichmann is being held in the prison at Ramleh, 10 miles east of Tel Aviv. He has no contact with any other prisoner and is shackled and handcuffed when he walks in the prison yard.

Officials at the prison said they were constantly on guard to prevent an attempt on Eichmann's life by other prisoners.

Port Opponents Will Hold Rally To Block Action

GOSHEN, N.Y. (AP) — The "Citizens Committee Against the Jetport" in Orange County announced today it will hold a rally here Tuesday to protest to the county board of supervisors.

The 37-member board of supervisors will meet Thursday to consider a resolution urging state legislators to work for the location of the jetport in Pine Island, N.Y.

The Port of New York Authority surveyed Pine Island as one of a number of sites for the port. It recommended Morris County, N.J., as the most favorable location. New York and New Jersey legislators must act on any final proposal.

Roy Vail, chairman of the council, said that the protest meeting is designed to kill the favorable resolution, or to at least postpone action by the supervisors.

Major opponents of the plan are farmers who believe they will not be fairly compensated for the expected 10,000-acre aiport.

Supporters of the plan claim the investment, which they estimate will be about $220 million, will be an economic advancement for the county.

Immigrant Admits

next victim. It was Mrs. Veronica Gregov, 35. He bayoneted her also "because she was an evil woman and tried to make a prostitute of my wife."

Next on the grisly timetable was Peter Gregov Jr., 17, who came home to find death in the early morning hours of Nov. 25.

Peter Gregov, 39, a waiter, arrived at 5 a.m. Ivanov said he killed him because "he was an evil man and always trying to take my money."

Then, in a final fit of homicidal frenzy, Ivanov slashed the family dog to death "because I don't like dogs."

Afterwards he went by bus to his Jamaica, Queens, home, where he said goodby to his wife and four children.

Ivanov then went to Florida by train. He was picked up near Marathon Key on Dec. 6 trying to pose as a Cuban refugee who had come to the Florida keys by rowboat.

Accused Slayer Will Face Tests

FORT LAUDERDALE, Fla. (AP)—A psychiatric examination was expected to be ordered today for 25-year-old Henry Deban, who killed his parents in a shooting rampage with a .25 caliber automatic pistol.

The bodies of Nelson Deban, 52, and his wife, Lorgene, 48, formerly of Niagara Falls, N.Y., were found in their Hallandale home Sunday by police, whom Henry summoned by telephone.

"I just shot my father and mother. Please send an ambulance," he was quoted as saying.

"They were agitating me all the time and picking on me," was Deban's explanation of the shootins.

Police said the slaying victims were "doting parents" who gave their son everything he wanted.

Dr. Glenn Sutliff, the Deban family physician, said Henry had been under treatment for a persecution complex.

NEW YORK (AP) — Firmness in coppers and an easier tone among aircraft-missiles prevailed in a mixed stock market early this afternoon. Trading was active.

The Associated Press average of 60 stocks at noon was up .10 at 264.70 with industrials up .80, rails off .30 and utilities off .50. Most changes were fractional.

The market had the benefit of news that steel orders were coming in at the heaviest pace since the end of the 1959 steel strike, that there was an increase in copper buying and that over-all industrial production will probably go to another record this month.

Steels were barely higher on balance. Coppers, after a hesitant start, begn a moderate rally. Motors, chemicals, tobaccos, and drugs were mixed.

Small gains were posted for U.S. Steel and Bethlehem.

Boeing lost about 1.

10 Are Injured

possible concussion and possible back and head injuries, was reported in serious condition in the hospital today.

Dennis O'Brien, 19 of Sioux Falls, N. D., a passenger in the Neal vehicle, according to troopers suffered a possible concussion and possible back and chest injuries, and is in fair condition in the hospital.

Lost Control on Ice

Troopers K. J. Kreminick and W. G. Lawrence reported the Neal 1959 English compact was proceeding east on Route 28 when he lost control on the icy pavement, skidded into the westbound lane and was in collision with a 1960 sedan operated by James McGough, 27 of West Hurley. McGough was reported uninjured, troopers said. The mishap occurred at 3:50 p. m.

The driver in a one-car mishap early Saturday was injured when his car skidded on the icy pavement and struck a utility pole on Route 32 at Glasco.

Reported in fair condition today at Benedictine Hospital is Robert Crowley, 22 of Glasco, who troopers said suffered severe lacerations of the scalp.

Troopers W. E. Wiedemann and Robert Mackey said Crowley in a 1959 convertible was traveling north on Route 32 when the vehicle went off the right side of the highway and struck a pole.

Issued Summons

The passenger in one of two cars involved in a highway mishap on Route 9W at West Camp Saturday night was injured and one of the drivers issued a summons for failure to keep to the right.

Judith Shooski, 13, a passenger in the 1957 sedan of Philip Shooski, 41, of East Bridge Street, Saugerties, was reported in fair condition today at Benedictine Hospital. Troopers said she suffered head injuries.

The other driver involved, George Ostoyic, 30 of Cementon must appear before Saugerties Town Justice of the Peace Glenford Myers on Wednesday.

Troopers David Wachtel and Richard Ryan reported Shooski was traveling south on Route 9W about three-tenths of a mile south of the Greene County line. The Ostoyic car proceeding north on Route 9W crossed into the southbound lane and sideswiped the Shooski vehicle, troopers said.

The mishap occurred at 6:45 p. m.

Leaves the Scene

Three persons were injured in a three-car mishap Saturday night on Route 32 in the Town of Rosendale near the intersection of Bloomington Road, and one driver was apprehended for leaving the scene, Kingston troopers reported.

Treated and released at Benedictine Hospital were Ronald Mack Goldleaf, 19 of Maiden Lane, Kingston, suffering bruised knees, and passengers in the Goldleaf car, Raymond Navara, 20, of Van's Court, Lake Katrine, lacerations of the right eye, and Alma De Filippis, 19, of Lawrenceville Street, Town of Ulster, bruised left ankle.

The other drivers, Mrs. Shirley Ebel, 26 of Glasco and Kenneth White Gordon, 41 of Grant Street, Kingston, were reported uninjured, troopers said.

Arrested by Troopers

Gordon was arrested by Troopers W. E. Wiedemann and Robert Mackey for leaving the scene and is scheduled to appear before Town of Ulster Justice of the Peace Robert Stedge at 1:30 p. m. today.

Kingston troopers said the Ebel station wagon was making a left turn off Route 32 into Bloomington Road when the Gordon 1958 convertible following, struck the station wagon in the right rear. The Goldleaf car, a 1956 sedan, also proceeding south drove to the right to avoid collision. Gordon swerved back to the right side of the highway forcing Goldleaf to strike a wall on the right shoulder, causing it to turn over, troopers said.

Gordon continued on without stopping. Highland Trooper Thomas J. Morrissey alerted by Kingston troopers discovered the Gordon car, owned by Parsons of Kingston, at a body shop off Route 32. Gordon was arrested later in Kingston.

Bloomington Fire Company responded to clear the highway of spilled gasoline. The mishap occurred at 8:30 p. m.

Three Are Hurt

Three skidding accidents, blamed on the slick highways, kept the Ulster County Sheriff's Department busy on Sunday. Three persons were injured in the mishaps which occurred in High Falls, Hurley and in the Town of Ulster.

Two persons were hurt at 2:30 a. m. Sunday on Route 213, High Falls in a single car accident. A vehicle driven by James Pranzo, 36, of South Ozone Park, L. I., skidded off the highway and hit a stone embankment. Doctors at Kingston Hospital took 23 stitches to close a cut on his forehead.

A passenger in his car, Marie Bohlmann, 21, of Hollis, L. I., was treated for a cut on her lower lip. Neither was admitted to the hospital.

Ronald Gray, 40, of RD 1, Box 311, West Hurley, is in fair condition today in Benedictine Hospital following an accident on Steinkill Road in Hurley at 7:30 a. m. Sunday. The car went over an embankment in a quarry and landed on its top. Gray is undergoing X-rays to determine the extent of his injuries.

Cars in Collision

The third accident, involving only property damage occurred Sunday at 11 a. m., on DeWitt Lake Road in the Town of Ulster, when cars operated by Stella Brodhead, 40, of RFD 5, Box 192, Kingston and Ernest Neilsen, 50, of RD 4, Box 466, Kingston were involved in a collision.

The sheriff's report said the Brodhead car was heading west on DeWitt Lake Road when the Neilsen vehicle heading west skidded and struck the Brodhead car in the left front door with its left front fender. No injuries were reported.

Deputy Sheriff Richard H. Drew Jr., investigated all three accidents.

According to the Associated Press mirror-slick roads created driving hazards in the eastern half of New York State today as a new storm threatened to bring more freezing rain to sections of the state.

Forecast More Rain

The weather bureau forecasts continued rain and drizzle this afternoon, ending late tonight. More rain and some snow is forecast for Tuesday.

Freezing rain or drizzle overnight made roads dangerous in an area extending from New York City to the Canadian border and westward to the Syracuse area.

State Police advised motorists a 35-mile-an-hour speed limit was in effect on the State Thruway between New York City and Kingston.

The new storm moved northeastward over Kentucky and Tennessee early today.

Above Freezing

The Western half of the state received light rain or drizzle overnight, but temperatures generally were above the freezing mark, after a frigid spell Sunday night.

At least one accidental death was attributed to the weather. John D. Winspear of Tonawanda was killed Sunday when his automobile skidded on icy pavement and struck a tree in Buffalo.

The Weather Bureau said milder temperatures would set in over most of the state Tuesday.

Colder temperatures and snow was expected in the western half of the state Tuesday night.

Overnight low temperatures ranged generally from the mid 20s to the mid 30s. The Weather Bureau reported no appreciable new snow. On-the-ground measurements included 5 inches at Utica, 3 at Albany, Rome and Newburgh and Westhampton Beach, 2 at Oneonta and Syracuse, and 1 at Watertown and Glens Falls.

Eight states bound Missouri: Arkansas, Illinois, Iowa, Kansas, Kentucky, Nebraska, Oklahoma and Tennessee.

U.N. Patrols Run Into Hard Fight At Elizabethville

ELISABETHVILLE, Katanga (AP) — Furious battles raged in the streets of Elisabethville today as the first U.N. armored patrol pushed into the center of the city.

After pushing into the town against negligible resistance, the U.N. troops ran into withering fire from shops and private houses. It is uncertain whether the firing came from Katanga troops or whites putting up a last ditch stand.

These seemed to be the last hours before most of Elisabethville fell to the slowly advancing U.N. force.

Kennedy Has Cold

on the streets of San Juan cheering the President.

Gratified by Welcome

Although the success of his Alliance for Progress hinges primarily on the good will and cooperation of governments in power, Kennedy was openly gratified by his welcome from the people in Caracas and Bogota.

Half a million or more Colombians lined country roads and jammed Bogota's streets Sunday to cheer the Kennedys. Colombian officials called the demonstration the greatest by far in their capital's history.

The Kennedys' reception in Caracas on Saturday and their sendoff Sunday contrasted dramatically with the trepidation felt that pro-Castro elements and groups hostile to Venezuelan President Romulo Betancourt would cause grief.

Kennedy emphasized two positions in his 6,300 miles of travel:

1. An appeal for hemispheric support of his Alliance for Progress, the $20-million plan for public and private funds to raise Latin American living standards.

2. Wholehearted support for Betancourt and President Alberto Lleras Camargo of Colombia. Kennedy made clear that he counts on their example to generate wide backing for the alliance.

Don't Be Fooled By Unusually High Yields

Q) "My husband passed away recently and left me a little income property and $9,000 in cash, half of which I decided to invest in common stocks. I went downtown to talk to a broker and asked him to suggest a good stock for income purposes. On his advice I bought Soconoy Mobil. However, in reading through the financial pages, I've discovered that there are several stocks, among them Interlake Iron, which would pay me a much higher yield than I'm now getting. I must live off my investments. Should I switch into this higher yielding issue?" O.B.

A) Your broker put you in a very good stock, and I think you would do well to stick with it.

Socony (NYSE) pays a good dividend and offers a degree of security which a person like you should have.

Interlake Iron does yield more, but I caution you against picking any stock because of this one factor alone. Interlake is in the pig iron business, and I am not particularly impressed with the firm's prospects. Earning power has been slipping for some time, and share income so far this year has not covered the present dividend rate. Because of this, the shares sell to yield nearly 7 per cent, a figure which is out of line in today's market and which, in itself, is a signal that there may be trouble ahead.

In buying common stock, it is generally unwise to reach for unusually high yields. You cannot afford to take any chances with capital in your position, where a loss could mean financial embarrassment.

Q) "Do you consider Thrifty Drug Stores to be a good investment?" Mc. K.

A) I certainly do. Thrifty Drug (GTC) operates a chain of drug stores in California and has turned in a fine record of growth. I recommend the shares to investors seeking capital appreciation.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column.

Mt. Marion Girl Scout Troop 66 Holds Party

The annual Christmas party of Intermediate Girl Scout Troop 66 of Mt. Marion was held recently at Plattekill Reformed Church Hall, Mt. Marion.

Christmas carols were sung, led by Mrs. G. E. Holloran, leader. Mrs. E. Farquharson conducted the candlelighting ceremony.

Members of the troop presented a pageant depicting stories from Sweden, England and America, end ending with the Nativity scene.

Churches Warned Against Thieves During Holidays

Police Chief Robert F. Murphy, after a recently reported theft at a local church, today issued a reminder that such thefts have been experienced here and elsewhere at this time of year, and advised persons who attend services and choir rehearsals to be on their guard against them.

Rifling of wallets in church cloak rooms in Dutchess County were reported earlier in the month, but the first here in the pre-Christmas season this year was reported early Saturday afternoon when police were notified that between $55 and $60 had been taken from the purse of Lydia Nigdula, of 58 St. James Street, a religious instructor at the Old Dutch Church.

The purse, police said, was left in a room which she uses as an office. Acting Detective Wilmont Hall is investigating.

Six wallets were reported rifled in a church at South Millbrook, Dutchess County last week. Similar thefts were reported a year ago in churches at Kingston, Woodstock and Saugerties. Other thefts from churches in the city and county were reported in previous years.

Police were notified today by Mrs. L. K. Scism, of 85 Hudson Street, that gasoline had been stolen from a car there during nights several times.

Stewart's Driver Given Safe Driving Citation

SARATOGA — Bud Dake, Greenfield Center, five-year driver veteran with Stewart's Ice Cream Co., Inc., of Saratoga, has won the safe driving award presented annually by the company.

Commenting on Dake's accomplishment, Charles S. Dake, president of Stewart's said "Bud is a great driver. When a man accummulates any kind of a safe driving record it's wonderful, but when a man covers 45,000 miles a year over all kinds of roads, from throughways to narrow and crowded city streets, without an accident, that is great driving."

Bud Dake, no relation to the Dake family who manage Stewart's, has driven nearly a quarter of a million accident-free miles for them on one of the delivery routes Stewart tractor trailers make daily to Stewart's Ice Cream Stores in New York State, Vermont and Massachusetts.

GRAND UNION MEATS ARE BACKED-BY-BOND SATISFACTION GUARANTEED and DATED TO INSURE FRESHNESS

'Twas seven days before Christmas
— And all through the Store
People rushed through the aisles
— To get values galore!
The shopping carts filled
— With Produce, Groceries and Meats,
Cookies, Candies and Nuts —
— OH, Such wonderful treats!

Mom, Pop and us kids
— Christmas shopping were we,
At the SUPER where SAVINGS,
— Was so plain to see.
Self service was easy,
— With wide spacious aisles,
And the clerks helped us onward
— With great big bright smiles.

A Turkey for CHRISTMAS DINNER
— Pop said would be nice,
And Mom nodded yes,
— When she saw the low price!
A big plump 'ole fella,
— a prize flavor 'lovin
Was fresh dressed — stuffin ready
— Just place in the oven.

We came to the baked goods,
— Nancy Lynn was our choice.
"It all looks so good!"
— Came from Pappa's deep voice.
He said "How about it!"
— And held up a pie.
"Saint Nick will just love it"
— Sis said with a cry!

Then we came to the Ice Cream
— Which all us kids love.
I said "I like chocolate!"
— Sis gave me a shove.
Then she hollar'd Strawberry,
— And Mom said Vanilla,
Then Pop said Fudge Nut
— For that hungry 'ole Fella!

It seemed like the time
— Was just standing still,
When we were saying "Hello!"
— To the check-out named Jill
Her smile so delightful,
— In spite of the rush,
And she pinches my cheek,
— And I start to blush.

Mom paid her bill
— and was winking at me,
I could see by her gleem,
— SUPER SAVERS were we.
Jill said, "Just a Moment,
— There's more that you get!"
"Here's your bonus of BLUE STAMPS
— For the best STAMP PLAN yet!"

At last we were home,
— and the groceries away,
"Off to bed with you children,"
— I heard Mama say
Then I listened to Pappa
— Just before he'd retire
"You always save more —
— AT GRAND UNION EMPIRE!

Viet Nam Fighting

SAIGON, Viet Nam (AP)—The South Viet Nam government reported heavy fighting between government and Viet Cong units over the weekend in several provinces.

matter of fact

The Englishman loves his "spot-of-tea"—but back in the 17th century he was just as wild about coffee. The London coffeehouse was a social, literary, and political "club." Wits, philosophers and writers met to warm their hearts and loosen their tongues over the steaming cup. In these cheery coffeehouses, the only "intoxicant" was the brew advertised to "quicken the spirits and make the heart light."

Kitchen Magic

One way to add warmth to any kitchen decor is to hang wall plaques made of polystyrene finished in shining copper. These come in charming Early American and other scenes. The non-tarnish finish requires no laborious polishing.

It's The Truth!

Harry B. Bullard, Gen. Mgr.

We got to talking about the progress in transportation, and it is surprising to realize that the bicycle, for example, was not invented until 1816, when in that early model one had to propel himself along with long strides of his feet to the ground. It wasn't until 1876, eighty odd years ago, that the first bicycle somewhat similar to the ones we know today was invented. When we think of the comparative strides we have made in individual transportation in so few recent years, to say it has been revolutionary, is to grossly understate what has taken place. The first internal combustion engine that operated on the atmospheric vacuum principle was also developed in 1876, so we see that development of methods for individual transportation and motive power practically developed side by side although from widely separated beginnings and sources, which in itself is interesting.

As you know, our specialization is providing you with the very best transportation you can get, but our responsibility doesn't stop there. We feel that because of the complexities of today's engines and the large share of family earnings that goes into transportation it is a public duty and trust to serve you not only with quality, and skilled mechanics, but to do so on a highly ethical plane.

Says Production Of Milk Appears Better in 1962

NEW YORK (AP) — Milk delivered to plants in the New York-New Jersey milkshed in the first six months of 1962 probably will bring a farm price average about 3 cents per hundredweight lower than this year, says market administrator C. J. Blanford.

Blanford said uniform farm prices will equal this year in both February and March, 1962.

Fluid milk prices will average eight cents per hundredweight under 1961 and will be lower than this year in each month, he said. The biggest drop—13 cents—is expected in April.

In his announcement Sunday, Blanford said the biggest drop in uniform prices also is expected in April, when the predicted price of $3.84 per hundredweight would be seven cents less than paid last April.

The market administrator predicted that milk production will exceed 1961 by two per cent and total more than six million pounds in the six month period.

Employment Gain In Upstate Area

NEW YORK (AP) — Non-agricultural employment in the middle atlantic region of New York, New Jersey and Pennsylvania rose .2 per cent in October. It was up 29,500 to a total of 12,037,500.

Louis F. Buckley, regional director of the U.S. Labor Department's Bureau of Labor Statistics, said in announcing the rise Sunday that it was the first time in 11 months that the region showed an over-the-year increase.

October 1961 non-farm employment was 22,300 higher than last year, he said.

Almost two thirds of the increase occurred in the non-manufacturing industries of trade and government, due to season additions. The gain in factory firms resulted from increases in apparel, primary metals and miscellaneous industries.

Weekly earnings in October reached record highs in all three states, due primarily to a longer work week, Buckley said.

The average factory production worker's wage in New Jersey was $99.41; in New York $93.75, and in Pennsylvania $94.01.

'Early Havoc' and Song

NEW YORK (AP)—A musical version of "Early Havoc" is being planned for Broadway next season by the producing team of Dick Button and Paul Feigay.

Written by June Havoc, the book describes her early life and participation in the dance marathons of the '30s. A similar memoir by Miss Havoc's sister, Gypsy Rose Lee, was the source material of the musical "Gypsy."

Team Honored

NEW YORK (AP)—Howard Lindsay and Russel Crouse, a writing team for 26 years, have been awarded the annual citation of the New England Theater Conference for outstanding creative achievement.

Broadway luminaries who previously were honored include Moss Hart, Joe Mielziner, Joshua Logan, Richard Rodgers and the late Oscar Hammerstein II.

Broadway Opera Closes Long Run

NEW YORK (AP)—"The Threepenny Opera" is over.

Off-Broadway's long-run champ rang down the final curtain Sunday night after 2,612 performances. It closed with a sigh, a few tears and the pop of champagne corks.

The play, which made "Mack the Knife" a latter-day hit, had more performances than Broadway's current long-run champ, "My Fair Lady." The Lerner-Loewe musical, which opened in 1956 and is still running, had the benefit, however, of a much larger house.

The all-time Broadway long-run king is "Life With Father," which closed after 3,213 performances.

An overflow audience packed the 199-seat Theater de Lys in Greenwich Village for a quietly sentimental farewell.

Afterwards, cast and friends gathered on the stage for farewell toasts to the show that played to 750,000 spectators and grossed $3 million.

Upstate Company To Close Plant

OLEAN, N.Y. (AP)—Officials in this city of 16,000 say they are stunned by the decision of Olean's second largest company to move to a new plant in South Boston, Va.

Daystrom Inc., said Friday that it would close its furniture plant here Feb. 28. About 460 local peole work at the plant.

"A low blow," was the way Chamber of Commerce president Donald A. Roon described the announcement.

He said the decision must have been made some time ago, adding that the company's new Virginia plant is "about three-quarters finished."

Daystrom said it was moving to improve its margin of profits. The company said about 30 management people would be asked to move and that local workers would have priority on jobs at the new plant if they too cared to move.

But the new jobs will be "at a rate of pay, and with other benefits and rights, in effect at the South Boston location."

Both Mayor Ivers J. Norton and Mayor-elect Edward J. Morris said they were surprised by the company's announcement.

One employe said the Daystrom Independent Industrial Union, which represents production and maintenance workers at the plant, agreed last spring to forego a 12-cent wage increase at the company's request.

Buffalo School May Merge With State University

BUFFALO, N.Y. (AP) — The University of Buffalo may sign a merger agreement with the State University within 30 days, Buffalo University chancellor Clifford Furnas says.

Furnas said, however, that Buffalo probably would not join the State University system before July, 1962.

Incorporation of the large, private Upstate university into the State University has been under discussion for about a year. Buffalo expects 20,000 enrollment by 1970, double its present figure.

Furnas, commenting further on a story in the Sunday's Buffalo Courier-Express, which reported an impending agreement, denied that Buffalo was going to ask the State Legislature for a $15 million campus construction loan.

"We have no state loan in the works," he said. "We have been planning new buildings which we hope to get started in the near future, but the state would take over the cost of these buildings if we were part of the State University."

Why We Say--

AT NIGHT: The term "black market" arose during the last war. The name started in England where severe rationing preceded rationing in the U. S. The markets which dealt in goods from illegal sources were said to operate at night while carrying on a legitimate business in the day. The term and business became universal.

In Class With Those He Condemned

India's Nehru Is No Longer No. 1 Holier-Than-Thou Man

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — India's Prime Minister Nehru, who made himself the world's No. 1 holier-than-thou moralizer and man of peace, can no longer act as the conscience of mankind.

He ranged from critical to indignant when Britain, France and Israel invaded Egypt, when the Soviet Union crushed the Hungarian revolt, and when the United States backed the rebel invasion of Fidel Castro's Cuba.

Now, after Sunday's Indian invasion of tiny Portuguese Goa, he is in the same boat with those he condemned. Goa has 1,537 square miles and 650,000 people on the southwest coast of India, a nation that has 450 million people.

Nehru may have achieved greatness in a number of ways as an Indian leader. But he has preached peace and avoidance of force so much that he has created an unreal image of himself.

Not a Firm Believer

When he was Mohandas Gandhi's disciple he accepted the master's doctrine of nonviolence as a political weapon simply because it happened to be the right policy at the time India was seeking freedom from Britain.

It was not something he believed in absolutely. He explained once: "The majority of us, I take it, judge the issues not on moral but on practical grounds, and if we reject the way of violence it is because it promises no substantial results."

This is the doctrine of oportunism. Taking Goa promised substantial results because it would be easy. Far-off Portugal could hardly make war on India to hold its possessions.

The results if India had attacked Red China would look very much less substantial since the Communists have 650 million people and a far greater military force.

Since 1959, when Red China occupied about 12,000 square miles of Indian territory — almost 9 times the size of Goa — Nehru simply has argued.

Under Great Pressure

Nehru has been under great pressure in anticolonial India to seize Goa, which Portugal took in 1510 and still holds as a colony.

Next year is election year in India for Nehru and his Congress party.

The prime minister ignored President Kennedy's plea of last Thursday to avoid the use of force.

This was a switch for Nehru, who in the past could always be relied on to deplore the use of force anywhere. He has now adopted the philosophy that might makes right.

It wasn't Nehru's only switch. Portugal has no more right to Goa than Britain had to India or France to Indochina. All three took territory because they had the power to and held the native people under thumb.

This was imperialism. Nehru has been a life-long foe of it. But his action against Goa also is imperialism, although he may call it liberation.

Explains Turnabout

If all this seems a contradiction in the man, perhaps it can be understood by this statement by Frank Moraes, an Indian journalist who knew Nehru a long time and five years ago wrote the story of his life: "It is interesting to see how his mind persuades his conscience of many things."

It explains how he can make a complete turnabout in six years.

In 1955, when some Indians suggested taking Goa wasn't much of a military problem, Nehru drew back from the thought of war.

"The fact that a war is a little war doesn't make it less of a war," he said.

Then Sunday he made war, although it was a pretty safe kind of war.

Thomas Jefferson designed a serpentine wall which was built and is still standing at the University of Virginia.

Syracuse Bingo Probe Continues

SYRACUSE, N.Y. (AP) —A Moreland Act commission probing bingo operations in the state was to continue a hearing today in Syracuse.

The commissioner, Thomas B. Gilchrist, is seeking to rid bingo of non-charitable and professional gambling interests.

After sessions today and Tuesday, the hearing moves to Utica.

At public sessions last week in Buffalo, Gilchrist heard testimony on an alleged scheme by outsiders to use the name of a veterans' group to promote a bingo game in a city theater.

The organization said it did not go through with the scheme.

In addition, a representative of 30 groups that operate Bingo games urged standardized instruction for Bingo inspectors so that they could interpret Bingo laws uniformly.

LONDON (AP)—A movement to help those "tempted to suicide or despair" now has centers in 12 British communities and hopes eventually to have them in every large town. It is called "The Samaritans." Its centers are manned day and night, to answer calls from those in trouble.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—The vendors of prepared beauty are looking toward their biggest Christmas. They thank the durable personal vanity of women—and men.

The sales of toiletry articles grow in bad times as well as good. In a recession people skimp on other things first. In good times, as this Yule season, they spend a little extra on gifts.

Sales of personal care items since 1954 have grown faster than the population explosion or the increase in personal income.

Some of the biggest jumps in sales volume in recent years have been in toilet goods for males, such as preshave products and shaving cream in aerosol cans. But growth rates also have soared on such items as spray hair fixatives, rinses, tints and dyes—presumably sold mainly to females.

All of this impresses Wall Street, particularly as total annual sales are estimated at $2 billion, with maybe $325 million of that for personal care items for men.

But picking individual winners among the makers of all these aids to beauty is another matter. That's because of the "ever-changing female taste" as pointed out in a special report on "The Economic Characteristics of the Cosmetics Industry" by a staid investment fund, the Tri-Continental Corp.

This means that members of the cosmetics industry "must constantly develop new products, improve old ones, and carefully evaluate all competitors' products in order to maintain competitive position," the investment firm's economist explains.

In other words, this month's favorite may be next month's has-been.

But there's no question about the growth of the industry. Total sales in 1950 were around $900 million with the population at 152 million and enjoying personal income after taxes of $208 billion. By 1960 personal care sales were nearing $2 billion, for a population of 180 million with $352 billion to spend.

The fund's statistician, using 1950 as a base of 100, puts the growth index of sales at 195, of population at 120, and income at 169.

Food stores, particularly the chains, have been chalking up the biggest gains as cosmetic and toiletry outlets, now accounting for 23.5 per cent. Drugstores have been losing in percentage of the total bu, still lead in dollar volume, with food stores now second, followed by house-to-house selling, and department and specialty stores.

How do the financial beagles view the prospects? For the industry as a whole—not individual firms, remember—they foresee certain expansion.

For one thing, cosmetic buying is increasing among the younger age groups—where the population is busily exploding.

For another, the amount of income controlled by women seems destined to go on increasing. The percentage of women in the labor force is on the upgrade. This means more money to spend. But it also means, as the investment economists put it: "As more and more women come into the labor force and as they also become competitive with men in many areas of employment their desire to look attractive can only increase."

'Unsafety' Plays Lose Tricks

By OSWALD JACOBY
Written for
Newspaper Enterprise Assn.

Even when your contract is lay down it pays to be careful. Otherwise, you will lose occasional tricks by what I call, "Unsafety plays."

Playing at three no-trump, South wins the second spade lead and sees that there is no way to lose his contract. He will win three diamonds and two tricks in each remaining suit no matter how badly the cards lie for him.

The careful player will make at least 11 tricks. He will lead the deuce of diamonds at trick three. West will have to play his king and now South will have 11 running tricks. Careful discarding by East and West will hold him to five odd.

Careless discarding will let him bring home still one more trick.

The unsafety play is to lead the jack of diamonds. West will still play his king, but now East will have a sure diamond trick.

Note that the low diamond play risks nothing. If the king does not show on the first diamond lead, South returns to his hand and leads the jack of diamonds.

Spirillum undulum are microscopic bacteria with cells in spirally twisted filaments.

Jersey Jetport Site Is Defeated

MORRISTOWN, N.J. (AP)—The Jersey Jetport Site Association says it believes the proposal of the Port of New York Authority to build a jet airport in Morris County has been defeated for the foreseeable future.

The association executive committee cited five reasons for its feeling Sunday. The committee said:

1. Gov.-elect Richard J. Hughes has come out against building a jetport in Morris and Hunterdon counties or any part of residential North Jersey.

2. The State Legislature has opposed a Morris site and favored Central or South Jersey for the project.

3. New Jersey's congressmen oppose a Morris site.

4. Studies ordered by the county and Chatham and Harding townships have shown that the proposed Morris site is not suitable on engineering, aeronautical and socio-economic grounds.

5. Thousands of New Jersey residents have voiced their opposition to a jetport in Morris.

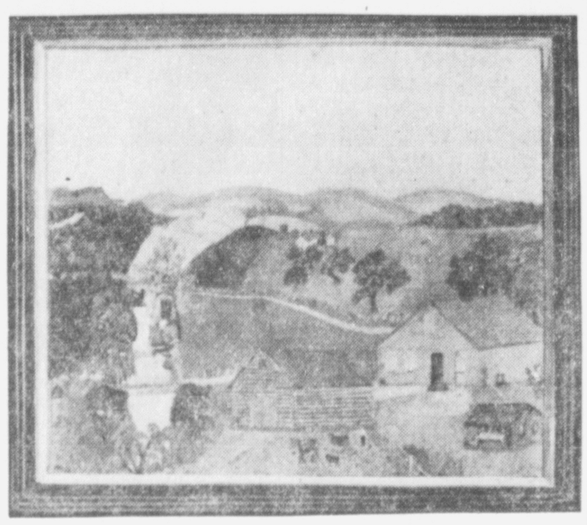
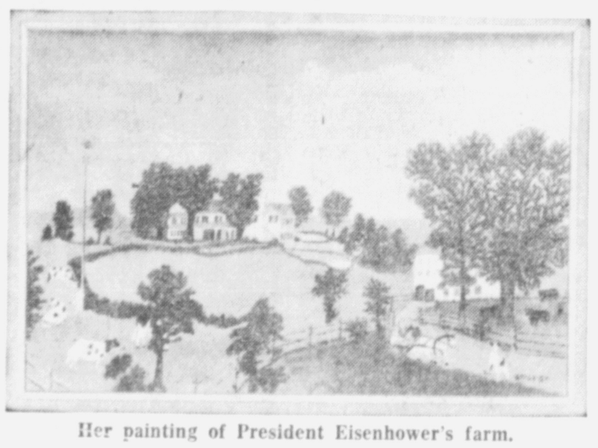
The Beloved Paintings of Grandma Moses

Grandma Moses, then 85, with a winter scene.



Her prize-winning "Old Oaken Bucket."



Her painting of President Eisenhower's farm.

One of many reflecting the Yule season.

Simplicity was the force which made the paintings of the late Anna Mary Robertson Moses compelling. Their subject matter, her own memories of rural American life, expressed a homesickness for a less complex life which struck a wide response. The art world called them American primitives and in any school art exhibit in the lower grades can be found paintings which are strikingly similar in their directness. Because of these emotional links, Grandma Moses will be with us, at Christmas particularly, for a long time. Her works form the subjects for many greeting card collections now in the market.

Judicial Group Urges Increase In State Courts

NEW YORK (AP)—The chairman of the State Judicial Conference says the group will recommend that the Legislature make a "substantial addition" to the number of Supreme Court and county judges in areas where studies have shown a real need for them.

Chief Judge Charles S. Desmond of the Court of Appeals said in an address Sunday at a New York Law School breakfast: "We hope to make up for years of delay in giving to the judicial establishment the manpower necessary to bring our calendars up to date."

It was reported that the conference would recommend the creation of 31 new Supreme Court and 7 new county court judgeships.

The conference proposal reportedly would provide 11 additional Supreme Court justices for Nassau and Suffolk counties. Queens would get seven; Kings and Richmond counties seven; New York and Bronx counties three; and the Eighth District, taking in Buffalo and Western New York, would get three.

The conference recommended to the 1961 Legislature that 33 new Supreme Court judgeships be set up. The Legislature approved six—one in the Fifth District, which includes Syracuse; three in the Seventh, which includes Rochester; and two in the Ninth, which includes Westchester County.

Former Official Dies

LIBERTY, N.Y. (AP) — Benjamin Gerow, a former State Assemblyman from Sullivan County, died Saturday. He was 80.

Gerow served in the Assembly in 1933. He was Sullivan County sheriff from 1930 to 1932. He retired in 1945 after 11 years as postmaster of Liberty.

Article I, Section 8, Clause 18, of the U.S. Constitution often is referred to as the "Elastic Clause."

Christmas Gift Notes Are Found

NEW YORK (AP) —If you're the little girl who lost a beige change purse in a midtown Manhattan five-and-ten cent store, here's your Christmas list:

Pappa, shaving cream.
Daddy, shaving cream.
Mamma, hanki.
Grandma, hanki.
Brother, lead pencil.
Mommy, another.

The purse also contained three $1 bills, a nickel and three pennies.

Police of the West 30th Street station are holding the purse, hoping the little girl will come and claim it. They don't want pappa, daddy, mamma, grandma, brother and mommy to have to do without their Christmas gifts.

Jacqueline Rests With Children, Success on Trip

PALM BEACH, Fla. (AP)—Jacqueline Kennedy settles down for a Christmas holiday rest in Palm Beach today with her children after scoring another personal success in Colombia and Venezuela.

The First Lady reportedly was fatigued from the hectic pace of the 6,300-mile trip to Latin America. She had kept up a steady pace for some 18 hours on the Colombia leg of the presidential trip. The day before in Caracas it was 16 hours.

Mrs. Kennedy gathered crowds of many thousands as she went to visit a charity children's hospital. Men, women and children, some of whom had waited for hours, turned out to catch a glimpse of her.

The crowds in Bogota shouted "Look! Look!" and "What a beauty!" as they caught sight of the 32-year-old First Lady of the United States in a gay yellow wool suit and matching straw hat.

She and the President shook hands with some 400 guests at an evening reception in their honor at San Carlos Palace, the historic 16th century residence of Colombia's President Alberto Lleras Camargo.

Mrs. Kennedy, who is fond of antiques, told Latin Americans she has long admired their culture.

Twice she used Spanish in public talks and won delighted applause.

LONG DELAY IN ANSWERING INVITATION

Q—We have some friends who almost always invite us to dinner at their house on their anniversary, and I in turn usually ask them to dinner at my house on our anniversary. When inviting them I always write well in advance but she never answers until a few days before the date to let me know whether or not they are coming. Last year they could not come and, as she did not let me know until the last minute, it was too late to make other plans for that evening. Would it be rude, when I write to invite them this year, to ask her to please let me know by a certain date if they are coming?

A—It shows a complete lack of consideration and is very rude to delay so long in answering an invitation. If you do not hear from her within a reasonable length of time, you will be justified in telephoning if she has received your invitation and whether or not they are coming because if not, you would like to accept an invitation you have received for that evening.

Adopting Their Foster Child

Q—Our foster child is soon to come up for adoption and "be the Good Lord willing" he will be ours after having had him three years. All our friends and relatives know him but not all know of the pending adoption. Would it be proper to send out announcements? He will be five years old next month.

A—It will be entirely proper to send out announcements reading:

Mr. and Mrs. Thomas Jones have the happiness to announce the adoption of their foster son John

A Cummerbund With a Tuxedo

Q—Is it mandatory that a cummerbund be worn with a tuxedo, or is it optional?

A—If the tuxedo jacket is double breasted, a cummerbund is unnecessary, but a cummerbund or a waistcoat must be worn with a single breasted jacket.

Boy Scout Troop 9 Sets New Mark At Court of Honor

Five Senior Scouts set a new mark in Troop 9 when they were advanced to Star Rank at a Parents Night and Court of Honor held Friday evening in the assembly room of the Evangelical Lutheran Church of the Redeemer.

Robert Baltz, William Bruce, Dennis Markle, Paul Huth, and Robert Villielm received their new badges at a special ceremony conducted by the troop leaders who also presented miniature Star pins to the boy's mothers.

Ceremony Held

A candlelight investiture ceremony was conducted by Scoutmaster William Daum and members of the troop for new Scouts Frederick and Randy Harris and Robet Moser, whose mothers received miniature tenderfoot pins.

Assistant Scoutmaster Richard Burns directed an impressive flag ceremony for the formal opening of the program.

Following the investiture, Harold Baltz, chairman of the troop committee, presened 16 merit badges to eight Senior Scouts as follows:

Awarded Merit Badges

Raymond Krom, "Home Repairs"; William Bruce, "Firemanship", Life Saving" and "Pioneering"; and to Robert Baltz, William Daum, Robert Elliott, Paul Huth, Dennis Markle, and Robert Villielm, both "Firemanship" and "Pioneering."

Service stars were also presented to Roger Wells for two years and William Bruce for three years.

Scoutmaster Daum announed that the investiture of the three new Scouts thus completed the troop's quota of six recruits for the annual Fall Roundup Award in the Rip Van Winkle Council.

A story, "The Christmas Scout" set the stage for the troop's annual contribution to the World Friendship Fund of the Boy Scouts of America to promote scouting brotherhood among the youth of all nations.

Program Follows

An informal program of stunts and games was followed by troop committee members leading the assemblage of parents and Scouts in singing Christmas carols with Paul Huth at the piano. Refreshments were served by the Mothers Club who also presented a Christmas gift to each member of the troop.

Coming events announced at the meeting include holiday activities for the Senior Scouts, a weekend at Camp Tri-Mount for the entire troop February 2, 3 and 4, participation in Kingston District Scout Week events, and the annual troop family dinner on Scout Sunday, Feb. 11.

We The Women

Just Baby the Big Man And Rate A-1 as Wife

If asked what makes a woman a good wife how many wives today would include in their carefully considered lists: "She should baby her husband?" Not many. Babying husbands, most would tell you, went out when women gained equality with men.

Yet in a recent poll where men were asked what makes a woman a good wife a lot of them mentioned that she ought to baby her husband a bit.

And since no wife is a good wife unless her husband thinks she is a good wife for him — maybe women ought to give this matter of babying a man a little thought.

Just what is babying a man? Nothing surely that is beneath any wife's dignity.

It's catering to a man's comfort, building up his ego, guarding his health, and trying to please him in small ways.

That's not too much for a wife to do to keep a man happy, is it? As the breadwinner for a family, a man should get a little special attention and consideration, shouldn't he?

And isn't it actually much more feminine for a wife to enjoy babying the man she loves than it is for her to worry about equality, or to insist on togetherness, or to put her children's demands always ahead of her husband's?

So no hoots of derision, please, for the big, strong men who want to be babied. Men ought to get something out of marriage besides being handed the monthly bills and an apron.

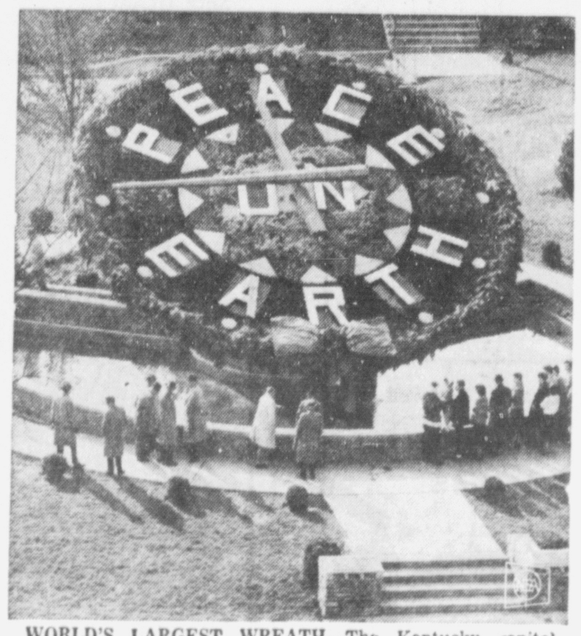
Rinschler at Watkinson

Roger Rinschler, a student at the Watkinson School, Hartford, Conn., will be spending the Christmas holidays at home with his parents, Mr. and Mrs. Charles Rinschler, 318 Main Street, Kingston.

Roger is in Form V (grade 11) at Watkinson. He is a member of the Intra-Mural Soccer Team and the Photo Club.

Watkinson is an independent college preparatory school for boys, accepting academically qualified day and boarding students from the seventh to 12th grades. The school dates back to 1862.

125 students are enrolled at Watkinson. The students stem from 30 Connecticut communities, four states, New York, Massachusetts, Colorado and Maryland and 2 foreign countries—the Republic of the Congo and Venezuela. 13 different religions are represented. There are 17 faculty members at the school, a ratio of approximately 7 boys to each faculty member.



WORLD'S LARGEST WREATH—The Kentucky capitol grounds at Frankfort resemble a huge Christmas card. The 34-foot diameter floral clock which usually bears the word "Kentucky" now is the world's largest wreath with the words "Peace on Earth." Since May the clock's wishing pool has yielded $2,000 for various child-care institutions.

The Mature Parent

BY MRS. MURIEL LAWRENCE

Pupils of PS 149 Give Priceless Boon to Fellows

Newspaper Enterprise Assn.

At PS 149, a junior high school in Brooklyn, N. Y., a fine thing goes on. Children are getting together to correct the results, not only of their parents' incapacity, but of our cities' deteriorating public school systems.

These are not the words used by Parents' magazine in its presentation of one of its annual Youth Achievement Awards to PS 149. They are my words.

Every day over in Brooklyn the children of PS 149 who can read the English language open a book like "Jane Eyre" or "Huckleberry Finn"—and from its pages read to other children for whom printed words are meaningless marks on paper.

For 70 per cent of their school's population is Puerto Rican or Negro, offspring of Spanish-speaking or illiterate Americans whose own reading disability disqualifies them from making a parent's basic contribution to a child's education: an appetite for books.

So, every day on time that your child claims for his own studies, the literate students of PS 149 serve their illiterate fellows as proxy parents.

The reading they do has stimulated such delight in books among the nonreaders that English teachers can scarcely cope with the learning hunger that has replaced the old boredom apathy.

This column is not written to compliment the creativeness of Melvin Deichman, the young social studies teacher who originated PS 149's educational experiment. He needs nobody's compliments, results being what they are. Nor is it written because I get mad at the demagoguery that shoves unprepared children through our antiquated big-city educational machinery in the name of "justice to all."

It is not written because I deplore modern methods for the teaching of reading as sentimentally evasive of the fact that learning to read is work.

It is written to hail PS 149 for proving that you can't teach a child to read unless he has tasted books, any more than you can lead a horse to water and make him drink unless he is thirsty.

If our schools have been driven to sentimentalize the teaching of reading to children, it is because parents of the children have failed to read to them before they were sent to school.

We have failed to give little boys and girls that appetite for reading that would enable them to work, to drill, to memorize dull phonetics as we are all willing to work and struggle for what has been made inviting, worth-while and meaningful to us.

Are you reading a story to your preschool youngster tonight?

Christmas Mails

WASHINGTON (AP)—The Post Office expects the largest single mail load in history today as the 1961 Christmas rush hits its peak.

The estimate, based on past experience, is that more than half a billion pieces of mail will flow into post offices during the day.

Post office figures show that Christmas mail already is up 2.8 per cent over last year.

Turnout Was Small

STOCKHOLM (AP) — The Eastman Philharmonia of Rochester, N.Y., was warmly welcomed by Swedish music critics in its two performances at Goteborg and Uppsala. But the turnout was small due to the public's preoccupation with Christmas preparations.

Conductor Howard Hanson, whose ancestors came from Sweden, was hailed for his technique and temperament.

The orchestra left today for Greece and then will go to the Soviet Union.

Blast Wrecks Church

SULPHUR SPRINGS, Ala. (AP) —An explosion demolished a rural church and killed a 10-year-old boy who had arrived early for Sunday school. The blast injured five others, including the boy's mother, a brother and a sister.

"There'd have been 75 inside if it had been 15 minutes later," said Russell Morgan, who lives beside the little church in this northeast Alabama community.

Morgan's nephew, David Morgan, was killed in the explosion, which occurred when the Sunday school superintendent, John Sizemore, tried to light a heater.

NEW YORK (AP)—Fred Waring and his Pennsylvanians, the musical aggregation of singers and musicians which has delighted audiences since the early years of television, will be back on TV after an absence of several years for a special Christmas Eve broadcast.

That is a pleasant prospect for Waring fans, but it is also highly ironic.

"Why haven't we been seen on TV recently?" Waring said. "I suppose I could give you some sort of a bland answer, but the truth is that we were dropped—rejected. Everybody told us we were finished.

"It's been hard to understand. We really were the ones who invented the spectaculars on TV—we did GE spectaculars for years, every Sunday night."

The irony, of course, is that with the phenomenal success of "Sing Along with Mitch," on NBC, television is going into another of its cyclic phases. All of a sudden Fred Waring and his Pennsylvanians are the subject of new interest.

If Waring's hour show on NBC Dec. 24 comes off with style, it may mean the beginning of a whole new TV career. But Waring, a veteran of 45 years in show business, is not likely to forget his recent experiences with people in the medium.

"It's not only that there aren't many real showmen in television —and there aren't," continued the music master. "There's something completely off balance about the whole thing. Quite frankly, I don't know whether there's enough money in television to support our kind of organization—the economics are unbalanced."

The show will consist of memorable old songs and, although Waring won't urge it, you can sing along if you've gotten the habit.

The weekend TV was mostly run of the mine.

The Ed Sullivan show Sunday night was notable for the joint appearance of Duke Ellington and Louis Armstrong making music. It was unforgettable for a rock 'n' roll version of "Jingle Bells" by Paul Anka, who deserves lumps of coal in his Christmas stocking for doing it.

NBC's Sunday Show of the Week was good, routine espionage stuff called "Trick or Treason." But let's face it, Monique Van Vooren is no Mata Hari—shucks, she isn't even a very good dramatic actress.

Recommended tonight: News special on President Kennedy's trip to South America, NBC, 8-8:30 (EST).

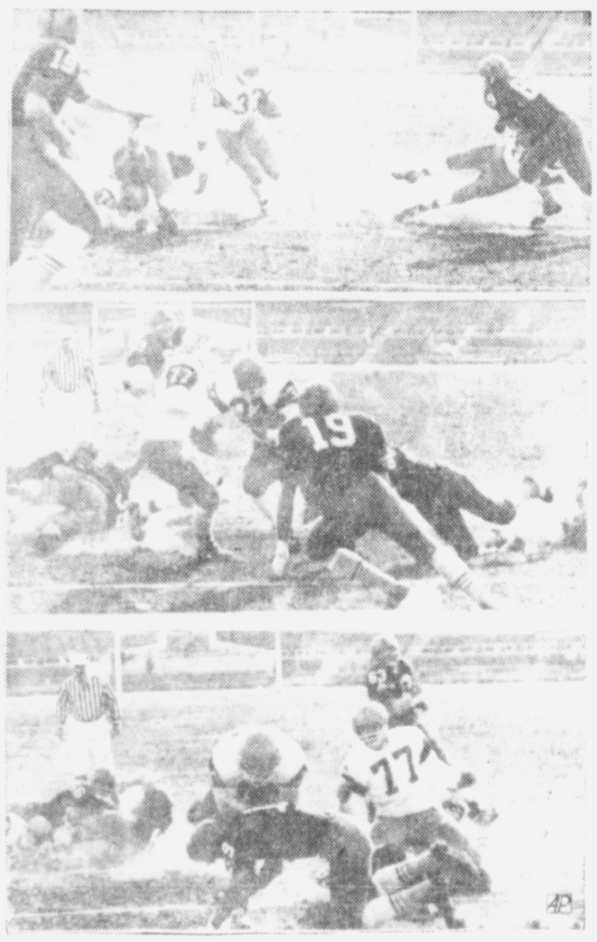
Jones Dairy Keglers Blast 3358 Series in Valley League



MIAMI SCORES AT LIBERTY BOWL—Miami's Jim Vollenweider (33) finds a big hole opened up for him, encounters some opposition and scores first period touchdown in Liberty Bowl game against Syracuse at Philadelphia. Miami players are Bill Watts (77), Stan Maluty (78). Syracuse players are John Snider (19) and Walt Sweeney (89). (AP Wirephoto).

One of the Highest In Loop History; Ferraro Has 726

Jack Ferraro dynamited a 726 blast to ignite a blistering 3358 triple for Jones Dairy as the Dairymen swept three games from the Middletown Merchants in a Hudson Valley match Saturday at the Bowlerama.

The defending champions socked games of 1178-1072-1108 for their gaudy triple. It's highest single and triple in the league this season and one of the highest in valley history. Rapp's Express blasted a 3414 several years ago and Jones Dairy had a 1238 single back in 1954. Previous marks this year were 3231 and 1136, both by the Dairymen.

Expands Margin

Ferraro, who won the individual honors during 1960-61 and went into this past week with a league leading average of 205.13, padded that margin with his big triple. He had consistent efforts of 252, 245 and 229.

The other team members were also in the groove. Chris Gallo, emerging from a long slump, rapped 216-219-246 for 681. John Ferraro opened with 279 and then hit 171 and 217 for 667. Larry Petesen stroked 198-255-196-649 and Buster Ferraro had 233-182-220 for 635. That makes 11 games of 15 rolled over the 200 mark. What bowling!

Second place Charles Ramsey fell four games off the pace by dropping three games to Monticello Raceway in a road match. The local side couldn't solve the lanes and managed only 2625 sticks with a 551 by Joe Ausanio being the top score. Jay Wheeler slammed 591 for the home team.

Three Brothers Egg Farms managed to win a game from Bowling Tine Inc. of Newburgh with a 583 triple by Charlie Manfro leading the third place club. George Chiaramonte led the Hilly City team with 207-223-191-621.

Miron Lumber lost three to Touponse of Glenham at the Bowlero, dropping the first game by only one pin. Dick Howarrd had 572 to lead the Lumbermen while Al Wood slammed 184-214-227-625 and Nick Catalano rapped 196-206-217-619 for Touponse.

Trailways, Bait Box Score Victories In Rec Cage Loop

Al Byrne's basket in the final 15 seconds of play gave Trailways Cafeteria a 54-52 verdict over Adolph's of Red Hook in the feature game of a Rec Cage League doubleheader last night at the Municipal Auditorium.

In the other tilt, Carroll's Bait Box won handily, 59-40, over Byrne Chevrolet.

Byrne, cage coach at Onteora Central and former Springfield college ace, tallied 10 points in the third period to enable the Trailways to overcome a 28-19 halftime deficit.

The teams battled on even terms the rest of the way before Al broke loose for his game winning bucket. He finished with 25 points to pace the winners. Ron Miller had 15 and Don Conn 10 for Red Hook.

Carroll's opened fast and had a 22-14 lead at the end of the first period. The winners weren't extended after that and it was 36-25 at halftime and 47-34 after three periods.

Lloyd, Tice, Andy Juhl and John Zatorski were in double figures for the Bait Box five. Bruce Wiederspiel topped the losers.

Ping Bodie, 74, Was Former Baseball Star

SAN FRANCISCO (AP) — Ping Bodie, 74, one of major league baseball's colorful characters four decades ago, died Sunday.

Bodie was an American League outfielder for nine seasons, with the Chicago White Sox 1911-1a, the Philadelphia Athletics in 1917, and the New York Yankees 1918-21. He was a roommate of Babe Ruth's while playing for the Yankees.

Bodie, a slugger of the dead ball era, was christened Francis Pezzalo. He derived his baseball name from the "ping" of his bat when it met the ball and a ghost mining town he once lived in, Bodie, Calif.

Bodie inspired Bugs Baer's line about an unsuccessful attempt to steal a base—"Ping had larceny in his heart, but his feet were honest"—and furnished material for Ring Lardner's famous baseball fiction series, "You Know Me, Al."

Key College Contests Slated to Be Played

By SHELDON SAKOWITZ
Associated Press Sports Writer

This could be a week of decision for a host of collegiate basketball powers as they put imposing records on the line in an effort to separate the men from the boys.

The ranks of the unbeaten definitely will dwindle with at least two games tonight and Tuesday involving undefeated teams. Several other games on the agenda tonight could produce a surprise or two.

Only one major tournament is scheduled this weekend—the Kentucky Invitational at Lexington. Kansas State, No. 8 in the preseason Associated Press poll, opposes Xavier of Ohio and Tennessee faces host Kentucky in the opening round Friday night.

An intersectional test tonight features a battle of unbeatens. Fifth-ranked Providence (5-0), winner of the postseason National Invitation Tourney last spring, visits DePaul (5-0).

Tuesday night St. Bonaventure (6-0) travels to Duquesne (5-0) in a clash between two teams that won tournaments this past weekend. The Bonnies edged Louisville 73-72 to win the Bluegrass Invitational at Louisville while Duquesne turned back Pittsburgh 75-70 in the Steel Bowl final at Pittsburgh.

Other Tourneys

Two other tournaments were played over the weekend. Tenth-ranked Seattle captured the City of Roses Tourney at Portland, Ore., with a 78-68 victory over St. Mary's and Auburn vanquished Virginia Tech 77-63 in the championship game of the Birmingham Classic.

Ohio State and Cincinnati, rated 1-2 nationally and each 5-0, are on the road tonight. Ohio State, a 92-72 victor over Chicago Loyola Saturday, meets St. Louis. Cincinnati, which posted its 27th straight triumph at the expense of Marshall 77-49 Saturday, faces Wichita, winner of six of seven starts.

An interesting attraction pits seventh-ranked Duke (6-1) at unbeaten West Virginia (6-0). Duke was knocked from the ranks of the undefeated Friday nifht by Duquesne in the opening round of the Steel Bowl.

Other attractive pairings tonight include New York University (5-0) at Notre Dame, Arizona State (5-0) at Indiana, San Francisco State at Utah State (6-0), Xavier of Ohio at Illinois (4-0) and Temple (5-0) at Kentucky.

Same Old Celtics

By THE ASSOCIATED PRESS

It's a pell-mell game they play in the National Basketball Association, but the one thing that's seemingly certain about the league is the superiority of the Boston Celtics and the Los Angeles Lakers.

Both won in Sunday night's two games. The Celtics ran their current victory string to nine by handing the New York Knickerbockers their eighth successive loss, 117-109, and Jerry West sparked the Lakers as they beat the Detroit Pistons 122-116.

Boston has won 23 of 26 games so far in its drive for a sixth straight Eastern title, and has a seven-game lead over Philadelphia. Los Angeles, after splitting two over the weekend, is 24-9 with a five-game edge on Cincinnati.

Six of the eight Celts who played against the Knicks scored in double figures, topped by Sam Jones' 30 points.

West spearheaded a final period rally against Detroit that won it for the Lakers, pumping in 21 points during the last quarter and finishing with 47, his personal high in two seasons as a pro.

Tigers Set Pace In Team Batting

BOSTON (AP)—The Detroit Tigers, who finished last in team batting with a .239 average in 1960, were the American League pace-setters last season, the official statistics released Sunday disclosed.

The Tigers hit a collective .2663 and edged the Cleveland Indians, who wound up at .2661. The Chicago White Sox were third with .265 followed by New York .263, Boston and Baltimore .254 each, Minnesota .250, Kansas City .247, Los Angeles .245 and Washington .241.

Detroit's cause was aided by first baseman Norm Cash. He increased his mark 75 points to capture the circuit's batting title with a .361 percentage. Cash shared honors with Roger Maris of the Yankees. Maris had 61 home runs, a record for one season, and also led in runs batted in with 142.

Al Kaline of Detroit was second in the batting competition at .324 and Jim Piersall, acquired by Washington from Cleveland last month, was third with .322. Only four other players among those eligible for the title with at least 502 total appearances wound up with averages of .300 or higher. They were Mickey Mantle, New York, .317; Earl Battey, Minnesota and Jim Gentile, Baltimore, .302 each and Tito Francona, Cleveland, .301.

Cash, a first baseman, had the most hits, 193, and Kaline, an outfielder had the most doubles, 41. Jake Wood, Detroit rookie, was the leader in triples with 14 while Luis Aparicio of the White Sox stole 53 bases to lead in that department for the sixth straight campaign.

Giants Win Eastern Title; To Meet Packers on Dec. 31

By DON WEISS
Associated Press Sports Writer

The New York Giants, rebuilt by trades, rookies and a first-year coach, are champions of the National Football League's Eastern Conference for the fourth time in six years and aiming at the title game against Green Bay's powerful Packers at Green Bay on Dec. 31.

It will be a replay of a regular season meeting at Milwaukee, Dec. 3, which the Packers won 20-17, but rookie coach Allie Sherman of New York thinks the result may be different.

"Green Bay is the best club we've played," Sherman said after the Giants wrapped up the title Sunday in a 7-7 tie with the Cleveland Browns at Yankee Stadium. "But we'll be better next time, both physically and mentally. We'll be loose from now on."

The Giants may shudder for a day or two before they "loosen up," regardless of what Sherman may think. Except for a flubbed pass by sure-handed Ray Renfro, the New Yorkers would instead be spending this week getting ready for a division playoff with the Philadelphia Eagles.

Eagles Score

The Eagles, needing a victory over Detroit and a New York loss to tie the Giants, did their part—beating the Lions 27-24 with 10 points in the last four minutes for a 10-4 record. But the Giants held them off by a half game at 10-3-1 because the Browns blew a sure victory over New York when Renfro dropped a 34-yard pass from Milt Plum on the Giants' 8-yard line with about three minutes to play.

New York, rebuilt with deals that brought Del Shofner, Y. A. Tittle, Joe Walton and Erich Barnes and the addition of rookies Greg Larson, Bobby Gaiters and Joel Wells, scored its only touchdown in the first period on Tittle's 7-yard pass to Wells. Cleveland got even when Plum hit Leon Clarke on a 38-yard pass play in third quarter. Thereafter, the tremendous punting of Don Chandler, the rugged Giant defense and Renfro's blunder kept the teams in a knot.

Green Bay 11-2 which clinched the Western Division title two weeks ago, closed out with a 24-17 triumph over Los Angeles; Washington snapped a 23-game winless streak, 34-24 over Dallas; St. Louis blanked Pittsburgh 20-0; and the Chicago Bears, with Billy Wade coming off the bench and passing for 355 yards and four touchdowns, whipped Minnesota 52-35 in other season closing games. Baltimore edged San Francisco 27-24 Saturday afternoon in their closer.

Sonny Jurgensen threw for three touchdowns and pushed his record passing yardage to 3,716 and his season TD total to 32. His passing also set up a 10-yard field goal by Bobby Walston, now the NFL career scoring leader with 833 points. That won it for the Eagles with 25 seconds remaining.

End Winless String

Dick James scored four touchdowns and rookie Norm Snead passed for one TL and scored another as Washington ended its winless string. Ironically, the Skins started their nosedive after beating Dallas on Oct. 9, 1960.

A 17-yard run by Elijah Pitts, who helped Tom Moore fill in for the absent Paul Hornung, won for Green Bay at Los Angeles and overcame two sparkling touchdowns by the Rams' Dick Bass. Bass raced 55 yards from scrimmage and 90 yards on a punt return to shove Los Angeles into the lead before the Packers came back on a 28-yard field goal by Ben Agajanian and Pitts' game-winning run.

In the other games: Sam Etcheverry passed for two touchdowns as the Cards wound up at 7-7 with their third straight victory; and Wade's passing enabled the Bears to overcome a quick 14-0 Minnesota lead.

Eastern AFL Champs

Houston Oilers Score Ninth Straight Win

Houston's Oilers have won nine in a row and are champions of the American Football League's Eastern Division.

Sunday's results indicated that they could pretty well count on making it 10 in a row before winding up the 1961 season.

San Diego's Chargers don't look like they will offer much resistance when the clubs clash at San Diego next Sunday for the league championship.

Houston ran over Oakland 47-16 in a record-making day and this was expected but when San Diego was beaten 41-0 by Boston it caused league officials to blanch.

San Diego sewed up the Western Division championship long ago but was beaten by Houston 33-13. Since then the Chargers have looked about like Houston did before it took stock of itself, brought in a new coach and started off on a nine-game winning streak.

San Diego had some injuries but the Chargers never complained about them when they were roaring through 11 straight games—before meeting Houston. Definitely there's something wrong with the really fine team of a month ago.

Houston's George Blanda and Billy Cannon led the record-smashing parade Sunday. Blanda threw for four touchdowns, giving him 36 scoring passes for the season. That bettered the league record of 34 set last year by Frank Tripucka of Denver.

Cannon ran for 145 yards to capture the league rushing title with 948 yards and better the record of 875 yards set by Abner Haynes of Dallas last year.

The Boston-San Diego game also produced a record when Gino Cappelletti of Boston scored 17 points and that was 24 better than the 1960 record of Gene Mingo of Denver.

Dallas beat New York 35-24 in the other game on Sunday's closing schedule and there was a record in it, too. Dave Grayson of Dallas ran a pass interception back 99 yards for a touchdown, which was 19 yards farther than the record set by Dave Webster of Dallas last year.

Cafeteria Five, Byrne Win 'Y' Winter Cage Contest

Accuracy at the foul line proved to be the difference Saturday night as the Trailways Cafeteria nipped Delanoy, 70-64, in a YMCA Winter Cage league contest.

The other game produced a lopsided 69-31 win for Byrne Chevrolet over Doran's.

Trailways had slim leads at the end of each quarter but Delanoy rallied in the final period to make the game close. The winners had 20 successful free throws against only 14 for the winners. They proved to be the winning margin.

Bill DuBois had 22 points and Bill Fitzgerald added 17 for the winners. Rick Broberg hopped 22 for the losing side.

Byrne didn't have to work up a sweat after the first half in its lopsided win over Doran's. The winners had 48 points in the third and fourth periods against only 14 for the losers.

Bruce Wiederspiel led the attack with 19 points and Fred Orr added 18. Bruce Fiore led Doran's with 13 markers.

Tuesday's schedule finds Ray's meeting Doran's at 7:15 and Dick's playing Rondout Valley at 8:15. On Wednesday, Hayes Lincoln-Mercury meets Accord at 7:15 and Yellow Jackets play Balotin at 8:15. The Saturday slate finds Delanoy playing Newkirk at 7:15 and Byrne meeting Trailways Cafeteria at 8:15.

St. Bonaventure Will Have Questions Answered Tuesday

By THE ASSOCIATED PRESS

How good are St. Bonaventure's Indians, winners of the Bluegrass Invitational Basketball Tournament: Is Miles Aiken a replacement for graduated All America Tom Stith?

The answers probably will come at the end of Tuesday night's St. Bonaventure-Duquesne battle at Pittsburgh.

The Bonnies had been discounted in the pre-season figuring because of a new coach, the graduation of Stith and the loss through illness of high-scoring Fred Crawford.

The team won the Blue Gass Invitational by nipping Louisville, 73-72, Saturday night after an opening round, 66-65, victory over Western Kentucky.

Aiken, named most valuable player for the tournament, scored 36 points in the final game, a record, and 58 in two games, another tournament record.

Duquesne, meanwhile, won the Steel Bowl Title at Pittsburgh by beating Pittsburgh, 73-70, in the final round after upsetting seventh-ranked Duke, 66-61, in the first round.

Results of other games Saturday that involved Upstate New York teams:

Cornell 71, Columbia 58; Canisius 88, San Francisco 69; Niagara 78, LaSalle 640 Union 77, Hamilton 67; Potsdam 73, New Paltz 67; RPI 55, Hartford 49; Harpur 62, Albany 58; LeMoyne 66, Scranton 53; Hartwick 67, Pace 58; Fredonia 84, Roberts Wesleyan 80; and Buffalo State 82, Detroit Tech 66.

The week's schedule is light, although it includes the Duquesne-St. Bonaventure clash and undefeated Cornell playing host to Rochester. Most teams are idle until post-Christmas tournaments.

The schedule:

Monday—Alfred at Long Island University.

Tuesday — Syracuse at Penn State; St. Bonaventure at Duquesne; Albany at Utica; Rochester at Cornell; Le Moyne at Oswego; Hartwick at Yeshiva; Alfred at Upsala.

Thursday—Pitt at Syracuse.

Friday—Oswego at Queens.

Saturday — Cornell at Illinois; Oswego at Danbury.

WANT-AD WONDERS Trade Mark

Young Girl Launched As Puppy Dog Sitter By Want Ad

Lillian Goldstein almost 8 years old wanted to do her share in helping family save money for a piano.
Lillian loves animals and takes care of the families two dogs — a dachshund and terrier. She had a brilliant idea and insisted that her father place this ad in The Tucson Citizen:

IF YOU were a baby dog how would you like to be left alone? Experienced puppy dog sitter Lillian Goldstein, age 7 years, phone CA 5-6678.

The ad paid off and Lillian is in business earning money for a piano

Liberty Contest MayBeDisbanded

PHILADELPHIA (AP) —Syracuse beat Miami 15-14 Saturday in a crackling good Liberty Bowl football game, but apparently even top-flight performance is no match for bad weather.

Ambrose (Bud) Dudley, head of the bowl association, said that unless he gets financial help the third game Saturday could have been the last.

Dudley suggested that business and industry buy blocks of tickets as a means of preserving the game in Philadelphia. He indicated there was a possibility he might promote the game elsewhere.

Only 15,712 showed up for Saturday's Syracuse-Miami game played in sub-freezing temperatures. Even with the $100,000 television money contributed by the National Broadcasting Co., Dudley and his associates will have to absorb a sizeable loss.

The game was everything a football fan could desire with Ernie Davis, Syracuse's All-America halfback, putting on a great show. The 210-pound workhorse carried the ball 30 times for 140 yards and scored one touchdown.

Toronto Skaters Near First Spot

By THE ASSOCIATED PRESS

Maybe it's about time to take seriously the words of Punch Imlach, the general manager and coach of the Toronto Maple Leafs.

Imlach, all along, has insisted that his Leafs will win the regular season National Hockey League championship and end the four-year domination of the Montreal Canadiens.

With veteran goalie Johnny Bower, the Vezina Trophy winner last season, back in the nets after an ankle injury had sidelined him, the Leafs swept a pair of games over the weekend. Toronto turned back the Bruins 4-1 in Boston Sunday night after defeating the New York Rangers 4-2 the night before.

In other games Sunday night, the Detroit Red Wings downed Montreal 3-1 and the Chicago Black Hawks whipped the Rangers by the same score.

The Leafs, in extending Boston's winless streak to eight games, moved to within one point of first-place Montreal.

Runaways Run In Hockey Loop

By THE ASSOCIATED PRESS

The runaways continued in the divisions of the American Hockey League Sunday night, with Springfield fattening its eastern lead to 11 points with a 5-1 romp over Buffalo, and Rochester going nine in front in the west after thumping Quebec 4-1.

Springfield got a three-goal performance from Bruce Cline in nailing its 20th victory against seven losses and two ties. Rochester kept Quebec's winless road record intact, while pushing its own recent streak to 12 victories and a tie in its last 16 games.

In the only other game played, goalie Ed Giacomin turned in his second shutout in a week as Providence stopped Cleveland 3-0. The victory, seventh for Providence in its last 10 games, pushed the Reds to within three points of Hershey, second place team in the east.

Griffith Risks Shot at Title

By THE ASSOCIATED PRESS

Emile Griffith is a fighter who likes to work at his trade. But this desire could prove to be costly for the recently dethroned welterweight champion.

The 23-year-old boxer-puncher risks a likely March title fight with champion Benny (Kid) Paret by taking on the once formidable Isaac Logart of Cuba at New York's St. Nicholas arena Saturday night.

A decisive defeat could dim Griffith's hopes of a third and rubber fight with Paret. Griffith, a Virgin Islands native now living in New York, won the crown from Paret on a knockout last April 1 and then lost it back on a disputed decision on Sept. 30.

Griffith has a 26-3 record including 10 kayos. He figures to be too strong for the 28-year-old Logart who has slipped considerably since he was the No. 1 contender.

Clarkson Heads for Garden Tournament

Undefeated Clarkson, after rolling over eight hockey foes, heads for the Madison Square Garden hockey tournament Thursday.

Clarkson won its eighth victory Saturday at the expense of the University of Montreal, 4-3.

Clarkson had peppered Montreal goalie Regent Beaudet and held a 3-0 lead going into the final period.

Montreal surged back but could not overtake the Clarkson skaters.

Beaudet stopped 46 shots during the game, while Clarkson's Wayne Gibbons blocked 14.

In other games involving Upstate New York College teams:

Cornell scored its first hockey victory over Yale in 50 years, 2-1, at Ithaca, Rensselaer Poly edged Boston College, 4-3, at Troy, and Williams battered Hamilton, 11-0, at Williamstown, Mass.

Quadruplets Get Stacks of Cards From Many Areas

HOLYOKE, Mass. (AP) —It's been Christmas every day for the Feyre family since the birth of their quadruplets 8½ months ago.

Letters and cards of congratulation for Mr. and Mrs. Raymond J. Feyre, parents of Holyoke's quads, still arrive daily from many parts of the world. The Feyres have six other children.

These messages bear wishes of joy at the rare quadruple birth, said to occur only once in every 750,000 births.

"You'd think that the quads would be all work," says Mrs. Feyre, 36, "but it's not like that. There is always something to laugh about and something new to talk about every day. It seems as though we've had Christmas all along."

The favorite toys of Robert, Maureen, Margaret, and James are discarded cereal boxes. But this week, they're tugging at the legs of two rubber reindeer.

Each quad will receive a small stuffed toy from the parents this Christmas. Mr. and Mrs. Feyre are planning an inexpensive yuletide for the babies and "one gift that they would really like" for the other six children in the family.

Glenerie Club Bridge Results

Mr. and Mrs. Robert Yallum posted an exceptionally high 65 per cent game to win first place on the North-South side of the Glenerie Bridge Club's Fractional point tournament. Miss Dorothy Maroon and Dr. Murray Fletcher paced the East-West with 56 per cent.

Runnersup on the North-South side were Mrs. Harold Rakov and Mrs. Charles W. Walton, Kingston, 52 per cent; Mrs. Naomi Van Gaasbeck, Kingston, and E. G. Port, Syracuse, 51 per cent.

Milton Dubin and Stanley Kaplan of Kingston were second with 50½ per cent on the East-West. There was a three way tie for third place at 50 per cent among the teams of Morton Honig-Paul Mezer; Mr. and Mrs. Edward De Temple and Richard Hulnick and Stanley Simon, all of Kingston.

Races Tighten In Cage League

By THE ASSOCIATED PRESS

The races are tightening in the American Basketball League, even in the Western Division where the Kansas City Steers looked uncatchable a couple days ago. In the East, Pittsburgh has pulled into a tie with Cleveland.

Kansas City, which had won nine in a row and 17 of 20, lost two weekend games, including a 100-96 decision Sunday night that enabled Pittsburgh to gain a share of the Eastern division lead. The second place Los Angeles Jets moved to within three games of the Steers with their fourth straight victory, a 115-103 decision over San Francisco.

The Seers-Rens game was the windup of a doubleheader at Pittsburgh. In the opener, Washington edged Cleveland 90-88 as Roger Kaiser scored 33 points.

In the league's other game, the Chicago Majors downed Hawaii 96-91 in Milwaukee.

Bluebonnet Bowl Will Make Money

HOUSTON (AP)—A final audit of the Bluebonnet Bowl's box office probably won't be finished for several weeks, but the bowl president said today he expects the figures to be black again.

Bob Abercrombie, president of the bowl association, said he anticipates a profit on Saturday's Rice-Kansas game. He said the three-year-old bowl has never lost money. Proceeds go to charity.

Kansas, a three-point underdog, put on a second half rush to stun Rice, 33-7, before 52,000 fans.

Kansas had a 6-3-1 record before the bowl game. Rice was 7-3 for the season.

Buffalo Tries Lure on Davis

BUFFALO, N.Y. (AP)—Reuben Pastor, president of Buffalo's American Hockey League Club, has offered football star Ernie Davis a job with his bottling company if Davis signs with the Buffalo Bills.

Pastor's weekend offer was one of the latest in the furious bidding between the National Football League Cleveland Browns and the American Football League Bills for Davis' services.

The Syracuse halfback and Heissman Trophy winner would get a public relations job with the bottling company, Pastor said.

Slippery Driving Cause of Mishaps Over the Weekend

Slippery conditions during the weekend snow resulted in several minor city mishaps, which did not warrant full report, but one on the Broadway hill Sunday brought injury, and two persons were reported hurt Saturday night in one attributed to a stuck gas pedal.

Police said a car which spun out of control in a skid on the Broadway hill at Stuyvesant Street early Sunday became involved with a truck and the latter hit a retaining wall.

John Edward McSpirit, 28, of 27 Washington Avenue was listed as driver of the car, and the truck, owned by the M-W Milk Transportation Corp. of Highland Mills, was operated by Ferris Paul Tomer, 28, of Hickory Street, Highland Falls.

Jean Kirstins, 26, of 29 East Pierpont Street, reported a head injury. Officers Meyer Levy and Francis Buchanan, who investigated, said the car was headed downhill and the truck was going up Broadway.

Two persons reported injuries after a car in which the gas pedal was reported stuck, hit the parked car of Dr. John Oliver, of 75 St. James Street, near 9 O'Neil Street Saturday night.

The moving car, police said, was owned and driven by Richard Nace, 18, of Clintondale. Reported injured were: Pat Cardinale, 15, of 88 Farrelly Street, bruised legs, and Anthony Secreto, 18, of 32 Broadway, head injury.

Dr. Olivet's car, the report said, was forced into a pole. Officer Louis Sapp investigated.

Another mishap, said to be due to skidding near 82 Abeel Street, was reported early Sunday night. Officers Harry Short and Bernard Bouton, who investigated, said a car driven by James J. Farrell, of Montgomery Street, Saugerties, skidded in snow and struck the parked car of Arthur Krom, of 57 South Manor Avenue.

OVERTURNS AT BRIDGE—This car, police claim, after striking a gas pump at the Buick garage, Main Street, ended like this at the entrance to the Esopus Creek bridge and the foot of the Washington Avenue viaduct early Saturday. Charged with leaving the scene of an accident and driving while intoxicated, Mrs. Franziska Gray, 35, of 238 Albany Avenue, is due for city court hearing Tuesday night. Mrs. Gray and Catherine Boughton, of 112 O'Neil Street, were injured and were helped from the car by occupants of another car which came up on the scene. At right directing traffic is Officer Frank Monte.
